Catholic Theological Ethics Todd A. Salzman, Michael G. Lawler, 2015-11-23 This book has two objectives one explicit and one implicit The explicit objective is to explore the normative implications for both general and sexual ethics of the methodological and anthropological developments in Catholic tradition The implicit objective is to stimulate dialogue in the Church about ethics particularly sexual ethics a dialogue that must necessarily include all in the communion Church laity theologians and hierarchy Since we believe that genuine and respectful dialogue about sexual morality is sorely needed to clarify Christian truth today we intend this book to be part of that genuine dialogue

Religion and Intersex Stephanie A. Budwey,2022-08-25 This

book considers the situation of intersex people who have faced erasure in the areas of science law culture and theology due to the assumption that all humans are either female or male Centered in interviews conducted with German intersex Christians this book argues that moving from a paradigm of sexual dimorphism to sexual polymorphism will help promote the full humanity and flourishing of intersex people by creating a world where intersex individuals are no longer coerced and or forced to undergo non consensual medically unnecessary treatment no longer experience human rights violations because of their lack of legal protection no longer feel inhuman and Other due to epistemic injustice that stems from socio cultural norms and stereotypes are no longer told they are not made in God s image as a result of a sexually dimorphic understanding of Genesis 1 27 and no longer feel excluded and invisible in worship services that do not recognize them This combination of the practical and the spiritual allows for a reconsideration of the medical treatment and pastoral care that should be available to intersex people This book will be helpful to those in the disciplines of science law culture and theology particularly those in gender and theological studies and those already in and studying for lay and ordained ministry

Speak Now Victor Marsh, 2021-01-01 A collection of essays reflections and personal stories from enthusiasts acceptors sceptics and hesitants showing the passion and depth around the issue of same sex marriage Over thirty writers a mix of activist and reflective voices explore the legacy of the 2004 changes to the Australian Marriage Act which now states and which must be stated at every wedding marriage is between a man and a woman CONTRIBUTORS Dennis Altman AM Barbara Baird Andrew Barr and Anthony Toms Michael Carden Rodney Croome AM Elaine Crump Sharon Dane Michelle Dicinoski Luke Gahan Evelyn Gray Ryan Heath Lynne Hillier and Tiffany Jones Crusader Hillis Walter Jennings Michael Kirby Benjamin Law Victor Marsh Rev Dorothy McRae McMahon Paul Martin Alyena Mohummadally and Catherine Roberts Chris Morgan Wayne Morgan Rev Nathan Nettleton Maria Pallotta Chiarolli Kerry Phelps AM Damien Riggs Donald Ritchie Wendell Rosevear OAM Lulu Shapiro and Jannine Lockyer Adiva Sifris and Paula Gerber Peter Tatchell Yantra de Vilder Zenith Virago Deb Wain Kees Waaldijk Tim Wilson Tim Wright *The Disappearance of Eve and the Gender of Christ* Kevin Carnahan, 2025-04-15 After hundreds of years during which Eve was blamed for originating sin St Paul removed her from the narrative of the fall to create a one man one man typology between Adam as the origin of sin and Christ as the source of salvation This disappearance created a theological problem Eve fell outside the narrative of sin and salvation Early Christians sensing the lack in Paul s formula created an alternative typology between Eve the mother of all the living and Mary the mother of Jesus Eventually early theologians attempted to solve the soteriological problem Eve posed by coordinating these two typologies This solution however produced a further dilemma Either Mary had to be posited as a second savior or the salvation offered to Eve in the revised scheme had to be second class Neither option is theologically acceptable The Disappearance of Eve and the Gender of Christ proposes a solution to this problem It revises Paul s original formula and with it a set of common claims about Christ s sex and gender It accepts Christ as the new Adam and the new Eve and accepts that Christ is theologically speaking trans Carnahan offers a new theology of sex and gender as a calling within a context of

responsibility as a framework for making sense of Eve Christ and ourselves He shows how from first century Roman culture to medieval mystical experience and into our own time there exists a long tradition of seeing Christ as transgressing and even transitioning across sex and gender boundaries

Original Sin and the Evolution of Sexual Difference Megan Loumagne Ulishney, 2022-11-03 Original Sin and the Evolution of Sexual Difference develops an interdisciplinary conversation between evolutionary biology feminist philosophy and theology in order to illuminate the entanglement of Christian thinking about original sin with theologies of sexual difference It then assesses the opportunities for rethinking original sin and its implications for theologies of sexual difference in light of developments in evolutionary biology and feminist theology and philosophy Despite some resistances in the present age to conceptions of both original sin and meaningful sexual differences this study argues that both can provide essential insights that help to make sense of some of the features of human life in the twenty first century especially the stubborn persistence of inequality poverty environmental degradation and the pernicious patterns of sexual violence and abuse that have been uncovered by the MeToo movement To this end Megan Loumagne Ulishney marshals resources from a variety of places Augustine of Hippo feminist theology the Extended Evolutionary Synthesis John Paul II and a new group of feminist philosophers known as the New Feminist Materialists to develop an analysis of original sin and sexual difference that is grounded in both scientific and theological insights about creaturely life The project cultivates a sense of wonder at the diversity and unpredictability of human biology a value for the role of creativity in the human participation that partially shapes our ongoing evolution and

humility about the extent to which we can predict and control the future of the evolution of our species It illuminates the interdependencies that define creaturely life the persistent entanglement of nature and culture the centrality of desire to human identity and behaviour and the role played by biology in the transmission of sin It develops a vision of material life as evolving generative and imbued with activity but also as simultaneously infected with sin and saturated with the divine

Justice Through Diversity? Michael J.
