Governance In Dark Times Practical Philosophy For Public Service

Stephen M. King

Governance In Dark Times Practical Philosophy For Public Service:

Governance in Dark Times Camilla Stivers, 2008 The darkness of the threat of terrorism is immediate but equally profound is the darkness of a lost public world observes Camilla Stivers in this reflection on the wide gulf between government and citizens Stivers explores the conjunction of these two kinds of dark times in the United States an era of pervasive fear and sense of vulnerability triggered by the terrorist attacks of September 11 and the darkness brought on by the loss of a public space in which citizens openly discuss shared concerns In this contemplative book she probes the extent to which the loss of public space makes us unable to face the new challenges confronting our government And because public administrators are the closest level of government to ordinary citizens these doubly dark times question the meaning of public service Stivers analyzes the search for truth and meaning in public service from Kant and Hobbes to Arendt and Foucault uncovering the philosophical assumptions supporting the current managerial conception of governance She proposes an alternative set that would enable public servants to foster more constructive democratic institutions The book concludes with a model for public service ethics

Governance in Dark Times Camilla Stivers, 2008-03-06 With the rush of calamitous events in recent years the September 11 terror attacks the Iraq imbroglio and hurricanes Katrina and Rita Americans feel themselves to be living in dark times Trust in one another and in the government is at low ebb People in public service face profound challenges to the meaning and efficacy of their work Where can a public servant turn for a public philosophy to sustain practice Inspired by Hannah Arendt and several other philosophers *Governance in Dark Times* is the first book to explore the philosophical and value underpinnings needed to guide public servants in these times Featuring down to earth discussions of such issues as terrorism torture and homeland security it suggests ways for people in government to think more deeply judge more wisely and act more meaningfully Camilla Stivers argues that the most urgent requirement in dark times is re kindling what Arendt called the light of the public and offers practical steps for public servants to create spaces for citizen dialogue and engagement in public life Ideas like governance of the common ground and public service as social hope will spark discussion and encourage renewed dedication to the work of governing Grounded in the author's more than thirty years of teaching and administrative practice *Governance in Dark Times* urges public servants in clear jargon free prose to reflect to understand the world we live in and to act responsibly both individually and with fellow citizens

The Political Ethics of Public Service Vera Vogelsang-Coombs, 2016-05-05 This book provides a defense of democratic politics in American public service and offers the political ethics of public service as a realistic and optimistic alternative to the cynical American view toward politics and public service The author's alternative helps career public servants regain public trust by exercising constitutionally centered moral and political leadership that balances the regime values of liberty and equality in governing American society while contributing to the ethical progress of the nation She identifies three distinct leadership styles of political ethics enabling career public servants to reconcile their personal

loyalties morality and consciences with the public and private morality of American society and their constitutional obligations to secure the democratic freedoms of Americans Recognizing career public servants moral and institutional struggles the book proposes a rigorous leadership development program to acclimate individuals to workplace psychological moral and political challenges The view offered here is that career public servants must be a part of rather than isolated from American politics to be effective on the job

Governance and Public Management Charles Conteh, Thomas J. Greitens, David K. Jesuit, Ian Roberge, 2014-05-09 The key difference between success and failure for most governance systems is adaptation specifically the ability to resolve the existing social cultural economic and environmental challenges that constrain adaptation Local regional and national systems differ in how they are designed to organize effective participation and create innovative ideas for missions goals strategies and actions They also differ in how they build the effective coalitions needed to adopt guide and protect strategies and actions during implementation and how to build competence and knowledge to sustain implementation This book presents the strategic foundations for government's role in fostering and adapting to societal transformation in a volatile world It shifts the focus of the discipline from an overtly retrospective analysis to a prospective analysis incorporating the role of foresight techniques and instruments Above all it stimulates debate about the practical implications of governance as an emergent future oriented framework of public management This challenging book aims to facilitate dialogue and discussion between academics and practitioners and encourage advanced students to take a new perspective on Public Management during these volatile times

Ethical Public Leadership Stephen M. King, 2023-09-29 Dozens of books are published each year on leadership but as pundits scholars philosophers and public intellectuals note what is written is too often shallow and facile oriented toward quick fixes for performance enhancement or internal organizational and personnel development Drawing from a diverse range of literature including history philosophy public administration leadership religion and spirituality this book fills an important gap exploring what it means to be an ethical and moral leader It takes a deep dive into the many challenges of leadership examining the continuing contrast between bureaucracy and democracy the unique ethical and moral characteristics of nonprofit and faith based organizations and the globalization of organizations and institutions Throughout the book author Stephen M King develops a more holistic and interdisciplinary understanding of ethical and moral leadership required for more thoughtful theoretical and empirical research He points students of leadership to the time honored values of ethics and morality reestablishes the ethical balance between bureaucracy and democracy and helps reorient the values purpose of public nonprofit and global institutions providing hope of a better future for leadership Ethical Public Leadership is required reading for students of public administration and nonprofit management as well as for practicing public servants and nonprofit sector employees at all levels

