Women and Comedy Susan Carlson, 2025-10-01 The first comprehensive study of its kind this book explores the contradictory connections between women and dramatic comedy Women and Comedy shows how a genre that has been used historically to restrict women s behavior is being reconfigured to express women s triumphs It thus redefines the assumptions with which both traditional comedy and contemporary women s plays are read and viewed Challenging a critical consensus that has seen comedy as a haven for female power Carlson argues that traditional comedy is deeply sexist welcoming strong women characters only because it can contain their power Through an analysis of a range of comedies by Shakespeare Congreve Maugham Shaw and Ayckbourn the author shows that even in these plays self consciously about liberated females women gain only a limited freedom a freedom that the endings of the plays work to negate This negotiation is seen to result in part from the comic structure itself which privileges a merely temporary inversion and an ultimate return to the status quo Carlson then examines the transitional work of three writers Aphra Behn Henry James and Ann Jellicoe whose heroines follow an unorthodox trajectory through their comic worlds While the work of these writers clearly remains within the mainstream comic tradition the author notes in them a subtle departure most notably in their description of the heroine as subject rather than object which prefigures the full scale transformations of women in comedy by contemporary women writers The book then examines contemporary comedy that revises traditional comic structure at the same time as it explores fundamental social change In making her case for the difference of contemporary comedy by women Carlson examines the reformulations of structure and character and considers issues of community self

Sleep Fictions Hannah L. Huber, 2023-11-21 The literary response to the dawning cult of wakefulness A turn of the century influx of new technologies and the enormous impact of the electric light transformed not only individual sleeping habits but the ways American culture conceived and valued sleep Hannah L Huber analyzes the works of Henry James Edith Wharton Charles Chesnutt and Charlotte Perkins Gilman to examine the literary response to the period's obsession with wakefulness As these writers blurred the separation of public and private space their characters faced exhaustion in a modern world that permeated every moment of their lives with artificial light traffic noise and the social pressure to remain active at all hours The implacable cultural clock and constant stress over physical limitations had an even greater impact on marginalized figures Huber pays particular attention to how these writers rebutted Americans' confidence in the body's ability to conquer sleep with vivid portraits of the devastating consequences of sleep disruption and deprivation The author also provides a website and text visualization tool that offers readers an interdisciplinary deconstructed analysis of the book's primary texts The website can be found at <https://sleepfictions.org/sleep-scalar/index>
