Luka And The Fire Of Life:

Luka and the Fire of Life Salman Rushdie, 2010-11-16 On a beautiful starry night in the city of Kahani in the land of Alifbay a terrible thing happened twelve year old Luka's storyteller father Rashid fell suddenly and inexplicably into a sleep so deep that nothing and no one could rouse him To save him from slipping away entirely Luka must embark on a journey through the Magic World encountering a slew of phantasmagorical obstacles along the way to steal the Fire of Life a seemingly impossible and exceedingly dangerous task Weaving together bits of mythology fairy tales children's puns metaphysics and echoes from well known tales as different as *The Matrix* and *The Wizard of Oz* *Luka and the Fire of Life* becomes a story about things as intimate as a boy's love for his family and as sprawling as the meaning of life itself With *Haroun and the Sea of Stories* Salman Rushdie proved that he is one of the best contemporary writers of fables and it proved to be one of his most popular books with readers of all ages While *Haroun* was written as a gift for his first son Luka and the *Fire of Life* the story of Haroun's younger brother is a gift for his second son on his twelfth birthday Lyrical rich with word play and with the narrative tension of the classic quest stories this is Salman Rushdie at his very best *Beyond the Book* Bridget Carrington, 2014-01-06 November 2012 saw the joint annual conference of the British branch of the International Board on Books for Young People IBBY UK and the MA course at the National Centre for Research in Children's Literature NCRCL at Roehampton University The theme of the conference was the investigation of aspects of literature for children that were *Beyond the Book* From woodcuts to e books children's literature has always lent itself to reinterpretation and expansion In its early days this was achieved through different forms of retelling through illustration and interactive illustration pop ups and flaps and then through music film television and stage adaptation The contributors to the 2012 conference explored the variety of means by which we transform literature intended for children and celebrated the vibrant world of creativity that has sought and continues to seek different ways in which to engage young readers Bridget Carrington and Jennifer Harding have previously collaborated as the editors of earlier IBBY UK NCRCL MA conference proceedings *Going Graphic Comics and Graphic Novels for Young People Conflicts and Controversies Challenging Children's Literature and It Doesn't Have to Rhyme Children and Poetry* Pied Piper Publishing 2010 2011 2012 **The Science Fiction Dimensions of Salman Rushdie** Yael Maurer, 2014-01-23 This book focuses on the science fictional dimensions of Rushdie's later novels *Fury* *The Ground Beneath Her Feet* *Shalimar the Clown* and *Luka and the Fire of Life* and Rushdie's first unpublished novel *The Antagonist* to show how the author's oeuvre moves towards a more consistent engagement with science fiction as a generic form and an ideological investment The author demonstrates how Rushdie recreates personal and national histories in a science fictional setting and mode and contends that the failure of his first novel *Grimus* may have led Rushdie away from SF for some time although he returns to it with a much firmer conviction and a much stronger voice in his later novels showing his commitment to this imaginative form which he describes in *Fury* as providing the best popular vehicle ever devised for

