Love, Poetry, and Immortality William Gerber,1998 This book explores and illustrates the individuating characteristics and the interrelationships of love poetry and literary immortality such immortality that is as writers may win in the sense of being long remembered and appreciated by future readers From the book s numerous quotations of glittering literary passages it is evident that love is often expressed in poetry and that many authors especially those writing about love have expressed the winsome hope that their works would be greatly cherished by later generations Part One of the book illustrates by passages of matchless poetry the joys and perils of love and other outstanding features of love Part Two outlines the history of expressions by writers in many cultures of their confidence or hope that their works will make them immortal *The Augustan Art of Poetry* Robin Sowerby,2006-01-26 Publisher Description *The Oxford Guide*

English Translation and Classical Reception Stuart Gillespie,2011-02-23 English Translation and Classical Reception is the first genuine cross disciplinary study bringing English literary history to bear on questions about the reception of classical literary texts and vice versa The text draws on the author s exhaustive knowledge of the subject from the early Renaissance to the present The first book length study of English translation as a topic in classical reception Draws on the author s exhaustive knowledge of English literary translation from the early Renaissance to the present Argues for a remapping of English literary history which would take proper account of the currently neglected history of classical translation from Chaucer to the present Offers a widely ranging chronological analysis of English translation from ancient literatures Previously little known unknown and sometimes suppressed translated texts are recovered from manuscripts and explored in terms of their implications for English literary history and for the interpretation of classical literature

Horace's Odes and Carmen Saeculare Simon Preece,2021-05-11 At a time of extraordinary political upheaval Horace wrote poetry and proudly boasted that his Odes were bringing to Rome the metres and subject matter of the Greek lyric

poets who had flourished some six centuries earlier His achievement ensured that the Odes remained unique in Latin literature and they have continued to be read and loved for two thousand years Horace's metrical diversity is fundamental to his artistry so these translations recreate the original thirteen metres in English They are written in elegant verse which is always alert to the poems structure register rhetoric sound and syntax Special attention is given to the nuanced meanings of words in their context and to the implications of Horace's often highly unusual word order no Roman ever spoke such Latin except when reading the Odes aloud The translations are supported by a wide ranging introduction which provides biographical historical and literary context and shows several ways in which the Odes can respond to literary analysis The extensive notes constitute a commentary on all the poems drawing the reader from the translations to the facing text of Horace's Latin and offering brief discussions of textual literary linguistic metrical historical geographical mythological and religious issues Students and general readers will find the tools here to help them develop their own personal response to Horace's exceptional poetry while teachers will welcome the opportunity to compare poems across all four books of the Odes in equal detail

Pope, Print, and Meaning J. McLaverty, 2001 Pope's fascination with print with annotations illustrations parallel texts title pages revisions shapes this reading of his work The book offers fresh insights into Pope's self presentation and his relation to his readers he emerges as a figure marginalized socially politically and sexually who gambles with his private life in confronting his opponents

The Shipwreck Sea Jeffrey M. Duban, 2019-01-28 Sappho in the words of poet Algernon Charles Swinburne 1837-1909 was simply nothing less as she is certainly nothing more than the greatest poet who ever was at all Born over 2 600 years ago on the Greek island of Lesbos Sappho the namesake lesbian wrote amorously of men and women alike exhibiting both masculine and feminine tendencies in her poetry and life What's left of her writing and what we know of her is fragmentary and thus ever subject to speculation and study The Shipwreck Sea highlights the love poetry of the soulful Sappho the impassioned Ibycus and the playful Anacreon among other Greek lyric poets of the age 7th to 5th centuries BC with verse translations into English by author Jeffrey Duban The book also features selected Latin poets who wrote on erotic themes Catullus Lucretius Horace and Petronius and poems by Charles Baudelaire with his milestone rejoinder to lesbian love Lesbos and in the same stanzaic meter a turn to the consoling power of memory in love's more frequently tormented recall Le Balcon Duban also translates selected Carmina Burana of Carl Orff the poems frequently Anacreontic in spirit The book's essays include a comprehensive analysis with a new translation of Horace's famed Odes 1-5 To Pyrrha in which the theme of love's shipwreck predominates and an opening treatise length argument exploring painting sculpture literature and other Western art forms on the irrelevance of gender to artistic creation No Homer was not a woman and it would make no difference if she were Twenty full color artwork reproductions masterpieces in their own right illustrate and bring Duban's argument to life Finally Duban presents a selection of his own love poems imitations and pastiches written over a lifetime these composed in the classical mode which is the leitmotif of this volume The Shipwreck

Sea is a delightful and continually thought provoking companion to *The Lesbian Lyre* both books vividly demonstrating that classicism yet thrives in our time despite the modernism marshaled against it **Christopher Smart's English Lyrics**

Rosalind Powell, 2016-05-23 In the first full length study of Christopher Smart's translations and the place and function of translation in Smart's poetry Rosalind Powell proposes a new approach to understanding the relationship between Smart's poetics and his practice Drawing on translation theory from the early modern period to the present day this book addresses Smart's translations of Horace Phaedrus and the Psalms alongside the better known religious works such as *Jubilate Agno* and *A Song to David* Five recurrent threads run throughout Powell's study the effect of translation on the identity of a narrative voice in a rewritten text the techniques that are used to present translated texts to a new literary cultural and linguistic readership performance and reading contexts the translation of great works as an attempt to achieve literary permanence and finally the authorial influence of Smart himself in terms of the overt religiosity and nationalism that he champions in his writing In exploring Smart's major translation projects and revisiting his original poems Powell offers insights into classical reception and translation theory attitudes towards censorship expressions of nationalism in the period developments in liturgy and hymnody and the composition of children's books and school texts in the early modern era Her detailed analysis of Smart's translating poetics places them within a new contemporary context and locality to uncover the poet's works as a coherent project of Englishing **The Use of English**, 1995 Translation and the Classic Alexandra

