Honderd Jaar Vrije Universiteit:

The Distinctive Character of the Free University in Amsterdam, 1880-2005 Arie Theodorus van Deursen, 2008-04-17 Translated by Herbert Donald Morton The central theme of this history is the Free University as a private institution founded to provide Christian higher education At its founding in 1880 the Vrije University had only five professors and five students Among the other public universities it struck an odd figure and seemed destined for failure Yet founder Abraham Kuyper never wavered in his determination to build a special Reformed Calvinist university Arie van Deursen here recounts the engrossing history of this unique university in its 125th year using fully documented archival sources to detail the school's ups and downs over the years

The Eclipse of Liberal Protestantism in the Netherlands Tom-Eric Krijger, 2019-09-16 In *The Eclipse of Liberal Protestantism in the Netherlands* Tom Eric Krijger is the first to offer a synthesis of the development of the Protestant modernist movement in Dutch religious social cultural and political life between 1870 and 1940 In historiography the liberal Protestant community is said to have lost appeal and influence in these decades due to a lack of theological clarity inner harmony and organisation Analysing liberal Protestants self perception vis vis Christian orthodoxy self understanding as a faith community attitude towards other alternatives to orthodoxy class consciousness literary criticism political commitment and involvement with foreign mission Krijger challenges this view Making an international comparison he argues that the Dutch modernist movement failed to make headway primarily due to liberal Protestant expectations and discourse

Createdness and Ethics Hans Schaeffer, 2012-02-13 This book contains a systematic description of

theologies of Colin E Gunton 1941 2003 and Oswald Bayer b 1939 Their use of the doctrine of creation in systematic theology has remarkable consequences for late modern theological ethics This book explores those consequences from the example of the theological doctrine of marriage The author also contributes to the ecumenical debate by building on the Neo Calvinist theological heritage *Neo-Calvinism and the French Revolution* James Eglinton, George Harinck, 2014-08-28 The French Revolution was the scene of much intellectual and social upheaval Its impact touched a wide range of subjects the relationship of the church to the state social relationships science literature fashion philosophy and theology Although the French Revolution s momentum was felt across Europe and North America it met a particularly interesting response in the Netherlands at that time the scene of a burgeoning neo Calvinist movement In that context the likes of Groen van Prinsterer Abraham Kuyper and Herman Bavinck responded to the French Revolution s ideals and influence in a variety of intellectual and practical ways This book approaches that Dutch response from a range of historical and theological perspectives and in so doing explores the relationship between the French Revolution and the development of neo Calvinism Beginning with historical portraits of Bavinck and Kuyper in relation to the Revolution the perspectives offered also include amongst others the place of multilingualism in neo Calvinism and the Revolution neo Calvinist and Revolutionary approaches to fashion a dialogue between Kuyperian theology and Kieslowski s Three Colours trilogy and a contemporary neo Calvinist critique of French la cit This book forms part of a wider Project neo Calvinism supported by the Theologische Universiteit Kampen and the VU University Amsterdam

In the Phrygian Mode Robert Sweetman, 2007 This volume has emerged from a small scholarly conference on the relationship between Christianity and Greco Roman civilization above all that civilization s characteristic patterns of philosophical thought The field of investigation is the neo Calvinist current within Dutch protestantism and the elaboration in the 1920s and 1930s of Calvinistic philosophy as one of its most distinctive effects this parish tale has more to recommend it than might appear at first blush For there is a good argument to be made why such a thoroughly local study can benefit a much broader segment of contemporary Protestantism De omweg van de wetenschap Kaat Wils, 2005 Het verhaal van de Belgische en de Nederlandse omgang met het positivisme kent grote parallellen Toch getuigde de intellectuele cultuur in beide landen van eigen gevoeligheden vergelijkbaar met de uiteenlopende ontwikkeling van het positivisme in Frankrijk en in Engeland Toen Nietzsche de legendarische grondlegger van het positivisme Auguste Comte in 1889 omschreef als een schrandere jezu et die via de omweg van de wetenschap de Fransen naar Rome had willen leiden gaf hij een rake typering van het negentiende eeuwse positivisme De wetenschap vormde voor het positivisme immers geen doel maar een weg waarlangs een groots maatschappelijk moreel en zelfs religieus project kon worden waargemaakt Dat veelvormige project charmeerde ook Belgische en Nederlandse intellectuelen Ook buiten het universitaire milieu in vrijdenkers en vrijmetselaarskringen en in politieke middens bleek het positivisme eveneens voorwerp van debat en controverse waarbij gediscussieerd werd over materialisme atheïsme of scientisme In De omweg van

de wetenschap schetst Kaat Wils een nieuw beeld van het negentiende eeuwse positivisme en de receptie ervan in België en Nederland Haar vergelijkende studie naar het Nederlandse en Belgische intellectuele klimaat laat zien hoezeer deze van elkaar verschilden

Jesus Christ, Hermeneutics, and Scripture Hans Burger, 2024-04-18 Soteriology not epistemology is the best entrance to theological hermeneutics and to the doctrine of Scripture The triune God uses Scripture to make the community of believers live in Christ We hear the words of Scripture in the light of Easter and Pentecost We understand Scripture from faith in Christ and with the mind of Christ At the same time we come to know Christ in Scripture and we receive the mind of Christ by reading Scripture We remain in Christ by remaining in the Word Understanding Scripture and Christlikeness mutually reinforce each other Living a Christian life with God and our neighbor in God's world will deepen our understanding of Scripture This book explores the complex relationships between Jesus Christ participation in Christ theological hermeneutics and the doctrine of Scripture It shows the necessity of a holistic approach of life knowledge understanding and renewal

