New Millennial Sexstyles Carol Siegel,2000 New Millennial Sexstyles questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists Carol Siegel considers whether the sexual revolution may have succeeded but in ways not recognized by current academic studies of gender and sexuality In discouraging undomesticated heterosexuality academic feminism ignores the connection between mainstream

opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times At the same time the youth subcultures challenges to these views of sexuality and gender have been dismissed as insignificant or misunderstood as sexist In this book they receive more respectful attention Siegel draws on her own experience as a college student to create a personal history of academic feminism s early sympathy with bourgeois values She looks at the development of American sex advice literature and at the reception of such transgressive popular films as Basic Instinct Thelma and Louise and Natural Born Killers to demonstrate that the most profoundly capitalist feminist theories have always been the most culturally authoritative A more encouraging vision emerges in the book s second half where a record of conversations about sex and gender with young people and of their responses to products designed for their consumption takes the reader through some of today s most radical youth cultures and suggests new directions for gender studies

The Optimistic Seekers□ **Keys to Greatness: A Guide to Establishing a Successful, Happy, and Fulfilled Life - Spirit**

Edition Joel Rodriguez Creator of The EMBS Systematic Process,2019-06-18 Joel Rodriguez grew up in poverty but through hard work he found himself with status and money Finally he had what he desperately wanted as a young boy but he felt empty While he was chasing his dreams he d neglected other areas of his life including his family and friends Keys to Greatness teaches a systematic process that will help you establish direction and balance Drawing on his own experiences the author provides a step by step course of action on finding success happiness and fulfillment He answers questions such as Why do so many people feel unhappy and unfulfilled What steps can you take to achieve true fulfillment What is the definition of true success How can you overcome obstacles The author also shares a FOCUS Process which is a complete step by step course of actions with simple concepts practical techniques and no nonsense tools and resources that will help you achieve your goals

Secrets of Self-Mastery Lowell Russell Ditzen,Norman Vincent Peale,2011-10-01 *Loving Yourself* Sherrie Campbell PH.D.,2012-12-03 The purpose of this book is to set you free to be who you really are As you love who you are you will find that you move through life holding your head slightly high and your chest will be expanded and open for love and receiving Your neck will be long and lean your throat open showing you are always ready to share and relate You will know who you are and therefore will feel comfortable to be fully expressed You will no longer worry about what others think of you Why Because you love yourself flaws and all When you love your Self and have your boundaries in place there is not much that can take you off center for too long This book encourages you to shine in your own full expression in this beautiful life where you know you are loved just for being exactly who you are

Second Read James Marcus,2012 This anthology includes among many other enlightening essays Rick Perlstein on Paul Cowan s The Tribes of America Nicholson Baker on Daniel Defoe s A Journal of the Plague Year Marla Cone on Rachel Carson s Silent Spring and much more **The Popular Book** James D. Hart,2023-11-15 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a

backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1950 *American Fear* Peter N. Stearns,2012-09-10 Americans have become excessively fearful and manipulation through fear has become a significant problem in American society with real impact on policy By using data from 9 11 this book makes a distinctive contribution to the exploration of recent fear but also by developing a historical perspective the book shows how and why distinctive American fears have emerged over the past several decades **Public Confessions** Rebecca L. Davis,2021-09-15 Personal reinvention is a core part of the human condition Yet in the mid twentieth century certain private religious choices became lightning rods for public outrage and debate *Public Confessions* reveals the controversial religious conversions that shaped modern America Rebecca L Davis explains why the new faiths of notable figures including Clare Boothe Luce Whittaker Chambers Sammy Davis Jr Marilyn Monroe Muhammad Ali Chuck Colson and others riveted the American public Unconventional religious choices charted new ways of declaring an authentic identity amid escalating Cold War fears of brainwashing and coercion Facing pressure to celebrate a specific vision of Americanism these converts variously attracted and repelled members of the American public Whether the act of changing religions was viewed as selfish reckless or even unpatriotic it provoked controversies that ultimately transformed American politics *Public Confessions* takes intimate history to its widest relevance and in so doing makes you see yourself in both the private and public stories it tells **Paul's Spirituality in Galatians** P. Adam McClendon,2015-03-25 Spirituality is a hot topic in today s culture Spirituality is essentially how one s beliefs and experiences influence the way one lives their life Such influences for living are of critical importance to one s faith within the Christian community What role does the Bible play in developing an expressed spirituality among the Christian community How do one s religious traditions cultural influences and personal preferences influence the way Christian spirituality is perceived and expressed All too often and at times unintentionally the foundational truths of the Bible are subordinated to tradition culture and personal preference This book provides a context for understanding Paul s foundational components for Christian spirituality within the book of Galatians while showing how an accurate understanding of these components can and should serve as a corrective lens to various aspects of Christian spirituality as expressed and experienced today