the novel of ideas and metaphysics The science fictional mode is the most appropriate vehicle for expressing these thematic and ideological concerns and the organizing feature of Rushdie s oeuvre The author rereads the later novels in light of recent critical engagement with SF as a vehicle for reimagining national histories and as a potentially subversive tool for social and political engagement in a fictional realm *Contemporary Novelists* M. Hutton,2012-09-19 Peter Childs offers accessible analyses of the work of twelve prominent contemporary British writers including Hanif Kureishi Pat Barker Zadie Smith and Jeanette Winterson This expanded second edition has been revised and updated throughout and now also features a new chapter on the younger generation of novelists born in the 1970s *Salman Rushdie and Translation* Jenni Ramone,2013-09-12 Salman Rushdie s writing is engaged with translation in many ways translator figures tell and retell stories in his novels while acts of translation are catalysts for climactic events Covering his major novels as well as his often neglected short stories and writing for children *Salman Rushdie and Translation* explores the role of translation in Rushdie s work In this book Jenni Ramone draws on contemporary translation theory to analyse the part translation plays in Rushdie s appropriation of historical and contemporary Indian narratives of independence and migration *Global Perspectives on Death in Children's Literature* Lesley Clement,Leyli Jamali,2015-07-30 This volume visits death in children s literature from around the world making a substantial contribution to the dialogue between the expanding fields of Childhood Studies Children s Literature and Death Studies Considering both textual and pictorial representations of death contributors focus on the topic of death in children s literature as a physical reality a philosophical concept a psychologically challenging adjustment and or a social construct Essays covering literature from the US Mexico El Salvador Guatemala Canada the UK Sweden Germany Poland Bulgaria Brazil Czechoslovakia the Soviet Union India and Iran display a diverse range of theoretical and cultural perspectives Carefully organized sections interrogate how classic texts have been adapted for the twenty first century how death has been politicized ritualized or metaphorized and visual strategies for representing death and how death has been represented within the context of play Asking how different cultures present the concept of death to children this volume is the first to bring together a global range of perspective on death in children s literature and will be a valuable contribution to an array of disciplines **Words, Worlds, Narratives: Transmedia and Immersion** Tawnya Ravy,Eric Forcier,2019-01-04 *Words Worlds and Narratives Transmedia and Immersion* offers an interdisciplinary discussion of the way in which narrative is transmitted transformed and translated through the wide variety of technologies and media platforms available in the 21st century This volume critically engages with the field of transmedia studies and addresses the significance of media to narrative and authorship to immersion What emerges is a unique look at collaborative scholarship and storytelling which is both disruptive and immersive Using a diverse archive of narrative forms including video games fan fiction film adaptation and social media the chapters in this volume explore the narratological social political and economic implications of transmedia narrative in the public and private spaces of the digital and the immersive media communities

South Asian Digital Humanities Roopika Risam, Rahul K. Gairola, 2020-09-10 The digital cultural record has a powerful role to play in both new and future strategies of creating new homes within the digital milieu For example the development and establishment of new digital archives around South Asian studies not only allows us to create new archives of the past but also to remember and commemorate the past differently New maps transform how we understand space and place And new digital comfort zones facilitate connections for those whose family and loved ones are only accessible online Such

interventions are essential to the recuperation of the integrity and soul of a people who have lived through and continue to shoulder the fraught and painful legacies of the British Empire and the communal bloodshed wrought by its demise Building on the important history of digital humanities scholarship in South Asia and its diasporas that precedes this work this book contends that South Asian studies is further positioned to offer a new genealogy of digital humanities demonstrated through this assemblage of essays that reveal how the digital continues to shape notions of home belonging nation identity memory and diaspora through a variety of humanistic methodologies and digital techniques South Asian Digital Humanities thus demonstrates that postcolonial digital humanities has great possibility for creating some of the most important social justice scholarship in South Asian studies of the past century It offers these essays as innovative interventions that complicate the digital cultural record while lodging a homelanding for South Asians within it positioning digital humanities as a method through which South Asian studies can strategically participate in the ongoing struggle for representation within digital knowledge production This book was originally published as a special issue of South Asian Review

Mapping out the Rushdie Republic Prasanta Bhattacharyya, Tapan Kumar Ghosh, 2016-12-14 Mapping out the Rushdie Republic differs from existing studies on the work of Salman Rushdie by dint of its seriousness of intent and profundity of content Every major work of the writer is paid due attention as separate articles are devoted to every aspect of his literary persona As such the contributions raise pertinent issues and questions that invite the perceptive reader to enter into a meaningful dialogue with the views of a range of formidable academics of national and international repute A long interview with Timothy Brennan a notable Rushdie critic offers further insights making this a book that designedly stops short of being merely encomiastic about Rushdie's achievement as an author The significant act of mapping out the Rushdie republic makes this a must read for those who find the Rushdie phenomenon an interesting one as part of ongoing debates and discussions
