Freedom with a Guide Dog , **Guide Dogs, Australia** Guide Dogs for the Blind Associations of Australia. National Council, J. K. Holdsworth, 1958 *Dogs That Know When Their Owners Are Coming Home* Rupert Sheldrake, 2011-04-26 With a scientist's mind and an animal lover's compassion world renowned biologist Rupert Sheldrake presents a groundbreaking exploration of animal behavior that will profoundly change the way we think about animals and ourselves How do cats know when it's time to go to the vet even before the cat carrier comes out How do dogs know when their owners are returning home at unexpected times How can horses find their way back to the stable over completely unfamiliar terrain After five years of extensive research involving thousands of people who have pets and work with animals Dr Sheldrake proves conclusively what many pet owners already know there is a strong connection between humans and animals that defies present day scientific understanding Sheldrake compellingly demonstrates that we and our pets are social animals linked together by invisible bonds connecting animals to each other to their owners and to their homes in powerful ways His provocative ideas about these social or morphic fields explain the uncanny behavior often observed in pets and help provide an explanation for amazing animal behavior in the wild such as migration and homing *Dogs That Know When Their Owners Are Coming Home* not only provides fascinating insight into animal and human behavior but also teaches us to question the boundaries of conventional scientific thought and shows that the very animals who are closest to us have much to teach us about biology nature and consciousness **Working Dogs: Form and Function, Volume II** Cynthia M. Otto, Nathaniel James Hall, Wendy Irene Baltzer, 2021-09-29 999 and other working dogs , Exploring non-human work in tourism Jillian M. Rickly, Carol Kline, 2021-02-22 Critical animal studies is increasingly interfacing with tourism research in an effort to shed light on the various ways animals are incorporated into touristic experience *Exploring non human work in tourism* From beasts of burden to animal ambassadors builds upon the theoretical connections of animal ethics agency and welfare as it foregrounds specifically the work that animals perform in the industry While some types of animal labor are more readily identified readers of this volume may be surprised by how many forms of animal labor are overlooked Taking a widely international perspective with cases from the Arctic China Costa Rica China Finland Greece Mexico New Zealand and the United Kingdom this volume offers readers diverse scenarios of animals working The book is arranged along three themes of work Performative work focuses on the animals whose performances are front and center of tourists motivations and experiences Value added work turns attention to the co working relationships of animals while the political work of animals as ambassadors and icons is examined within the chapters on hidden labor Additionally the book makes theoretical considerations of the implications of positioning animals as workers and offers reflections on ways this focus on working animals extends current scholarship in the field *Working Dogs: Form and Function, 2nd Edition* Cynthia M.
