Golf Architecture Classics Of Golf:

The Classics of Golf Edition of Golf Architecture Alexander Mackenzie, 1987 MacKenzie tells all about the design of golf courses including Augusta National Cypress Point and Royal Melbourne all designed by him and considered three of the top ten in the world The Classics of Golf Edition of Golf Architecture by Dr. A. MacKenzie Foreword by Herbert Warren Wind Afterword by Lewis A. Lapham Appendix: Cypress Point Golf Club Prospectus and Map A. MacKenzie, Herbert Warren Wind, Lewis A. Lapham, University of St. Andrews. Library. Golf Collection, 1987 *The Golf Course* Geoffrey S. Cornish, 1984

Be the Pine, Be the Ball Paul J. Zingg, 2018-04-27 Focusing on the landscapes and memory of golf and examining the games nature and appeal this collection of seventy two haiku poems and essays aims to lead readers to a fuller appreciation of the culture and history of golf and a deeper awareness of a players place in the game *Be the Pine Be the Ball* also reveals the compelling beauty and power of haiku the most popular poetic form in the world Through the brevity of its style precise language and ability to reveal how ordinary moments and elements of our lives are pathways to a better understanding of ourselves and the world around us haiku can have both a meditative and consequential effect on the reader A key to the connection between haiku and golf is that both foster powers of concentration and detailed observation with a related reduction of distractions Both seek to cultivate a more tranquil and disciplined mind and to translate that condition into how a life is lived and a game is played *Classic Golf Hole Design* Robert Muir Graves, Geoffrey S. Cornish, 2002-10-15 Der Bau von Golfanlagen boomt nicht nur in den USA und Asien sondern weltweit Classic Golf Holfe Design ist ein praktischer Ratgeber f r Landschaftsarchitekten und andere Fachleute die in die Gestaltung oder Umgestaltung von Golfpl tzen involviert sind Jedes klassische Loch wird aus Designerperspektive genau beschrieben und zwar u a im Hinblick auf grundlegendes Lochdesign Wartung und Pflege sowie auf seine Auswirkungen f r das Golfspiel selbst Zu jedem klassischen Loch gibt es jeweils drei Musterbeispiele die anschaulich demonstrieren inwieweit welches Muster f r eine Neuanlage geeignet sind Die Autoren Graves und Cornish sind beide ehemalige Pr sidenten der American Society of Golf Course Architects und z hlen zu den ber hmtesten und angesehensten Golfplatzarchitekten Amerikas Sie haben zusammen ber 1 000 Golfpl tze entworfen oder umgestaltet und ber 60 Seminare zum Thema Golfplatzdesign gehalten **A.W. Tillinghast** Philip Young, 2005 Those who love the game of golf are continually fascinated by the courses that have been designed by the great architects of what has come to be known as the Golden Age of Course Design They are especially intrigued by the man who might be the greatest of them all Albert Warren Tillinghast Tilly the Terror whose courses the last of which were designed almost seventy years ago even in our day are considered among the finest and sternest tests and are the sites of numerous national and major championships are unique works of art created by a master s genius Yet he was far more than a man who designed golf courses Tillinghast the man has been largely an unknown and misunderstood genius over the years So many golfers have stood on a tee and looked out at the hole unfolding before their eyes and been in awe of what they see a work of art that

demands and challenges them in ways no other course has before for they are playing a Tillinghast golf course Frustrating and fun its inherent beauty and difficulty mix together to create an experience that brings them back to play it over and over regardless of score His courses are what golf is all about Imagine what it would be like to be able to get inside his mind to be able to know what he was thinking and seeing and to understand why his thoughts and philosophies of design were so different and greater than his contemporaries and remain so till this day In this story of the man Philip Young has accomplished what no other writer has done or even attempted until now the first true biography of a golf course architect The numerous photographs and drawings of his golf courses and individual holes serve as mere backdrops to the story of his life From Pardon Tillinghast arriving in Providence in 1645 on down to the death of Tilly s beloved wife Lillian in 1952 some ten years after his own passing we see the boy grow into the man despite the battles against depression alcohol and his many early life failures that he waged in public and the privacy of his own thoughts A complicated man who battled numerous inner demons it was his father and his trips to St Andrews in the 1890 s where he developed a unique relationship with Old Tom Morris that led to his designing golf courses and finding his purpose in life He became a man who everyone wanted to be around and know From Thomas Edison to Rosalind Russell politicians sport figures and the most common of men he treated all alike and enjoyed their company For these and many other reasons this book will be enjoyed by all who love a good story whether they can swing a golf club or not He was a man unafraid of any challenge from building a golf course on the side of a mountain that everyone else said couldn t be done to touring America and consulting for any PGA Professional who wanted his services in the twilight of his life he was unstoppable until that morning in 1942 when his heart finally gave out His life provides lessons for many and this story a delightful read for all I hope you enjoy it Philip Young August 2005
