**The Oxford Handbook of Christian Monasticism** Bernice M. Kaczynski, 2020-09-29 The Handbook takes as its subject the complex phenomenon of Christian monasticism It addresses for the first time in one volume the multiple strands of Christian monastic practice Forty four essays consider historical and thematic aspects of the Catholic Eastern Orthodox Oriental Orthodox Protestant and Anglican traditions as well as contemporary new monasticism The essays in the book span a period of nearly two thousand years from late ancient times through the medieval and early modern eras on to the present

day Taken together they offer not a narrative survey but rather a map of the vast terrain The intention of the Handbook is to provide a balance of some essential historical coverage with a representative sample of current thinking on monasticism It presents the work of both academic and monastic authors and the essays are best understood as a series of loosely linked episodes forming a long chain of enquiry and allowing for various points of view The authors are a diverse and international group who bring a wide range of critical perspectives to bear on pertinent themes and issues They indicate developing trends in their areas of specialisation The individual contributions and the volume as a whole set out an agenda for the future direction of monastic studies In today's world where there is increasing interest in all world monasticisms where scholars are adopting more capacious global approaches to their investigations and where monks and nuns are casting a fresh eye on their ancient traditions this publication is especially timely

**The Christian Liturgical Papyri: An Introduction** Ágnes T. Mihálykó, 2019-06-18 Liturgical papyri are prime witnesses to the history of liturgy and the religious and theological currents in late antique Egypt These items from the third to ninth century preserve hundreds of Greek and Coptic hymns prayers and acclamations most otherwise unknown but some still recited by the Coptic Church Agnes T Mihalyko offers the first extensive introduction to the liturgical papyri facilitating the reader's access to them with a detailed inventory of edited manuscripts and an extensive discussion of their date and provenance She also examines liturgical papyri as the first preserved liturgical manuscripts describing their material features the ways they were used the early history of the liturgical books and their languages She reveals how liturgical texts were written down and transmitted and locates these important manuscripts in the book culture of late antique Egypt

**The Divine Office in Anglo-Saxon England, 597-c.1000** Jesse D. Billett, 2014 When did Anglo Saxon monks begin to recite the daily hours of prayer the Divine Office according to the liturgical pattern prescribed in the Rule of St Benedict Going beyond the simplistic assumptions of previous scholarship this book reveals that the early Anglo Saxon Church followed a non Benedictine Office tradition inherited from the Roman missionaries the Benedictine Office arrived only when tenth century monastic reformers such as Dunstan and thelwold decided that true monks should not use the same Office liturgy as secular clerics a decision influenced by eighth and ninth century Frankish reforms The author explains for the first time how this reduced liturgical diversity in the Western Church to a basic choice between secular and monastic forms of the Divine Office he also uses previously unedited manuscript fragments to illustrate the differing attitudes and Continental connections of the English Benedictine reformer and to show that survivals of the early Anglo Saxon liturgy may be identifiable in later medieval sources
