Georgia Pacing Guide

In addition to the instructional pacing below, HMH recommends one day for the Growth Measure assessment, three times per year.

Using these recommendations, the total suggested pacing for Grade 6 is 161 days. Teachers can adjust to provide additional work in fluency practice, reteaching, challenge activities, and/or project-based learning tasks.

"One day" is equal to one instructional period in a traditional schedule and needs to be adjusted to account for longer class periods in a block schedule.
