Agency W. Jeremy Jones, 2025-05-15 This book explores John Webster's contribution to one of the most important and contested topics in Christian theology the relationship between divine and human agency By examining the theme of moral ontology in Webster's constructive dogmatics this work sheds light on his contribution to this crucial subject Jones achieves this through close study of Webster's texts ranging from his early middle and late periods He reveals that Webster's moral ontology is not only a major theme in his thought but is among his most significant contributions to contemporary systematic and moral theology As the first book length study of a central theme in Webster's ethics this text will be of interest to Webster scholars and those teaching courses in late modern systematic theology and theological ethics *The Doctrine of*

God and the Crisis of Modernity Jared Michelson, 2025-05-15 In this incisive work Michelson traces contemporary debates on the doctrine of God back in time to the philosophical critiques of Hume and Kant Schleiermacher and Barth each offered accounts of the doctrine of God This book offers a critical evaluation of these accounts and demonstrates how they were responding to early modern critiques of the possibility of knowing God Michelson also leverages Charnock's account constructively to demonstrate how this earlier writer has the theological resources to tackle those same critiques Not content to stop there Michelson also highlights how these critics built their arguments on faulty interpretations of classical theological tradition In doing so this book carves out a provocative constructive path forward for contemporary theological reflection on the doctrine of God **T&T Clark Reader in John Webster**

Michael Allen, 2020-10-15 This Reader charts John Webster's theology from its earliest development guiding the reader through selective essays that represent his corpus It is an excellent introduction to the breadth of his writings which teaches students how to engage with his particular mode

of theological argument T T Clark Reader in John Webster starts with a biographical chronological and topical survey of Webster s theological development It notes his shifting conversation partners and his abiding theological principles The editor places the essays in context with short introductions as well as editorial footnotes clarifying key terms historical or exegetical arguments or polemical emphases This is an essential introduction to Webster s work and his impact on classical and contemporary theology

The Church's Book Brad East,2022-04-26 What role do varied understandings of the church play in the doctrine and interpretation of Scripture In The Church s Book Brad East explores recent accounts of the Bible and its exegesis in modern theology and traces the differences made by divergent and sometimes opposed theological accounts of the church Surveying first the work of Karl Barth then that of John Webster Robert Jenson and John Howard Yoder following an excursus on interpreting Yoder s work in light of his abuse East delineates the distinct understandings of Scripture embedded in the different traditions that these notable scholars represent In doing so he offers new insight into the current impasse between Christians in their understandings of Scripture one determined far less by hermeneutical approaches than by ecclesiological disagreements East s study is especially significant amid the current prominence of the theological interpretation of Scripture which broadly assumes that the Bible ought to be read in a way that foregrounds confessional convictions and interests As East discusses in the introduction to his book that approach to Scripture cannot be separated from questions of ecclesiology in other words how we interpret the Bible theologically is dependent upon the context in which we interpret it

Renovatio Phil Anderas,2019-06-17 Much mainstream Luther scholarship and Lutheran theology holds that Martin Luther downplayed denied derided or just plain ignored the holiness without which no one shall see the Lord Heb 12 14 Phil Anderas advances a revisionist thesis from the first inklings of his Augustinian turn c 1514 to his death in 1546 Luther held and taught a robust theology of progressive renewal in holiness carefully calibrated to the sober reality of residual sin and the astonishing gospel of grace in Jesus Christ As it is set forth in the works that embody Luther s most considered judgments c 1535 46 this gospel centered and irreducibly trinitarian dogmatics of real renewal in holiness is Augustinian and evangelical in equal parts As such it commands the regard of theologians who stand in the tradition of the Church s doctor gratiae The argument proceeds in three steps first an exposition of the mature Luther s dogmatics of sin grace and holiness second an investigation of the roots of this dogmatics in the theology of the 420s Augustine with whom a younger Luther was busily engaged c 1514 16 third an account of the continuities and discontinuities that characterize the development of Luther s theology from its embryonic state in the mid 1510s through the breakthroughs of the 1518 21 period to the settled position of the old Doctor

Reading Scripture as the Church Derek W. Taylor, 2020-09-22 The Bible is meant to be read in the church by the church as the church Following the example of Dietrich Bonhoeffer Derek Taylor argues that we should regard the reading of Scripture as an inherently communal exercise of discipleship In conversation with other theologians Taylor shares how this approach to Scripture can engender a

faithful hermeneutical community Translation Technique and Literary Structures in Greek Isaiah 13:1-14:23 Matthew J. Albanese, 2025-10-04 Matthew J Albanese explores the translation techniques behind the Greek version of Isaiah 13 1 14 23 offering fresh insights into how the translator rendered the Hebrew text Through a detailed analysis of style structure and linguistic choices this book reveals how the translator s decisions were deeply rooted in the Hebrew text shedding new light on the artistry of biblical interpretation and translation in ancient Judaism The work also examines how certain divergences and shifts in Hebrew to Greek clause structure semantics and lexical misunderstanding influenced the formation of Greek Isaiah The work advances Greek Isaiah research by highlighting the translator s awareness and appropriation of features from larger thematic and structural portions of Hebrew Isaiah 13 1 14 23 **Revelation and Reason in Christian**