Lianeri, Vanda Zajko, 2008-08-21 This collection of 18 essays including one by Nobel Prize winning author J M Coetzee explores the fascinating and nuanced relationship between translation and the classic text The Tears and Smiles of Things Andriy Sodomora, 2024-03-12 An evocative collection of vignettes and essays from Ukraine's voice of classical antiquity now available in English for the first time Inspired by Virgil's exquisitely ambivalent phrase *sunt lacrimae rerum* there are tears of for in things Andriy Sodomora the Ukrainian voice of classical antiquity has produced a series of original vignettes and essays about things the big things in our lives like happiness loneliness and aging the small things we do or see daily rarely paying attention to them like a tree's shadow or the kernels on an ear of corn and the things i.e. objects to which we form connections The selected stories presented here are the first English translations of Sodomora's profoundly intellectual and intertextual prose Through his nostalgic memories and recollections Sodomora takes readers on a journey through western Ukraine as well as through world literature from ancient Greece and Rome to the poetry of Paul Verlaine and Federico Garc a Lorca This book has been published with the support of the Translate Ukraine Translation Program

Translation and the Poet's Life Paul Davis, 2008-09-04 Between the Civil War and the early decades of the eighteenth century English poets of the first rank devoted more of their time and creative energies to translating than they had ever done before or have ever done since Paul Davis's *Translation and the Poet's Life* is the first study to range across the entirety of this golden age of poetic translation in England taking as its organizing principle and object of inquiry the significances of

translating itself as a distinctive mode of imaginative conduct Composed of case studies of the five leading poet translators of the age John Denham Henry Vaughan Abraham Cowley John Dryden and Alexander Pope it explores the part translation played in their lives as poets and thence in modelling the poet's life during what was a period of transition between early modern and modern constructions of it The argumentative method of the book is metaphorical Each chapter explores the impact on the theory and practice of the poet at issue of a metaphor or group of metaphors broadly current in contemporary translation discourse in particular figurations of the translator as an exile as a child as a code breaker and as a slave and comparisons of translation to friendship sexual congress metamorphosis and trade The majority of these metaphors were wholly or potentially pejorative translation remained a controversial practice throughout this period widely depreciated and stigmatized Turning translator accordingly forced the five major poets considered in *Translation and the Poet's Life* to undertake strenuous efforts of self inquiry and self presentation to find new answers to questions integral to their understandings of themselves and their standing in their culture questions about vocation and career fame and happiness responsibility and freedom *Translation and the Poet's Life* tells the stories of these personal and public remakings **Books for College Libraries: Language and literature**, 1975 *Roman Poets in Modern Guise* Theodore Ziolkowski, 2020 Identifies and explores Roman modes of poetry as received by twentieth and twenty first century Anglo American German and French poets *The Alcaic Metre in the English Imagination* John Talbot, 2022-06-16 This book reveals how a remarkable ancient Greek and Latin poetic form the alcaic metre found its way into English poetry and continues shaping the imagination of poets today English poets have always admired the extraordinary beauty and intricacy of the alcaic stanza Tennyson called it the grandest of all measures and their inventive responses to the ancient alcaic have generated remarkable innovations in the rhythms sounds and shapes of modern poetry This is the first book length study of this neglected strand of English literary history and classical reception Attending closely to the rhythm and texture of their verses John Talbot reveals surprising connections between English poets across five centuries among them Mary Shelley Milton Marvell Tennyson Edward FitzGerald Wilfred Owen W H Auden and Donald Hall He gives special attention to a flourishing of English alcaics during the late twentieth and twenty first centuries and what it suggests about the changing place of classics and poetic form in contemporary culture *The Etymological Poetry of W. H. Auden, J. H. Prynne, and Paul Muldoon* Mia Gaudern, 2020-07-10 This book defines analyses and theorises a late modern etymological poetry that is alive to the past lives of its words and probes the possible significance of them both explicitly and implicitly Close readings of poetry and criticism by Auden Prynne and Muldoon investigate the implications of their etymological perspectives for the way their language establishes relationships between people and between people and the world These twin functions of communication and representation are shown to be central to the critical reception of etymological poetry which is a category of difficult poetry However resonant poetic etymologising may be critics warn that it shows the poet's natural interest in language

degenerating into an unhealthy obsession with the dictionary It is unavoidably pedantic in the post Saussurean era to entertain the idea that a word's history might have any relevance to its current use As such etymological poetry elicits the closest of close readings thus encouraging readers to reflect not only on its own pedantry obscurity and virtuosity but also on how these qualities function in criticism As well as presenting a new way of reading three very different late modern poet critics this book addresses an understudied aspect of the relationship between poetry and criticism Its findings are situated in the context of literary debates about difficulty and diction and in larger cultural conversations about the workings of language as a historical event
