Jordan, 2013-03-14 Children Adolescents and the Media Third Edition provides a comprehensive research oriented overview of how the media impact the lives of children and adolescents in modern society The approach is grounded in a developmental perspective focusing on how young people of different ages and levels of cognitive emotional and social development interact with the media Incorporating the most up to date research available Authors Victor C Strasburger Barbara J Wilson and Amy B Jordan target areas most controversial and at the heart of debates about the media and public health equipping students to approach the media as critical consumers

Teaching Literature to Adolescents Richard Beach, Deborah Appleman, Bob Fecho, Rob Simon, 2016-03-10 This popular textbook introduces prospective and practicing English teachers to current methods of teaching literature in middle and high school classrooms It underscores the value of providing students with a range of different critical approaches and tools for interpreting texts and the need to organize literature instruction around topics and issues of interest to them Throughout the textbook readers are encouraged to raise and explore inquiry based questions in response to authentic dilemmas and issues they face in the critical literature classroom New in this edition the text shows how these approaches to fostering responses to literature also work as rich tools to address the Common Core English Language Arts Standards Each chapter is organized around specific questions that English educators often hear in working with pre service teachers Suggested pedagogical methods are modelled by inviting readers to interact with the book through critical inquiry methods for responding to texts Readers are engaged in considering authentic dilemmas and issues facing literature teachers through inquiry based responses to authentic case narratives A Companion Website <http://teachingliterature.pbworks.com> provides resources and enrichment activities inviting teachers to consider important issues in the context of their current or future classrooms

Healthy Teens, Healthy Schools Vanessa Domine, 2015-05-21 Widespread obesity poor nutrition sleep deprivation and highly digital and sedentary lifestyles are just a few of the many challenges facing young people Although public schools in the United States have the potential for meeting these challenges on a mass scale they are slow to respond The emphasis on discrete subject areas and standardized

test performance offers little in the way of authentic learning and may in reality impede health Healthy Teens Healthy Schools How Media Literacy Education can Renew Education in the United States reframes health education as a complex terrain that resides within a larger ecosystem of historical social political and global economic forces It calls for a media literate pedagogy that empowers students to be critical consumers creative producers and responsible citizens This book illustrates holistic health education through school community initiatives and innovative partnerships that are successful in magnifying all curriculum subjects and their associated teaching practices Vanessa Domine offers teachers teacher educators school administrators community organizers public health professionals and policy makers with a transmedia and transdisciplinary educational approach to adolescent health to demonstrate how our collective focus on cultivating healthy teens will ultimately yield healthy schools **Family Life Education** Carol A. Darling, Dawn Cassidy, Sharon M.

Ballard, 2022-06-29 Contemporary family life educators operate within a wide range of settings and with increasingly varied populations and families In the fourth edition of Family Life Education Carol Darling and Dawn Cassidy are pleased to have Sharon Ballard join in the process of exposing readers to the diverse landscape of the field while laying a comprehensive research based and practical foundation for current and future family life educators The authors who are CFLE Certified consider the Certified Family Life Educator credential requirements of the National Council on Family Relations throughout the text Their broad overview of the field includes a brief history and discussion of family life education as an established profession New to this edition is the inclusion of several models that provide insight into the discipline and practice There is expanded information about working with diverse audiences and the skills needed to be a culturally competent family life educator The addition of the personal experiences and reflections of 17 family life educators working in a variety of settings provides a meaningful context to the continuing evolution and importance of family life education in society The authors incorporate theory research and practice while also providing guidelines for planning implementing and evaluating family life education programs Content on sexuality education relationship and marriage education and parenting education highlights some of the more prevalent trends and visible forms of family life education Comments from 35 international colleagues representing 27 countries and 6 continents facilitate understanding the role of family life education in various international settings The provision of interactive classroom exercises focuses on building awareness appreciation of diversity and global trends Discussion questions and activities encourage readers to examine issues and apply what they have learned

Doing Literary Criticism Tim Gillespie, 2024-11-01 One of the greatest challenges for English language arts teachers today is the call to engage students in more complex texts Tim Gillespie who has taught in public schools for almost four decades has found the lenses of literary criticism a powerful tool for helping students tackle challenging literary texts Tim breaks down the dense language of critical theory into clear lively and thorough explanations of many schools of critical thought reader response biographical historical psychological archetypal genre based moral philosophical feminist political formalist and postmodern Doing Literary Criticism gives each theory its own chapter with a brief teacher friendly overview and a history of the approach along with an in depth discussion of its benefits and limitations Each chapter also includes ideas for classroom practices and activities Using stories from his own English classes from alternative programs to advance placement and everything in between Tim provides a wealth of specific classroom tested suggestions for discussion essay and research paper topics recommended texts exam questions and more The accompanying CD offers abbreviated overviews of each theory designed to be used as classroom handouts examples of student work collections of quotes to stimulate discussion and writing an extended history of women writers and much more Ultimately Doing Literary Criticism offers teachers a rich set of materials and tools to help their students become more confident and able readers writers and critical thinkers

American Popular Culture Seymour Leventman, 2008-12-18 American pop culture is no longer merely popular It has penetrated to such deep lying cultural and social structures that persons dream and fantasize in pop cultural terms It is the new reality which increasingly measures all else in the social world The present volume consists of original essays written expressly for the 2005 Conference of the American Pop Culture Association They fall under three headings of the Association's lead History of Pop Culture contains papers of a distinct historical dimension pointing out that although pop culture may become an autonomous force it exists in a context of space and time The Teaching of Pop Culture is critical because American pop culture has become so ubiquitous classroom educators use it to present other unrelated materials e g from history economics politics and sociology Not even high culture such as Classic Literature is immune to pop culture treatment Utilizing classic literature performs a double function of popularizing high culture while also paying homage to it The authors of these papers are research scholars and academic teachers who have spent their careers communicating to students with great skill and dedication the great ideas and concepts of popular as well

as unpopular culture The book contains important insights into that complexr maddening phenomenon American popular culture Scholars educators and general non fiction readers will find much enlightening material Most people associate pop culture with movies music and TV shows Yet this volume suggests that in modern society pop culture ultimately absorbs almost every facet of the collective life as to become generic and ever present Literature for example whether American Japanese or Italian may lose their cultural distinctiveness and writers may forget their bibliographic ties A literary agent defending her client on charges of alleged plagiarism commented As a former teenager myself I recall that spongelike ability to take popular culture and incorporate it into your own lexicon As this volume implies pop culture has both uplifting and downgrading possibilities Levantman has assembled a varied and fascinating collection of original and imaginative investigations into the pop culture every American knows and loves or hates It s exciting reading and covers all the bases Howard Becker Author of Art Worlds and Outsiders

Student Engagement in the Language Classroom Phil Hiver, Ali H. Al-Hoorie, Sarah Mercer, 2020-12-02 This book defines engagement for the field of language learning and contextualizes it within existing work on the psychology of language learning and teaching Chapters address broad substantive questions concerned with what engagement is or looks like and how it can be theorized for the language classroom methodological questions related to the design measurement and analysis of engagement in language classrooms and beyond as well as applied issues examining its antecedents factors inhibiting and enhancing it and conditions fostering the re engagement of language learners who have become disengaged Through a mix of conceptual and empirical chapters the book explores similarities and differences between motivation and engagement and addresses questions of whether how and why learners actually do exert effort allocate attention participate and become involved in tangible language learning and use It will serve as an authoritative benchmark for future theoretical and empirical research into engagement within the classroom and beyond and will be of interest to anyone wishing to understand the unique insights and contributions the topic of engagement can make to language learning and teaching
