Hope Rising How Christians Can End Extreme Poverty In This Generation:

Hope Rising Scott Todd, 2014-05-06 Extreme poverty does not have to exist When Christians accept that fact and start living accordingly we will find the solution is already within our reach Worldwide 18 000 children die from preventable causes every day If that statistic leaves you feeling powerless you are not alone but you are wrong If a false sense of powerlessness has lulled you into apathy it s time to shake off the grogginess of low expectations and get to work We can make this world a place where kids do not die from easily preventable diseases In Hope Rising Scott Todd of Compassion International pens a galvanizing comprehensive vision of the movement that will eradicate extreme global poverty through transformative Christian generosity and do it within our lifetime Todd provides riveting evidence to show that we are much closer to that goal than you might think According to Todd we live in an historic moment and chances are you are already part of it The gospel is already reshaping lives from thoughtless consumption to informed concern Twenty first century Christians are generating multi continent grassroots movements through communications and travel Public and private sectors are working together It s a whole new era of philanthropy compassion and justice aimed at eradicating the pandemic of extreme global poverty This is a future we have the God given power to create This is the history we hope to write As Todd envisions The twenty first century Christians embraced the entirety of their gospel the truths it proclaims and the muscles it demands with a new integrity They did not deteriorate into humanist liberalism as some had feared Nor did they pile works on top of Grace They simply determined that their world did not need to have children dying of preventable causes such as dirty water

Suffer the Children Gary Scott Smith, Jane Marie Smith, 2017-01-31 We all say that we care about children We all know that millions of children around the world including in the United States are suffering physically materially and emotionally and are unable to reach their full potential Moreover their material deprivation and physical ills often prevent them from responding to the gospel Most of us conclude that we cannot do anything significant to help the impoverished children living in our own backyards let alone those living in the slums of Nairobi or the hinterlands of Haiti We can however do much to improve their lives materially and spiritually Through praying giving generously sponsoring children volunteering with aid organizations living more simply investing and shopping more prudently and advocating more zealously in the political arena we can make a difference We can prod politicians business executives and church leaders to prioritize aiding destitute children We can support one of the hundreds of organizations that are working effectively to help indigent children have better lives *Suffer the Children* describes the plight of poor children and provides many practical ways we can participate in one of the most important crusades to improve our world