Public Administration Training in Africa Peter Fuseini Haruna, Shikha Vyas-Doorgapersad, 2014-12-19 There is a growing global interest in Africa and how to improve the quality of life of its people

and for good reason The world can no longer afford to ignore the democratic changes that have occurred across the continent over the past two decades changes with tremendous implications for professional education and training for the tasks of nation

Handbook of American Public Administration Edmund C. Stazyk, H. George Frederickson, 2018-10-26

Currently public administration as art and science ponders a challenging and uncertain future Thus no better time exists to take stock and ponder the practical and theoretical value of its topical coverage to date Stazyk and Frederickson have assembled an eclectic and impressive group of senior and junior scholars to join them in this intellectual exercise Collectively the contributors offer a stiletto like dissection of where and how the field's energy has been expended what knowledge it has produced what its limitations are and where future energies might best be expended Kudos to all Robert F Durant American University US This forward thinking Handbook draws on the expertise of established and emerging scholars to provide a comprehensive review of the current state and future direction of theory and practice in US public administration Chapters offer a cross disciplinary holistic review of the field pulling together leaders from subfields such as public administration public and nonprofit management finance human resource management networks nonprofits policy and politics Chapter authors conclude that the field is intellectually rich and highly nuanced but also identify numerous opportunities for growth and expansion in the coming years The Handbook charts an agenda for future research in the field The Handbook of American Public Administration is geared toward academics researchers and advanced graduate students As an authoritative text on the history and state of US public administration it proves equally suitable for national and international audiences Practitioners who may be looking for background information or state of the art knowledge about practice will also benefit from this Handbook Contributors include G Arnold G A Brewer B J Cook R S Davis L DeHart Davis M D Farnworth P S Federman S Fernandez H G Frederickson H Getha Taylor R K Ghore D Hatmaker K Hendren C J Hill N Humphrey K R Isett S Jo J E Kellough S Y Kim Y Kim L Langbein M Leighninger L E Lynn Jr D S T Matkin B Merriman C C Merritt A V Moldavanova T Nabatchi S Nicholson Crotty R O Leary Z W Oberfield A Osorio S K Pandey Y J Park S Portillo B A Radin W G Resh R L St Clair J R Sandfort L M Shimek A E Smith S R Smith E C Stazyk S Webeck E S Zeemering H L Zook

Outsourcing in the UK Janice Morphet, 2021-04-15 In this comprehensive account Janice Morphet analyses the role and use of outsourcing within the UK public sector since the mid 1970s Morphet examines the many drivers for the use of outsourcing in the public sector including international agreements new public management performativity and austerity She also takes in to account the role and failures of the private sector and its response to the opening up of public sector competition By investigating the way that outsourcing has been used in different service sectors and across scales the book illustrates the impact it has had on ideology policy narratives and public expectations in the present

Handbook of Teaching Public Administration Bottom, Karin A., Diamond, John, Dunning, Pamela T., Elliott, Ian C., 2022-06-21 Compiling the experience and expertise of over 50 leading international scholars this Handbook of Teaching Public Administration offers critical insights into the

questions issues and challenges raised by teaching practitioners and aspiring professionals Its global scope provides a comprehensive overview of the diversity of current practice in teaching public administration

American Administrative Capacity M. Ernita Joaquin, Thomas J. Greitens, 2021-09-29 This volume proposes a capacity centered approach for understanding American bureaucracy The administrative institutions that made the country a superpower turned out to be fragile under Donald Trump s presidency Laboring beneath systematic accusations of deep statism combined with a market oriented federal administration bureaucratic capacity manifested its decay in the public health and constitutional cataclysms of 2020 denting America s global leadership and contributing to its own people s suffering The authors combine interviews with a historical examination of federal administrative reforms in the backdrop of the recent pandemic and electoral tumult to craft a developmental framework of the ebb and flow of capacity While reforms large and small brought about professionalization and other benefits to federal administration they also camouflaged a gradual erosion when anti bureaucratic approaches became entrenched A sclerotic brittle condition in the government s capacity to work efficiently and accountably arose over time even as administrative power consolidated around the executive That co evolutionary dynamic made federal government ripe for the capacity bifurcation delegitimization and disinvestment witnessed over the last four years As the system works out the long term impacts of such a deconstruction it also prompts a rethinking of capacity in more durable terms Calling attention to a more comprehensive appreciation of the dynamics around administrative capacity this volume argues for Congress citizens and the good government community to promote capacity rebuilding initiatives that have resilience at the core As such the book will be of interest to citizens public reformers civic leaders scholars and students of public administration policy and public affairs

