Richard F. Lovelace, 2002-04-30 In recent times the question of homosexual rights has burst upon the scene becoming a burning emotional controversy Many church leaders have become embroiled in debate and entire denominations are sharply divided over this issue Though the church has traditionally served as a moralistic commentator on the sidelines it now finds itself in the middle of this controversy Should self affirmed sexually active homosexuals be ordained as ministers Should they even be welcomed as fellow believers How should the Bible be interpreted and what is its role in ethical guidance of reason experience and the Holy Spirit Should the

church tolerate a diversity of convictions and life styles in its sexual ethic In *Homosexuality How Should Christians Respond* Dr Richard F Lovelace deals with these questions from an evangelical point of view He presents the historic church position from Augustine to Theilicke and surveys and analyzes the literature of recent decades which challenges the historic position Biblical texts that speak specifically on homosexual behavior are studied extensively and brought into sharp focus by corollary Scripture passages This is an intensely practical book sensitively written to help the church reach out to the needs of homosexuals in constructive and compassionate ways

The Hermeneutics of Participation Greg McKinzie, 2025-07-15 Many theological interpreters of Scripture have claimed that church practices produce well formed readers But which practices Greg McKinzie argues that missional hermeneutics challenges the church to include participation in God's mission among the indispensable components of readerly formation After a quarter century of contemporary reflection on missional theology however the meaning of participation in God's mission remains vague In order to explain why it is a critical hermeneutical experience therefore McKinzie sets out to develop a theological account of missional participation that incorporates the concepts of the *polis* embodied narrativity and solidarity Then in conversation with the hermeneutical phenomenology of Paul Ricoeur the study suggests how theologically recontextualizing a model of the movement from embodied commitments to textual interpretation in terms of participation in God's mission illuminates the epistemic reconstitution of the church's theological interpretation of Scripture Understanding participation in God's mission as theological interpretation's proper locus theologicus should reorient the notion of readerly formation because the formation of missional readers is the process in which God opens the reading community's embodied eyes of faith through the works of faith seeking understanding

Safeguarding the Stranger Jayme R Reaves, 2017-08-31 In our troubled world protective hospitality is tragically necessary and requires informed shared action and belief on behalf of the threatened other In *Safeguarding the Stranger* Jayme R Reaves argues that protective hospitality and its faith based foundations as seen in the Abrahamic traditions of Judaism Christianity and Islam merit greater theological attention Reaves shows that the practice of protective hospitality in Christianity can be enhanced by a better understanding of Jewish and Muslim practices of hospitality as well as of their codes and etiquettes related to honour *Safeguarding the Stranger* draws on a contextual and political theological approach informed by liberation and feminist theologies as viewed through the lens of a co operative and complementary theological view which is influenced by inter religious Abrahamic and hospitable approaches to dialogue forecasting the positive role that religions can play in resolving conflicts **God vs. Gay?** Jay Michaelson, 2012-05-08 A passionate argument for LGBTQ equality within religious communities a book for our times and a book for the ages *EDGE* The myth that the Bible forbids homosexuality the myth of God versus Gay is behind some of the most divisive and painful conflicts of our day In this

provocative and game changing book scholar and activist Jay Michaelson shows that the Bible does not prohibit same sex intimacy but does quite the opposite In fact the vast majority of the Bible s teachings support the full equality and dignity of LGBTQ people from the first flaw it finds in creation It is not good for a person to be alone to the way religious communities grow through reflection and conscience Michaelson argues passionately for equality not despite religion but because of it With close readings of the Hebrew Bible and New Testament the latest data on the science of sexual orientation and a sympathetic accessible and ecumenical approach to religious faith Michaelson makes the case that sexual diversity is part of the beauty of nature The recognition of same sex families will strengthen not threaten the values religious people hold dear Whatever your views on religion and sexual diversity God vs Gay is a plea for a more compassionate informed conversation and a first step toward creating one