Religion in America Since 1945 Patrick Allitt,2003 Discusses the Cold War communism Eisenhower the civil rights movement African Americans and religion Mormons Vietnam Catholics feminism cults creationism and evolution American Islam home schooling abortion homosexuality and religion and the Christian Right **Animal Spirits** Jackson Lears,2023-06-20 A master class in American cultural and intellectual history Sarah E Igo The New York Times Book Review Jackson Lears is the preeminent cultural historian of the American empire This book is another masterpiece in his magisterial corpus Cornel West One of Wired s best books of 2023 A master historian s retrieval of the spiritual visions and vitalisms that animate American life and the possibilities they offer today In *Animal Spirits* the distinguished historian Jackson Lears

explores an alternative American cultural history by tracking the thinkers who championed the individual's spontaneous energies and the idea of a living universe against the strictures of conventional religion, business and politics. From Puritan times to today, Lears traces ideas and fads such as hypnosis and faith healing from the pulpit and stock exchange to the streets and the betting table. We meet the great prophets of American vitality from Walt Whitman and William James to Andrew Jackson Davis the Poughkeepsie Seer and the New Thought pioneer Helen Wilmans who spoke of the god within rendering us diseaseless incarnations of the great I Am Well before John Maynard Keynes stressed the reliance of capitalism on investors' animal spirits. These vernacular vitalists established an American religion of embodied mind that also suited the needs of the marketplace. In the twentieth century the vitalist impulse would be enlisted in projects of violent and racially charged national regeneration by Theodore Roosevelt and his legatees even as African American writers confronted the paradoxes of primitivism and the 1960s counterculture imagined new ways of inspiring the universe. Today scientists are rediscovering the best features of the vitalist tradition permitting us to reclaim the role of chance and spontaneity in the conduct of our lives and our understanding of the cosmos. Includes 8 pages of black and white images.

Giving Time a Chance Beppie Harrison, Ronna Romney, 2014-04-07 For anyone who wants to make a new marriage work or an old marriage stronger here is inspiration and insight that no marriage counselor or psychologist could give you. In the wake of open marriage, marriage contracts and no-fault divorce the authors of this remarkable book have uncovered what it is that can make a marriage last a lifetime in these tumultuous times. Turning to the real experts couples whose marriages have withstood the test of time they have found that for all the striking dissimilarities in successful marriages at the core of each is a real and definable commitment by the partners to each other and to the marriage. In the course of their research the authors have sat in hundreds of kitchens and living rooms listening to husbands and wives talk about how they have forged their relationships. The marriages range from two-paycheck childless relationships to male-dominated families with a wife and kids at home from affluent urban unions to marriages plagued with financial problems from those fate has blessed to those it has been less kind to. What is highlighted again and again is the importance of putting marriage first in your life of giving time a chance and of believing that the good times will be renewed if a couple can get by the bad. Giving Time a Chance is a must for any couple planning to marry for any couple thinking of divorce for any couple wondering whether romance can be renewed or for anyone questioning whether marriage still has a role in modern society. Here is a book for our times a model of marriage in modern America.

The Grammar of Social Relations Louis Schneider, This collection of the writings of Louis Schneider an exceptionally gifted sociologist of religion the history of ideas provides a sensitive but rigorous view of the place of ideas in social life. Divided according to the principal areas in which Schneider conducted research history of social thought principles of social theory sociology of religion are essays on evolution styles of research and moral choice in human relations. His knowledge of systems of thought dialectical functional and phenomenological was peerless. The unifying

theme in his work is the place of cultural formations in social structures as a result his writings are alive with persons no less than systems