Recent verleden J.J. Woltjer, 2012-01-11 Recent verleden is een glashelder en voor iedereen toegankelijk standaardwerk over Nederland in de twintigste eeuw Het geheel vormt geen verzameling feiten en weetjes maar is een uitwerking van de werkelijk belangrijke lijnen en bewegingen die tot het huidige Nederland hebben geleid Het is een breed opgezette geschiedenis van de Nederlandse maatschappij de politieke strijd de economie de sociale en godsdienstige stromingen Niet zozeer individuen staan in het middelpunt als wel de mentaliteit de geest van een periode de idealen en de ideologie n die het individu overstijgen Woltjer probeert greep te krijgen op de krachten van de tijd en heeft het aangedurfd om over alle specialismen heen een groot samenhangend werk te schrijven

Being in Christ Hans Burger, 2009-01-01 Being in Christ is a central theme in the message of the gospel It is central for understanding the relation of Christian believers and the church with Jesus Christ their Lord It determines the identity of a Christian It is helpful for understanding the presence of Christ and his salvation in the present It can be developed as an element of a theological ontology Finally it is a theme with a great integrating power In this book the theme being in Christ is analyzed in different perspectives The attention is focused on the reality of being in Christ its ontological implications First two representatives of the Reformed tradition are investigated the English Puritan John Owen and the Dutch Neo Calvinist Herman Bavinck Second a reconstruction of the Pauline and Johannine perspectives on being in Christ is provided Third the theme is examined in the

work of the English ethicist Oliver O'Donovan and the German Swiss theologian Ingolf U. Dalferth. In the final chapter the author gives his own systematic theological proposal of a concept of being in Christ. **The Low Countries History**

Yearbook 1982 J. De Belder, R. W. J. M. Bos, G. Teitler, C. B. Wels, C. Fasseur, A. Meynen, C. R. Emery, Johanna A.

Kossmann, 2012-12-06 The present volume number 15 of the *Acta Historiae Neerlandicae* which have been appearing since 1978 under the title *The Low Countries History Yearbook* is the last of the series. Economic reasons force the publishers to discontinue it. This is a matter for regret. Both the editors of the Yearbook and the board of the *Nederlands Historisch Genootschap* under the auspices of which it has been published are convinced that the books serve a useful purpose. We hope that in the future more favourable circumstances will enable Dutch and Flemish historians to start a second series. We feel however that the Yearbook should not be allowed to disappear completely. In our opinion one of its most attractive features has been the Survey of recent historical works on Belgium and the Netherlands published in Dutch. It is the intention of the *Nederlands Historisch Genootschap* to seek means to continue this in another form probably in that of pamphlets appearing every two years and written by the same or a similar group of experts. In that way we may be able to provide a useful service to our colleagues abroad. **The Low Countries History Yearbook**, 1982 Conscience Hendrik

Stoker, 2018-03-30 *Conscience: Phenomena and Theories* was first published in German in 1925 as a dissertation by Hendrik G. Stoker under the title *Das Gewissen: Erscheinungsformen und Theorien*. It was received with acclaim by philosophers at the time including Stoker's dissertation mentor Max Scheler, Martin Heidegger and Herbert Spiegelberg as quite possibly the single most comprehensive philosophical treatment of conscience and as a major contribution in the phenomenological tradition. Stoker's study offers a detailed historical survey of the concept of conscience from ancient times through the Middle Ages up to more modern thinkers including Schopenhauer, Nietzsche, Freud and Cardinal Newman. Stoker analyzes not only the concept of conscience in academic theory but also various types of theories of conscience. His work offers insightful discussions of problems and theories related to the genesis, reliability and validity of conscience. In particular Stoker analyzes the moral, spiritual and psychological phenomena connected with bad conscience which in turn illuminate the concept of conscience. The book is deeply informed by the traditions of western Christianity. Available for the first time in an accessible English translation with an introduction by its translator and editor Philip E. Blosser, it promises to be of interest to philosophers especially in Christian philosophy and phenomenology and also to all those interested in moral and religious psychology, ethics, religion and theology. Embracing the salt marsh J.A.W. Nicolay, M. Schepers, 2022-01-24 From a modern

day perspective it may seem odd that people should have chosen to dwell in the open salt marsh landscape along the Wadden Sea coast. While the beauty of the salt marshes is widely acknowledged, the idea of living there seems to suggest struggle and misery. Yet the salt marsh settlers dwelling on their settlement mounds or terps did not just survive or get by but actually managed to live a good life by embracing this marshy world and its peculiarities. This collection of papers focuses on foraging

farming and food preparation in the context of the salt marsh environment The various contributions celebrate the career and work of Annet Nieuwhof who has been an inspirational colleague and great friend to many of us She passionately embraced terp research always actively stimulating cooperation across disciplines as well as national borders Reflecting some of Annet s wide ranging interests the present volume is dedicated to her in friendship and gratitude Honderd jaar studentenleven aan de VU [Vrije Universiteit]. ,1980