Making and Managing Public Policy Karen Johnston Miller, Duncan McTavish, 2013-10-01 Understanding how public policy is made and managed is a key component in studying the disciplines of public management and administration Such are the complexities associated with this topic a deeper understanding is vital to ensure that practising public managers excel in their roles This textbook synthesizes the key theories providing a contemporary understanding of public policy and how it relates to private and other sectors It integrates this with the management and implementation of public policy including outlines of organizations practices and instruments used Pedagogical features include chapter synopses learning objectives boxed international cases and vignettes and further reading suggestions This useful concise textbook will be required reading for public management students and all those interested in public policy

Futures for the Public Sector Geert Bouckaert, Annie Hondeghem, Trui Steen, Steven Van de Walle, 2025-03-14 What does the future hold for the public sector A convergence of illiberalism major crises system quakes and digital transformations are reshaping current politico administrative systems How will this challenge the way states and public administrations can and should be managed and what will be the impact on citizen administrative relations and our models of democracy In this book leading public administration scholars reflect on major trends in the public sector and their

implications They offer visions of how the academic field of public administration can respond to or anticipate possible futures Ideal for policymakers academics and anyone interested in the future of governance this compelling work reflects on how the forces transforming our world will impact the public sector **Value and Virtue in Public Administration**

Michiel S. de Vries,P. Kim,2011-10-17 A multidisciplinary analysis of the role of values and virtue in public administration this book calls for a rediscovery of virtue It explores ways of enabling the public sector to balance the values that are presently dominant with classic values such as accountability representation equality neutrality transparency and the public interest *Governance Reforms* Prof. Dr. Naim KAPUCU,2020-09-04 This book is about good governance and governance reforms from a comparative public administration perspective It examines the governmental administrative and political systems of both developed and developing countries with a focus on political systems and their manifestation in administrative systems It sets out to introduce students to the structures behaviors and processes of public administration in a comparative perspective The book places particular emphasis on exploring the role of public management systems within the wider political and democratic frameworks in which they function The overall goal of the research is to analyze government administration in a comparative perspective Topics include administrative theory governance public management public sector organization and public sector reform international standards of policy and practice and the role of international institutions in promoting public sector modernization **The Routledge Handbook of Autocratization**

Aurel Croissant,Luca Tomini,2024-05-14 The Routledge Handbook of Autocratization comprehensively and systematically explores the current understanding and uncharted research paths of autocratization With wide reaching regional coverage and expert analysis from Asia North and South America Europa the Middle East and North Africa this handbook reveals cross country and cross regional analysis and insights and presents in depth explanations and consequences of autocratization Arranged in five thematic parts chapters explore the basic aspects of conceptualization theorization and measurement of autocratization the role of various political and non political actors as perpetrators supporters bystanders or defenders of democracy against autocratization processes and the consequences across various policy fields Showcasing cutting edge research developments the handbook illustrates the deeply complex nature of the field examining important topics in need of renewed consideration at a time of growing concerns for democracy and the global spread of authoritarian challenges to democracy The Routledge Handbook of Autocratization will be a key reference for those interested in and studying authoritarianism democratization human rights governance democracy and more broadly comparative politics and regional area studies Chapter 2 and Chapter 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 International license chapter 2 and Creative Commons Attribution CC BY 4 0 International license Chapter 11 *Public Policy in*

Democratic Backsliding Michelle Morais de Sá e Silva,Alexandre de Ávila Gomide,2024-11-25 This book examines the impact

of democratic backsliding and populist governments on the public policy process Drawing on case studies from the USA Brazil Hungary Mexico Poland Turkey and the Philippines it assesses how elected populist governments have eroded policy capabilities and dismantled state apparatuses responsible for making and implementing policy The book offers a unique perspective into democratic backsliding through a public policy lens and considers why when and how policy processes change as a result of populist governments Numerous policy issues are analysed throughout the volume including environmental health and economic policies It will appeal to all those interested in public policy democracy studies and public administration Public Budgeting in African Nations Peter Fuseini Haruna, Shikha Vyas-Doorgapersad, 2016-04-14

