Construction Stakeholder Management Ezekiel Chinyio,Paul Olomolaiye,2009-10-22 This book captures best practice in construction stakeholdermanagement using a range of international case studies Itdemonstrates stakeholder mapping presents the power interestmatrix and analyses a model for the timely engagement ofstakeholders The increased use of partnering and other relational forms ofcontracting have underlined the need for project participants towork together and also to be aware of all those who can affect orbe affected by a project and its associated developments Stakeholder management enables them to see this wider picture andprovides

guidance for managing the diverse views and interests that can manifest in the course of a project's life. All construction projects have the potential for conflicts of interest that can result in costly and damaging legal proceedings. This new book advocates an alternative to dispute resolution that is proactive, practical, and global in its application. *Construction Stakeholder Management* is therefore an essential text for advanced students, lecturers, researchers, and practitioners in the built environment.

Business Practices in Higher Education Mark A. Kretovcis, Erica Eckert, 2019-10-08 The new edition of *Business Practices in Higher Education* helps readers understand the true nature of higher education and appreciate how the academy effectively incorporates business practices into everyday work lives. The authors apply business concepts and models and explain how they can be leveraged to improve the overall efficiency and effectiveness of higher education institutions. Useful examples from a wide range of institutions including small private college, large public universities, and community colleges address macro-level higher education and student population issues while also addressing micro-level issues for individual institutions or students. Business practices are critical to the academic, student affairs, and administrative sides of higher education. This book offers aspiring higher education and student affairs professionals an understanding of the fundamental business practices of colleges and universities. New in this edition: Updated coverage of current practice and research; New chapters on accounting, strategic planning, and fundraising; End of chapter questions for discussion.

Brand Engagement I. Buckingham, 2016-06-03 This book debunks the notion that the Chief Executive is the primary figurehead and places line managers at the forefront. Using a mixture of unique but tried and tested bespoke management models and case studies, line managers are identified as the critical community in the war between brands.

The Oxford Handbook of Language and Society Ofelia García, Nelson Flores (Linguist), Massimiliano Spotti, 2017 This book challenges basic concepts that have informed the study of sociolinguistics. It proposes a critical poststructuralist perspective that examines the socio-historical context that led to the emergence of dominant sociolinguistic concepts and develops new theoretical and methodological tools that challenge these dominant concepts.