Theology Christopher C. Green, David I. Starling, 2018-07-11 Do revelation and reason contradict Throughout the church s history Christians have been tempted to make revelation and reason mutually exclusive But both are essential to a true understanding of the faith The inaugural Theology Connect conference held in Sydney in July 2016 was dedicated to surveying the intersection of revelation and reason In *Revelation and Reason in Christian Theology* Christopher C Green and David I Starling draw together the fruit of this conference to provoke sustained deep reflection on this relationship The essays filtered through epistemological biblical historical and dogmatic lenses critically and constructively contribute to this important and developing aspect of theology Each essayist approaches revelation and reason according to the psalmist s words In your light we see light Ps 36 9 The light of faith does not obscure truth rather it enables us to see truth

Architectures of Grace in Pastoral Care Douglas B. Olds, 2023-05-23 An updating of virtue ethics for modern pastors and the souls they care for this book proposes innovations for the craft of ministry in the theology of grace how virtues radiate to tame strife and other destructive behaviors It presents a comprehensive alternative to the top down proclamations of biblical counseling approaches that try to impart from an eclectic biblicist lens cognitive authorities for consequential change Instead Christ s bottom up practice of virtues heals and fulfills by focusing on neighbor first and subordinating the ego s strategic considerations more graciously spreading God s will in ministry through participatory and experiential knowledge Virtuous pastoral ministries integrate the common grace of humanist learning to address the range of the care seeker s contemporary context her upbringing struggles and affiliations This book presents more the how than the what of pastoral theology more how the dance of mutuality and chivalry enters the spiritual flow of healing metaphysical grace than the what of right belief Even so pastoral care from the virtue ethical approach inevitably reconsiders vending machine theologies destructive doctrinal boundaries and context lite biblicisms This presentation introduces how virtue ethics apply to ministry the household individual trauma and addictions and the contemporary political and cultural arena *Lord Jesus Christ* Daniel Treier, 2023-10-31 A study of the doctrine of Christ that is biblical and historical evangelical and ecumenical conceptually clear and contextually relevant *Lord Jesus Christ* expounds the doctrine of Christ by focusing upon theological interpretation

of Scripture regarding Jesus's identity. The book's structure traces a Christological arc from the eternal communion of the Triune God through creation, covenants, Incarnation, passion, and exaltation all the way to the consummation of redemptive history. This arc identifies Jesus as the divine Lord who assumed human flesh for our salvation. The book expounds and defends a classically Reformed Christology in relation to contemporary contexts and challenges engaging both philosophical and global concerns. Each chapter begins with the theological interpretation of a key Scripture text before expounding key concepts of orthodox Protestant Christology. Lord Jesus Christ is a unique example of writing dogmatic theology by way of theological exegesis. The result is a volume that engages the numerous scholarly volumes on Christology that have appeared within the last couple of decades but provides a contemporary account of a traditional view.

About the Series: *New Studies in Dogmatics* seeks to retrieve the riches of Christian doctrine for the sake of contemporary theological renewal. Following in the tradition of G. C. Berkouwer's *Studies in Dogmatics*, this series will provide thoughtful, concise, and readable treatments of major theological topics, expressing the biblical, creedal, and confessional shape of Christian doctrine for a contemporary evangelical audience. The editors and contributors share a common conviction that the way forward in constructive systematic theology lies in building upon the foundations laid in the church's historic understanding of the Word of God as professed in its creeds, councils, and confessions, and by its most trusted teachers.

Designed for the pastor and Bible teacher, the *Zondervan Exegetical Commentary on the Old Testament* features today's top Old Testament scholars and brings together commentary features rarely gathered together in one volume. With careful discourse analysis and interpretation of the Hebrew text, the authors trace the flow of argument in each Old Testament book, showing that how a biblical author says something is just as important as what they say. Commentary on each passage follows a clear structure to help readers grasp the flow and meaning of the text:

- The Main Idea of the Passage:** A one or two sentence summary of the key ideas the biblical author seeks to communicate.
- Literary Context:** A brief discussion of the relationship of the specific text to the book as a whole and to its place within the broader argument.
- Translation and Exegetical Outline:** Commentators provide their own translations of each text, formatted to highlight its discourse structure and accompanied by a coherent outline that reflects the flow and argument of the text.
- Structure and Literary Form:** An overview of the literary structure and rhetorical style adopted by the biblical author, highlighting how these features contribute to the communication of the main idea of the passage.
- Explanation of the Text:** A detailed commentary on the passage, paying particular attention to how the biblical authors select and arrange their materials and how they work with words, phrases, and syntax to communicate their messages.
- Canonical and Practical Significance:** The commentary on each unit will conclude by building bridges between the world of the biblical author and other biblical authors and with reflections on the contribution made by this unit to the development of broader issues in biblical theology, particularly on how later Old Testament and New Testament authors have adapted and reused the motifs in question. The discussion also includes brief reflections on the

significance of the message of the passage for readers today The Zondervan Exegetical Commentary on the Old Testament series is the go to resource for pastors and Bible teachers looking for deep but accessible study that equips them to connect the needs of Christians today with the biblical text **The Index ...
