*BATES' Guide to Physical Examination and History Taking* Uzma Firdaus, 2020-04-01 Bates Guide to Physical Examination and History Taking is designed for undergraduate and postgraduate students in medicine and allied specialties

*Handbook of Research on Shifting Paradigms of Disabilities in the Schooling System* Maapola-Thobejane, Hlabathi Rebecca, Maguvhe, Mbulaheni Obert, 2023-10-16 Children living with disabilities face hardships of many kinds that make it impossible for them to access quality education in the same way as their peers in the schooling system All children are entitled to quality education and a supportive school environment that allows them to develop to their full potential irrespective of their disabilities However different factors make it difficult for many learners who live with disabilities to access participate and succeed in the schooling system The Handbook of Research on Shifting Paradigms of Disabilities in the Schooling System focuses on the global trends in education that require the total eradication of every form of impediment in the process of accessing quality education and lifelong learning for people living with disabilities Rooted in the philosophy of equal rights human dignity and social justice access to quality education for all has led to the current drive for inclusive education Covering topics such as inclusive schooling systems visual impairments and emotional disabilities this major reference work is an essential resource for students and faculty of higher education administrators of both K 12 and higher education government officials policymakers non profit organizations researchers and academicians New Paradigms in Ergonomics Neville A. Stanton, Paul M. Salmon, Guy Walker, 2020-04-28 The systems in which we work continue to evolve creating emergent problems and often strengthening intractable issues In order to remain relevant and impactful the discipline of ergonomics needs its paradigms to evolve too The aim of this book is to provide researchers and practitioners with new paradigms in the form of ideas concepts theories methods practices and values The chapters take the reader on a journey through underlying theories new ways to apply those theories and emerging domains in which ergonomics is expected to play a greater role Readers of this book will be inspired by these new paradigms in ergonomics and seek to push the boundaries even further The lifeblood of the science depends on continual evolution and developments to take on the challenges we face in complex sociotechnical systems design and evaluation Perhaps the most significant take home message from this book is the demonstration of how theory maps onto practice As such the only remaining paradigm shift is for these ideas concepts methods and practices to be taken up more widely and the discipline advanced until the next paradigm shift occurs The chapters were originally published as a special issue in the journal Ergonomics Manual of Singing Voice Rehabilitation Leda Searce, 2016-04-18 Manual of Singing Voice Rehabilitation A Practical Approach to Vocal Health and Wellness provides speech language pathologists and singing teachers with the tools to lay the foundation for working with singers who have voice injuries Singing voice rehabilitation is a hybrid profession that represents a very specific amalgam of voice pedagogy voice pathology and voice science Becoming a singing voice rehabilitation specialist requires in depth

training and thorough preparation across these fields This text presents a conceptual and practical basis for interacting with singers in an effective and supportive way identifying factors to address structuring singing voice rehabilitation sessions and ensuring that singers are getting adequate exercise while allowing their injuries to heal as well as resources and materials to provide to singers to optimize the outcome of their rehabilitation Each chapter exposes readers to important concepts of singing voice rehabilitation and the elements that need to be addressed in the singing voice rehabilitation process which include medical factors emotional factors vocal hygiene vocal pacing and vocal coordination and conditioning This text contains information for developing exercises and interventions to target specific vocal problems and guidance in customizing vocal exercises based on injury singing style skill level professional level and the particular vocal demands of each singer Key features include Rehabilitation and therapy exercises Clinical case studies to illustrate real life examples and practical application While the intended audience for this book is speech language pathologists and teachers of singing who are accomplished performers experienced pedagogues and clinically and scientifically well informed there is information herein that will be of value to all singers physicians interested in learning more about the behavioral side of singing voice rehabilitation nonsinging speech language pathologists or anyone seeking knowledge about singing health including music educators music therapists conductors vocal coaches worship leaders or music directors Disclaimer Please note that ancillary content such documents audio and video may not be included as published in the original print version of this book

**Project Management of Large Software-Intensive Systems** Marvin Gechman,2019-03-11 The book describes how to manage and successfully deliver large complex and expensive systems that can be composed of millions of line of software code being developed by numerous groups throughout the globe that interface with many hardware items being developed by geographically dispersed companies where the system also includes people policies constraints regulations and a myriad of other factors It focuses on how to seamlessly integrate systems satisfy the customer s requirements and deliver within the budget and on time The guide is essentially a shopping list of all the activities that could be conducted with tailoring guidelines to meet the needs of each project *Parenting Plan Evaluations* Leslie Drozd,Michael Saini,Nancy Olesen,2016

*Parenting Plan Evaluations* has become the go to source for the most current empirical evidence in the field of child custody disputes Fully updated in this Second Edition the volume continues its focus on translating and implementing research associated with the most important topics within the family court It presents an organized and in depth analysis of the latest research and offers specific recommendations for applying these findings to the issues in child custody disputes **Social**

**Work Practice With Older Adults** Jill M. Chonody,Barbra Teater,2017-11-08 Social Work Practice With Older Adults by Jill Chonody and Barbra Teater presents a contemporary framework based on the World Health Organization s active aging policy that allows forward thinking students to focus on client strengths and resources when working with the elderly The Actively Aging framework takes into account health social behavioral economic and personal factors as they relate to aging

but also explores environmental issues which aligns with the new educational standards put forth by the Council on Social Work Education Covering micro mezzo and macro practice domains the text examines all aspects of working with aging populations from assessment through termination

**The Future (R)Evolution of the Office Workspace** Claus Sneppen, 2025-03-21 The redefined meaning of the office workplace for knowledge workers that is currently taking place impacts all workplace actors to different extents There is no exact formula or framework for a successful hybrid working life thus society cannot anticipate the future of the hybrid office workplaces and work life will look like for office work This means that workplaces need to continuously alter and evolved their workplace models This book provides workers and managers with a nuanced understanding of the changes that have been realized are nearing realization or will drive the transformation of the hybrid workplace going forward It offers recommendations and a framework to assist organizations to develop optimal hybrid workplace models focusing on major trends and component shaping this evolution
