vegans Once you read this you ll know it s possible to get healthy and enjoy doing it even if you live in Paramus or Peoria Michael Moore A great read for vegans and aspiring vegans Russell Simmons Yet another divine gift from Victoria Moran Main Street Vegan covers it all inspiration information and out of this world recipes This book is a gem Rory Freedman co author Skinny Bitch Main Street Vegan is exactly the guide you need to make changing the menu effortless Victoria Moran covers every aspect of plant based eating and cruelty free living with everything you need to make healthy changes stick Neal Barnard MD president Physicians Committee for Responsible Medicine and NY Times bestselling author of 21 Day Weight Loss Kickstart A great book for anyone who s curious about veganism It shows that not all vegans are weirdos like me Moby

The Routledge Handbook of Animal Ethics Bob Fischer,2019-12-06 There isn t one conversation about animal ethics Instead there are several important ones that are scattered across many disciplines This volume both surveys the field of animal ethics and draws professional philosophers graduate students and undergraduates more deeply into the discussions that are happening outside of philosophy departments To that end the volume contains more nonphilosophers than philosophers explicitly inviting scholars from other fields such as animal science ecology economics psychology law environmental science and applied biology among others to bring their own disciplinary resources to bear on matters that affect animals The Routledge Handbook of Animal Ethics is composed of 44 chapters all appearing in print here for the first time and organized into the following six sections I Thinking About Animals II Animal Agriculture and Hunting III Animal Research and Genetic Engineering IV Companion Animals V Wild Animals Conservation Management and Ethics VI Animal Activism The chapters are brief and they have been written in a way that is accessible to serious undergraduate students regardless of their field of study The volume covers everything from animal cognition to the state of current fisheries from genetic modification to intersection animal activism It is a resource designed for anyone interested in the moral issues that emerge from human interactions with animals

Philosophies of Multiculturalism Luis Cordeiro-Rodrigues,Marko Simendic,2016-09-01 This edited collection offers a comparative approach to the topic of multiculturalism including different authors with contrasting arguments from different philosophical traditions and ideologies It puts together perspectives that have been largely neglected as valid normative ways to address the political and moral questions that arise from the coexistence of different cultures in the same geographical space The essays in this volume cover both historical perspectives taking in the work of Hobbes Tocqueville and Nietzsche among others and contemporary Eastern and Western approaches including Marxism anarchism Islam Daoism Indian and African philosophies

Animals and the Environment Lisa Kemmerer,2015-05-01 Contemporary Earth and animal activists rarely collaborate perhaps because environmentalists focus on species and ecosystems while animal advocates look to the individual and neither seems to have much respect for the other This diverse collection of essays highlights common ground between earth and animal advocates most notably the protection of wildlife and personal dietary choice If earth and animal advocates move beyond philosophical differences and

resultant divergent priorities turning attention to shared goals both will be more effective and both animals and the environment will benefit Given the undeniable seriousness of the environmental problems that we face including climate change and species extinction it is essential that activists join forces Drawing on a wide range of issues and disciplines ranging from wildlife management hunting and the work of NGOs to ethics ecofeminism religion and animal welfare this volume provides a stimulating collection of ideas and challenges for anyone else who cares about the environment or animals

Farmed Animals on Film Stephen Marcus Finn, 2023-03-03 This book aims to show how film can increase awareness of the plight of farmed animals without exploiting them Much has been written on the rights of animals be they in the wild or circuses hunted experimented on used for entertainment or slaughtered and consumed However there has been little that has examined in any detail the filming of farmed animals and nothing on a declaration of rights for such animals thus leaving them in a limbo of neglect Stephen Marcus Finn offers a manifesto on how to foster the rights of farmed animals in filming and sets out to rectify this lacuna

World Peace Diet (Tenth Anniversary Edition) Will Tuttle, 2016-04-01 The Tenth Anniversary Edition of the bestselling WORLD PEACE DIET includes a new preface new resources and a study guide The book presents the outlines of a more empowering understanding of our world based on the comprehending the far reaching implications of our food choices Tuttle offers a set of universal principles for all people of conscience that show how we as a species can move our consciousness forward
