Gmat Sentence Correction** Deborah Phillips,2013-11 THE APPROACH The approach used in this book is a systematic skill building methodology one that begins with a simple presentation of skills in the lessons and ends with tests that consist of GMAT style questions at the difficulty level of the actual test This is an approach that has been tried out over decades and it is an approach that works In each lesson one skill is presented using examples containing easier language than the language found on a GMAT to ensure that the targeted skill is clear A skills practice exercise follows each skill presentation using language that is at the difficulty level of the GMAT but

is in a single sentence format that makes the practice easier than GMAT style questions The materials then progress to GMAT style skills practice exercises that are at the level of the actual test but cover only the material from that particular lesson Thorough explanations follow each skills practice exercise and each GMAT style practice exercise After all the individual lessons have been mastered GMAT style tests are presented These GMAT style tests contain questions that cover points from each of the lessons These questions are at the difficulty level of the GMAT and contain the same selection of skills as the GMAT Thorough explanations follow each skills practice exercise and each GMAT style test