Public Budgeting in African Nations aims to provide usable budgeting and fiscal policy management information to development practitioners interested in improving the performance of governments in the context of good governance It shares regional and cross cultural experiences with international audiences and gives reflective attention to comparative budgeting and fiscal policy management With a promising economic and fiscal forecast such information is timely for international development practitioners and for scholars and researchers interested in advancing development management This book adopts an interdisciplinary pragmatic approach to analyze and present research findings on public budgeting as a sustainable development tool The central argument is that development practice will benefit from a bottom up decentralized approach to budgeting and fiscal policy management involving national sub national and civil society institutions From this perspective a balanced budget should draw from and reflect values and priorities across the full spectrum of social and political life **Integrative Governance: Generating Sustainable Responses to Global Crises** Margaret Stout, Jeannine M. Love, 2018-07-20

Dominant governance theories are drawn primarily from Euro American sources including emergent theories of network and collaborative governance The authors contest this narrow view and seek a more globally inclusive and transdisciplinary perspective arguing such an approach is more fruitful in addressing the wicked problems of sustainability including social economic and environmental crises This book thus offers and affirms an innovative governance approach that may hold more promise as a universal framework that is not colonizing in nature due to its grounding in relational process assumptions and practices Using a comprehensive Governance Typology that encompasses ontological assumptions psychosocial theory epistemological concepts belief systems ethical concepts political theory economic theory and administrative theory the authors delve deeply into underlying philosophical commitments and carry them into practice through an approach they call Integrative Governance The authors consider ways this approach to radical self governance is already being implemented in the prefigurative politics of contemporary social movements and they invite scholars and activists to imagine governance in contexts of social economic and environmental interconnectedness to use the ideal type as an evaluative tool against which to measure practice and to pursue paradigmatic change through collaborative praxis A *Radically Democratic Response to Global Governance* Margaret Stout, Jeannine M. Love, 2016-12-08 This book presents a

critique of dominant governance theories grounded in an understanding of existence as a static discrete mechanistic process while also identifying the failures of theories that assume dynamic alternatives of either a radically collectivist or individualist nature Relationships between ontology and governance practices are established drawing upon a wide range of social political and administrative theory Employing the ideal type method and dialectical analysis to establish meanings the authors develop a typology of four dominant approaches to governance The authors then provide a systematic analysis of each governance approach thoroughly unpacking and critiquing each one and exploring the relationships and movements among them that engender reform and revolution as well as retrenchment and obfuscation of power dynamics After demonstrating that each governance approach has fatal flaws within a diverse global context the authors propose an alternative they call Integrative Governance As a synthesis of the ideal types Integrative Governance is neither individualist nor collectivist while still maintaining the dynamic character required to accommodate responsiveness to cultural contexts

The State of Citizen Participation in America Kaifeng Yang, Hindy Lauer Schachter, 2012-07-01 This book provides a state of the art assessment of citizen participation practice and research in the United States With contributions from a stellar group of scholars it provides readers an overview of a field at the heart of democratic governance Individual chapters trace shifts in participation philosophy and policy examine trends at different government levels analyze technology participation interactions identify the participation experiences of minority populations and explore the impact of voluntary organizations on this topic A five chapter section illustrates innovative cases Another section explores the role of various methodologies in advancing participation research The scope depth and timeliness of the coverage fills two voids in the public administration literature First the book provides a unique collection of articles for graduate courses in citizen participation and democratic governance The volume also offers an excellent compendium for researchers who are at the frontline of participation research and practice

Governance In Dark Times Practical Philosophy For Public Service Introduction

In the digital age, access to information has become easier than ever before. The ability to download Governance In Dark Times Practical Philosophy For Public Service has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Governance In Dark Times Practical Philosophy For Public Service has opened up a world of possibilities. Downloading Governance In Dark Times Practical Philosophy For Public Service provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Governance In Dark Times Practical Philosophy For Public Service has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Governance In Dark Times Practical Philosophy For Public Service. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Governance In Dark Times Practical Philosophy For Public Service. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Governance In Dark Times Practical Philosophy For Public Service, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the

legitimacy of the websites they are downloading from. In conclusion, the ability to download Governance In Dark Times Practical Philosophy For Public Service has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Governance In Dark Times Practical Philosophy For Public Service Books

1. Where can I buy Governance In Dark Times Practical Philosophy For Public Service books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
