decade of the 1980s in many English speaking countries has done little to improve the morale and work conditions of
teachers in publicly provided education The gap between the public rhetoric which acknowledge the importance of teachers
and the realities which teachers experience remains very great With reference to England and Wales this timely and critically
stimulating book examines the issues which have to be addressed in the 1990s It provides an agenda for educational policies
and practices which take seriously the importance of teachers as key agents for realizing equal educational opportunities for
