Barlow Professor of Psychology and Director of the Center for Anxiety and Related Disorders Boston University, 2006-02-24

Individuals who suffer from Generalized Anxiety Disorder know that it can be extremely impairing causing chronic tension fatigue irritability and difficulties sleeping. The most effective treatment for this disorder is a program based on principles of cognitive behavioral therapy. Written by the developers of an empirically supported and effective CBT therapy program for treating GAD this workbook includes all the information necessary for a client to learn the appropriate skills to combat their excessive worry. When used in conjunction with the corresponding therapist guide this book provides a complete treatment package with a proven success rate. Through the use of this workbook clients will become active participants in their supervised treatment. This revised edition includes new elements such as a listing of goals for each session chapter as well as more detailed lists of homework assignments.

**Mastery of Your Anxiety and Worry Workbook 2e** is a one of a kind resource that allows clients to work alongside their therapist to personalize their treatment strategy and overcome their GAD. **Treatments That Work™** represents the gold standard of behavioral healthcare interventions. All programs have been rigorously tested in clinical trials and are backed by years of research. A prestigious scientific advisory board led by series Editor in Chief David H. Barlow reviews and evaluates each intervention to ensure that it meets the highest standard of evidence so you can be confident that you are using the most effective treatment available to date. Our books are reliable and effective and make it easy for you to provide your clients with the best care available.
