Hostile Takeover Resisting Centralized Governments Stranglehold On America:

Hostile Takeover Matt Kibbe, 2024-01-17 A rebellious challenge to the upper management of government who are choking American prosperity and liberty The American enterprise grew exceptional based on the founding principles of individual freedom decentralized knowledge and accountable constitutionally limited government But our leaders from Washington D C have systematically replaced the dispersed genius of America with top down dictates and expensive schemes designed to expand the power of insiders and protect the privileged positions of politicians bureaucrats and their cronies Freedom not centralization Decentralized freedom has become the strategy that will return America to its founding values breaking up centralized government s monopoly on power and returning it to where it belongs with We the People Senior management has failed us It s time to clean house In *Hostile Takeover* bestselling author Matt Kibbe exposes the privileged collusion of Washington insiders and maps out a proven plan for how to return power from the self appointed experts back to the people Dubbed one of the Tea Party s masterminds by Newsweek Kibbe reveals how grassroots citizens can and will check the federal behemoth and restore the American enterprise to its founding principles **Capitalism Contested**

Romain Huret, Nelson Lichtenstein, Jean-Christian Vinel, 2020-12-11 In the historical narrative that prevails today the New Deal years are positioned between two equally despised Gilded Ages the first in the late nineteenth century and the second characterized by the world of Walmart globalization and right wing populism in which we currently live What defines these two ages is an increasing level of inequality legitimized by powerful ideologies namely Social Darwinism at the end of the nineteenth century and neoliberalism today In stark contrast the era of the New Deal was first and foremost an attempt to put an end to inequality in American society In the historical *longue dur e* it appears today as a kind of golden age when policymakers and citizens sought to devise solutions to the two major questions labor on one side social on the other that were at the heart of the American political economy during the twentieth century *Capitalism Contested* argues that the New Deal order remains an effective framework to make sense of the transformation of American political economy over the last hundred years Contributors offer an historicized analysis of the degree to which that political economic and ideological order persists and the ways in which it has been transcended or even overthrown The essays pay attention not only to those ideas and social forces hostile to the New Deal but to the contradictions and debilities that were present at the inauguration or became inherent within this liberal impulse during the last half of the twentieth century The unifying thematic among the essays consists not in their subject matter politics political economy social thought and legal scholarship are represented but in a historical quest to assess the transformation and fate of an economic and policy order nearly a century after its creation Contributors Kate Andrias Romain Huret William P Jones Nelson Lichtenstein Nancy MacLean Isaac William Martin Margaret O Mara K Sabeel Rahman Timothy Shenk Elizabeth Tandy Shermer Jason Scott Smith Samir Sonti Karen M Tani Jean Christian Vinel *Democracy in Chains* Nancy MacLean, 2017 In *Democracy in Chains* award winning historian Nancy

MacLean reveals a troubling prospect Since its inception the Radical Right has worked to change not simply who rules but to fundamentally alter the rules of democratic governance themselves She names the Right s true founder the Nobel Prize winning political economist James McGill Buchanan and dissects the operation he and his colleagues designed to alter government at both the federal and state levels the judiciary and the law

Give Us Liberty
Dick Arme y, Matt Kibbe, 2011-08-30 Give Us Liberty is written for every American who is ready to stand up to the federal government s unprecedented power spending and intrusion on personal freedom As millions are realizing our country s future has been dangerously compromised as the national debt spirals out of sight to pay for a litany of irresponsible federal policies Obamacare Wall Street sweetheart deals liberals pet social programs Congressional pork foreign aid and new military adventures Dick Arme y and Matt Kibbe economists and influential supporters of Tea Party activists and candidates across the country explain what s at stake why limited government is the answer to our crisis and how we can renew American prosperity by studying the lessons of the revolutionary era This paperback edition also features a new foreword by Glenn Beck

Don't Hurt People and Don't Take Their Stuff
Matt Kibbe, 2014-04-01 Do you believe in the freedom of individuals to determine their own future and solve problems cooperatively Don t hurt people and don t take their stuff Simple and straightforward that s liberty in a nutshell no assembly required And yet it seems like more and more the decisions Washington makes about what to do for us or to us or even against us are having an increasingly adverse impact on our lives Young people can t find jobs millions of Americans are losing the health care plans they were promised they could keep and every one of us is somehow being targeted monitored snooped on conscripted induced taxed subsidized regulated or otherwise manipulated by someone else s agenda based on someone else s decisions made in some secret meeting or closed door legislative deal What gives Our government is out of control But setting things right again requires that you step up and take your freedom back From Matt Kibbe the influential leader of FreedomWorks Don t Hurt People and Don t Take Their Stuff is the first true manifesto of a new libertarian grassroots movement As political powermongers and crony corporatists in Washington continue to consolidate their control and infringe on our most fundamental liberties Kibbe makes the libertarian case for freer people more voluntary cooperation and solving problems from the bottom up He calls out the tyranny of faceless bureaucrats with too much power and discretion laying out a clear road map for restoring liberty A witty yet piercing critique of government s expanding control over you and your future Don t Hurt People and Don t Take Their Stuff is a vital read for all those who cherish personal liberty and the unalienable right to choose your own path in life

Hostile Takeover
David Sirota, 2007-05-22 Do you ever wonder if there s a connection between the corruption scandals in the news and the steady decline in the quality of life for

millions of Americans Do you ever wonder what corporations get for the millions of dollars they pour into the American political system Do you ever think the government has been hijacked by forces hostile to average Americans Do you ever want to fight back Millions of Americans lack health care and millions more struggle to afford it Politicians claim they care then pass legislation that just sends more cash to the HMOs Wages have been stagnant for thirty years even as corporate profits skyrocket Politicians say they want to fix the problem and then pass bills written by lobbyists that drive wages even lower and punish those crushed by debt Jobs are being shipped overseas pensions are being cut and energy is becoming unaffordable And our government more concerned about maintaining its corporate sponsorship than protecting its citizens does nothing about it In *Hostile Takeover* David Sirota a major new voice in American politics seeks to open the eyes of ordinary Americans to the fact that corporate interests have undermined democracy aided and abetted by their lackeys in our allegedly representative government At a time when more and more of America's major political leaders are being indicted or investigated for corruption Sirota takes readers on a journey that shows how all of this nefarious behavior happened right under our noses and how the high profile scandals are merely one product of a political system and debate wholly owned by Big Money interests Sirota considers major public issues that feel intractable like spiraling health care costs the outsourcing of jobs the inequities of the tax code and out of control energy prices and shows how in each case workable solutions are buried under the lies of lobbyists the influence of campaign cash and the ubiquitous spin machine financed by Big Business With fiery passion pinpoint wit and lucid analysis *Hostile Takeover* reveals the true enemies of reform and their increasingly sophisticated and hostile tactics It's an essential guidebook for those of us tired of the government selling us out and determined to take our country back Also available as an eBook *America's Hostile Takeover!* Terry L. Cook, 2009-12-06

Bend over America Martial law is coming very soon If you are still asleep and don't realize that an impending total financial collapse will be followed by a brutal communist military dictatorship then you need to awaken now to this cold hard reality and prepare for it immediately Indeed it should be obvious to everyone that President B Hussein Obama is an America hating Muslim Communist who's actually a puppet leader of the Council On Foreign Relations international New World Order globalists who are implementing their final End Game plan for a global communist government via the United Nations Accordingly you need to acquire this book quickly and study it thoroughly as it will inform and prepare you for the harsh realities that soon will unfold in our once great nation In fact you need to prepare now for America's Hostile Takeover
