**NCLEX-RN® EXCEL, Second Edition** Ruth A. Wittmann-Price, Frances H. Cornelius, 2016-11-15 Promotes mastery of the more challenging 2016 exam. This ultimate NCLEX RN review book that helps you think like a nurse has been fully updated to incorporate the 2016 test plan. Including more complex case studies to reflect the difficulty of the exam, this comprehensive review encourages active learning to master the content. Each evolving case study is broken down into realistic clinical problems that students can solve only by using the critical thinking skills necessary for the NCLEX RN exam. Interspersed with over 700 interactive questions and rationales, audio-based questions, and electronic learning resources, the case studies mimic real-life nursing situations and provide models to help students problem solve when taking the actual test. The review is presented in an enjoyable format without the drudgery of question after unrelated question or medical terminology flashcards. Multiple choice questions select all that apply, hot spots, matching, true and false, prioritizing, gaming, and calculations replicate the actual NCLEX RN exam and keep students engaged throughout the review process. Each nursing specialty features a chapter on its specific pharmacology principles, culminating in a stand-alone chapter solely dedicated to reviewing pharmacological principles. Beyond its utility as an exam review, this resource is also a unique case study book designed to assist instructors in
