A Lie Too Big to Fail Lisa Pease, 2018-12-18 In A Lie Too Big to Fail longtime Kennedy researcher of both JFK and RFK Lisa Pease lays out in meticulous detail how witnesses with evidence of conspiracy were silenced by the Los Angeles Police Department how evidence was deliberately altered and in some instances destroyed and how the justice system and the media failed to present the truth of the case to the public Pease reveals how the trial was essentially a sham and how the prosecution did not dare to follow where the evidence led A Lie Too Big to Fail asserts the idea that a government can never investigate itself in a crime of this magnitude Was the convicted Sirhan Sirhan a willing participant Or was he a mind controlled assassin It has fallen to independent researchers like Pease to lay out the evidence in a clear and concise manner allowing readers to form their theories about this event Pease places the history of this event in the context of the era and

provides shocking overlaps between other high profile murders and attempted murders of the time Lisa Pease goes further than anyone else in proving who likely planned the assassination who the assassination team members were and why Kennedy was deemed such a threat that he had to be taken out before he became President of the United States

Rise of the Warrior Cop Radley Balko, 2013-07-09 Now updated with new material the groundbreaking history of how police forces have become militarized both in equipment and mindset and what that means for American democracy The last days of colonialism taught America s revolutionaries that soldiers in the streets bring conflict and tyranny As a result our country has generally worked to keep the military out of law enforcement But according to investigative reporter Radley Balko over the last several decades America s cops have increasingly come to resemble ground troops The consequences have been dire the home is no longer a place of sanctuary the Fourth Amendment has been gutted and police today have been conditioned to see the citizens they serve as an other an enemy Today s armored up policemen are a far cry from the constables of early America The unrest of the 1960s brought about the invention of the SWAT unit which in turn led to the debut of military tactics in the ranks of police officers Nixon s War on Drugs Reagan s War on Poverty Clinton s COPS program the post 9 11 security state under Bush Obama by degrees each of these innovations empowered police forces always at the expense of civil liberties And under Trump these powers were expanded in terrifying new ways as evidenced by the tanks and overwhelming force that met the Black Lives Matter protesters in 2020 In Rise of the Warrior Cop Balko shows how politicians ill considered policies and relentless declarations of war against vague enemies like crime drugs and terror have blurred the distinction between cop and soldier His fascinating frightening narrative shows how over a generation a creeping battlefield mentality has isolated and alienated American police officers and put them on a collision course with the values of a free society
