## **Honor And Shame Unlocking The Door:**

Honor and Shame, Unlocking the Door Roland Muller, 2013 Version three of Roland Muller's ground breaking book on worldview. Intended for an evangelical audience, this book presents the three common ancestral worldviews from a Biblical basis and examines how they influence our understanding of the gospel. This book comes highly recommended and is essential reading for those wishing to work cross culturally. Roland Muller introduces the concepts of guilt, fear, and shame based cultures showing their development over the years and their influence on our understanding of the gospel message. Muller examines the way we traditionally present the gospel and the difficulties this poses for those from a shame/honor background. A case study based on the Muslim cultures of the Middle East follows where he examines Islam in the light of shame and honor. In conclusion, Roland Muller presents us with the three fold message of the gospel which is understandable in whatever cultural setting we may work in. *DELIVERANCE THROUGH RESTORATION OF HONOR: SHAME AND HONOR IN PSALM 22* Jose Manuel S. Espeso, 2023-12-06 This book shows that in Psalm 22 the psalmist complains to God about his shame experiences and he prays to him for his deliverance from shame and the restoration of his honor. The book also presents the shame and honor values and means found in Psalm 22 which are related to the shame and honor status of the psalmist. It discusses the social values of patronage, kinship, family, and trust which are the key values the psalmist held on to maintain his honor, as discussed in the book. It also explains the means of forsakenness, abandonment, taunt speeches, nakedness, and feast meal that factor in the psalmist's shame and honor. The book also surveys the different deliverance terms which convey the psalmist's deliverance from shame. It shows Yahweh's active role in the restoration of the psalmist from shame to honor. The study adds an overview of the similarities and differences of how the same values and means were practiced in the Mediterranean and Mesopotamian and Israelite backgrounds. Contextualization and the Old Testament Jerry Hwang, 2022-09-26 Christianity is often viewed in Asia as a Western imposition Challenging this Dr Jerry Hwang examines the Old Testament's cultural engagement of its ancient Near Eastern context arguing that Scripture itself provides the ultimate model for contextualizing theology in Asia While it is common for missiological studies to ignore the Old Testament in their discussion of contextualization truly biblical contextualization must include the whole Bible not simply the New Testament This study provides insightful discourse between the Old Testament and various Asian contexts while demonstrating how Asian perspectives can help overcome the Eurocentrism prevalent in Old Testament scholarship This is an ideal resource for scholars and practitioners interested in a biblical perspective of contextualization especially as related to constructing theology that honors the truth of Scripture in the context of Asia

*Challenger: Vol.51, No.2*, *Advanced Missiology* Kenneth Nehrbass, 2021-04-02 Advanced Missiology draws the connections between the theory and practice of missions Using the metaphor of a river the book shows how theories upstream such as theology education anthropology community development and history have exerted an influence on missiology and missiology in turn has gone back upstream to influence those disciplines What causes these disciplines to converge in missiology is the goal of making disciples across cultures Whereas missiologists are not always explicit about how their abstract theories actually relate to the task of making disciples across cultures each chapter in Advanced Missiology shows how numerous theories sub fields models and strategies of missiology ultimately facilitate the Great Commission The book argues that by using interdisciplinarity for this fundamental purpose missiological studies will be more credible and useful With contributions from Rebecca Burnett Leanne Dzubinski Julie Martinez

*Reclaiming Love* Ajith Fernando, 2013-04-02 In 1 Corinthians 13 Paul places love at the very center of what it means to embrace life in Christ All other spiritual gifts are worth nothing in comparison But the love explained in those verses is nothing short of radical Fernando's pastoral work in the midst of the cultural and ethnic tensions of Sri Lanka often brought up a very real and

honest question Can the biblical teaching about love actually be practiced The answer he discovered is a resounding yes The radical love of God is not only real but it is the key to experiencing joy in the pain and suffering of this world Believers must look to the Scriptures for God s teaching on the true nature of love its divine origins and its power for those who trust in Christ This book offers reflections on the Bible s consistent teaching on love and shares real life experiences of learning to love in difficult situations

*Reconciliation and Building a Sustainable Peace* Cathy Bollaert,2019-02-02 This book explores how competing worldviews impact on intergroup relations and building a sustainable peace in culturally diverse societies It raises the question of what happens in a culturally diverse society when competing values and ways of interpreting reality collide and what this means for peace building and the goal of reconciliation Moreover it provides a valuable and needed contribution to how peace building interventions can become more sustainable if tied into local values and embedded in a society s system of meaning making The book engages with questions relating to the extent transitional policies speak to universal values and individualist societies and the implications this might have for how they are implemented in collective societies with different values and forms of social organisation It raises the question of cultural equality and transformation and whether or not this is something that needs to be addressed within peace building theory It argues that inculcating worldview into peace building theory and practice is a vital part of restoring dignity and promoting healing among victims and formerly oppressed groups This book therefore makes an important contribution to what is at best a partially researched topic by providing a deeper understanding of how identity and culture intersect with peace building when seeking to build a sustainable peace
