Parascientific Revolutions Derek Lee, 2025-08-19 Unraveling the hidden influence of the paranormal on science literature and belief Telepathy clairvoyance precognition and telekinesis these attributes of the paranormal mind are widely dismissed as nonsense but what can an exploration of such pseudoscientific phenomena tell us about accepted scientific and cultural thought In Parascientific Revolutions Derek Lee traces the evolution of psi epistemologies across the twentieth and twenty first centuries to uncover how these ideas have migrated into scientific fields such as quantum physics and neurology as well as diverse literary genres including science fiction ethnic literature and even government training manuals Lee introduces the groundbreaking concept of parascience a dynamic cultural space where ideas rejected by the scientific establishment blend with alternative strains of literary mythic and philosophical thought to regenerate and return to mainstream discourse From early modernist works by James Joyce to postwar speculative fiction by Philip K Dick to ethnofuturist narratives by Ruth Ozeki Parascientific Revolutions demonstrates how cultural and intellectual currents reshape paranormal ideas over time Examining psychic surveillance programs like Project Stargate and bizarre particles of extrasensory perception such as the psitron Lee illustrates the ways paranormal concepts persist and evolve to influence culture Presenting pseudoscience as an inevitable by product of the scientific process Parascientific Revolutions offers fresh insight into how the paranormal mind continually challenges our understanding of knowledge and belief It invites readers to reconsider the boundaries between science and the unknown revealing a world where speculative thought and empirical investigation are deeply intertwined Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions **Penetration** Ingo Swann, 2018-09-02 Ingo Swann renowned psi researcher reveals a long held secret series of experiences with a deep black agency whose apparent charter was simple UFOs and extraterrestrials on the moon and worries about ET telepathic mind control powers The agency was so secret that it had no paper trail and hence no written secrecy agreements Only the verbal ones which in Ingo's case expired several years ago

Now in this era of burgeoning UFO glasnost he tells a story of meetings held in a secret underground facility not far from Washington DC and of being taken to a remote location near the Arctic Circle to witness the expected arrival of a huge UFO over the surface of an Alaskan lake This book discusses undeveloped human telepathy and contrasts it with the probable existence of fully developed alien telepathy which may have many different forms Ingo also explores the fact that we officially know far more than we re admitting about the Moon its origins its atmosphere its occupants and many other unusual features Penetration is about one of the means by which we can learn more about those not of this earth and vice versa telepathy Do we have the means to answer some very important questions that many have been asking for quite a long time Inside this book are the answers to some

PARAPSYCHOLOGY TRENDING TOWARDS CAUSAL RESEARCH NARESH KUMAR, Secrets of Power, Volume II Ingo Swann, 2018-09-02 Most books about power only deal with the societal formula of the few having power over the enormously larger powerless masses and which is mistaken as the so called natural order of power But it is not well understood that this formula also requires social conditioning measures aimed at perpetuating the continuing depowerment of the powerless so that the powerful CAN have power over them This in turn requires the societal suppression and secretizing of all knowledge about the superlative human powers known to exist in individuals of the human species but which are socially forced into latency in most It is broadly understood that power and secrecy go together but the scope of the web of secrets surrounding the larger nature of human power s is surprising As discussed in this Volume I of SECRETS OF POWER empowerment is difficult if the larger panorama of societal power and depowerment are not more full understood

Most Secret Weapons of Nations Remote Viewed Kiwi Joe, 2023-10-01 Not even during the Cuban Missile Crisis of October 1962 has the threat of a civilization-ending thermonuclear war loomed as large as it does at present. The author, a seasoned remote viewer, presents evidence the major powers have quietly shifted towards alternative strategies to win the game of global dominance. This is the revised second edition of the fourth installment in Kiwi Joe's *Remote Viewed* series in which he unveils some of these hidden weapons with startling clarity. Over six years from 2012 to 2018, Kiwi Joe uncovered an array of fascinating and alarming weapon systems in development. These include Earthquake machines, directed weather bombs, space-based directed energy, and kinetic energy platforms. Nanotechnology that's globally distributed. A look at the development of top secret weapons for ten major economies reveals nine of the weapons remain under wraps with at least two hidden in plain sight. One inescapable conclusion to be drawn from the remote viewing data is that our entire planet has been transformed into a global battlefield where conventional wars and visible armies are no longer the main instruments of conflict. Another shocking conclusion the author reaches is that much of this technology targets not only military but also environmental and civilian structures including the wider population. The book is richly illustrated with original sketches from Kiwi Joe's remote viewing sessions offering a unique visual perspective into the secretive world of modern warfare. Kiwi Joe applies his expertise in remote viewing, a skill with origins in psychic espionage and the pioneering research conducted by the Defense Intelligence Agency (DIA) and the Stanford Research Institute (SRI) in the 1970s. The information revealed in this book demonstrates how innate ESP abilities present at some level in the majority of us can open our eyes to the occulted reality of the world we live in and that is shaping our era. Brace yourself for a revelation, a glimpse into some of what was concealed and is now exposed by remote viewing.
