Good To Great: by Jim Collins | Summary & Analysis Elite Summaries, Detailed summary and analysis of Good To Great  
Summary of Good to Great Alexander Cooper,2021-02-15 Summary of Good to Great Jim Collins Good to Great examines companies that have not only endured over time but who managed the transition from being good companies to becoming outstanding performers The eleven companies found to have taken this leap managed to outperform the stock market 6 9 times over fifteen years The author set out to understand what distinguished great organizations from a carefully selected group of companies that did not make the grade The research team came up with some unexpected outcomes At the time of the transition from Good to Great all eleven companies were being led by Level 5 Leaders These people showed a unique combination of humility and professional will They were prepared to do anything necessary for the benefit of the organization Level 5 Leaders started out not by plotting the direction of the company but by ensuring that they had all the right people in the right positions Then they confronted the brutal facts of their organization and used this knowledge to ensure that they chose the right direction for the firm Knowing what the organization should be doing and equally importantly what it should not be doing they stuck stubbornly to the plan even when they were in dire circumstances The culture of discipline within the organization ensured that the path to excellence would eventually be met Patience endurance and discipline doggedly sticking only to what the company did best resulted in outstanding results This investigation of what distinguished the great from the mediocre is an excellent study of what is needed to build great organizations Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book

**Good to Great** Jordan Baker,2015-12-15 Good to GreatBy Jim Collins Summary of the Key Ideas in 30 Minutes Or LessThe purpose of the act of writing good to great was to show that there were so many companies which got success in their specific industries within no time and within a specific time period Interestingly the writer found that there were eleven companies in total who became able to successfully match the criteria which has been mentioned before All of these eleven companies were then studied in deep sense and then comparisons were made in order to check how these are working not only by themselves but also with respect to their competitors So here in this book I am going to tell you the summary of tips which you can go through within half an hour along with the following important aspects An introduction to the book Lessons which you have got from book along with the summary of each chapter Key tips which are given by writer so that the organizations can go from good to great The key to success

**Summary, Analysis, and Review of Jim Collins's Good to Great** Start Publishing Notes,2017-05-22 PLEASE NOTE This is a key takeaways and analysis of the book and NOT the original book Start Publishing Notes Summary Analysis and Review of Jim Collins s Good to

Great Why Some Companies Make the Leap and Others Don't includes Summary of the book A Review Analysis Key Takeaways A detailed About the Author section Preview In Good to Great Why Some Companies Make the Leap and Others Don't Jim Collins posits that most American entities from the federal government and multi national corporations all the way down to individuals are hindered by being good and thus not rising to being great That good is the enemy of great is not just a business problem he writes It is a human problem 16 As such the question naturally arises Can a good enough government company organization or person become a great one If so is there a discrete methodology that might consistently yield a transformation from good to great Or is the disease of just being good incurable 5 To answer this question Collins and his team executed a massive research project spanning five years and totaling a combined 15 000 hours of research for its twenty one person team Rather than beginning with a hypothesis and drilling down for confirmation or falsification Collins and his team started by collecting coding and analyzing raw data and existing writing and research From there they worked their way up to a set of core practices among organizations that move from good to great ultimately working up a linear roadmap any organization can follow to make such a transformation
