The Sex Texts Arthur L.,2013-09-16 For all intent virtually all accepted mainstream Catholic Christian tenets remain untouched for the past two millennia It follows then that we take for evident truths for example our views on the Creator and creation s sexuality gender issues and human relationship concerns may in fact be nothing but establishment dogmas gleaned from wrong interpretation or translation of the original text and intent of Jesus Christ and the Bible authors Now isn t the mere chance of that being true too scary The Sex Texts Sexuality Gender and Relationships in the Bible by L Robert Arthur raises just that possibility despite the strong likelihood of facing stiff criticism from many sectors mostly of the established Catholic persuasion Yet those inclined to know the true message of Jesus Christ and his closest disciples may well take heed to scrutinize at the very least what Robert is trying to point out in his work The Sex Texts Sexuality Gender and Relationships in the Bible promises to raise a storm but the public debate it could engender may yet start a new direction for the rest of humanity From the Rivers of Babylon to the Highlands of Judah Sara Japhet,2006-06-30 Culled from various books journals and festschrifts the most important essays by Sara Japhet on the biblical restoration period and the books of Ezra Nehemiah and Chronicles appear in this accessible collection Japhet who is Yehezkel Kaufmann Professor of Bible at the Hebrew University of Jerusalem and received the Israel Prize for biblical scholarship in 2004 has been a leading scholar on these topics for more than 30 years Included here are studies on the question of common authorship of Ezra Nehemiah and Chronicles the temple during the restoration period the use of the law in Ezra Nehemiah postexilic historiography the remnant and self definition during the restoration period the historical reliability of Chronicles and conquest and settlement in Chronicles Scholars and students with an interest in the history historiography and theology of the restoration period and in the interpretation of Ezra Nehemiah and Chronicles will want to own this compendium of valuable essays *Hebraica* ,1884 Jewish Bible Translations Leonard Greenspoon,2020-11 Jewish Bible Translations is the first book to examine Jewish Bible translations from the third century BCE to our day It is an overdue corrective of an important story that has been regularly omitted or downgraded in other histories of Bible translation Examining a wide range of translations over twenty four centuries Leonard Greenspoon delves into the historical cultural linguistic and religious contexts of versions in eleven languages Arabic Aramaic English French German Greek Hungarian Italian Russian Spanish and Yiddish He profiles many Jewish translators among them Buber Hirsch Kaplan Leeser Luzzatto Mendelssohn Orlinsky and Saadia Gaon framing their aspirations within the Jewish and larger milieus in which they worked Greenspoon differentiates their principles styles and techniques for example their choice to emphasize either literal reflections of the Hebrew or distinctive elements of the vernacular language and their underlying rationales As he highlights distinctive features of Jewish Bible translations he offers new insights regarding their shared characteristics and their limits Additionally Greenspoon shows how profoundly Jewish translators and interpreters influenced the style and diction of the King James Bible Accessible and authoritative for

What Really Happened in the Garden of Eden? Ziony Zevit,2013-11-26 A provocative new interpretation of the Adam and Eve story from an expert in Biblical literature The Garden of Eden story one of the most famous narratives in Western history is typically read as an ancient account of original sin and humanity s fall from divine grace In this highly innovative study Ziony Zevit argues that this is not how ancient Israelites understood the early biblical text Drawing on such diverse disciplines as biblical studies geography archaeology mythology anthropology biology poetics law linguistics and literary theory he clarifies the worldview of the ancient Israelite readers during the First Temple period and elucidates what the story likely meant in its original context Most provocatively he contends that our ideas about original sin are based upon misconceptions originating in the Second Temple period under the influence of Hellenism He shows how for ancient Israelites the story was really about how humans achieved ethical discernment He argues further that Adam was not made from dust and that Eve was not made from Adam s rib His study unsettles much of what has been taken for granted about the story for more than two millennia and has far reaching implications for both literary and theological interpreters Classical Hebrew in the hands of Ziony Zevit is like a cello in the hands of a master cellist He knows all the hidden subtleties of the instrument and he makes you hear them in this rendition of the profoundly simple story of Adam Eve the Serpent and their Creator in the Garden of Eden Zevit brings a great deal of other biblical learning to bear in a surprisingly light hearted book
