The History of the Religious Movement of the Eighteenth Century, Called Methodism Abel Stevens,1861 **The Philosophy of Debt** Alexander X. Douglas,2015-11-06 I owe you a dinner invitation you owe ten years on your mortgage and the government owes billions We speak confidently about these cases of debt but is that concept clear in its meaning This book aims to clarify the concept of debt so we can find better answers to important moral and political questions This book seeks to accomplish two things The first is to clarify the concept of debt by examining how the word is used in language The second is to develop a general principled account of how debts generate genuine obligations This allows us to avoid settling each case by a bare appeal to moral intuitions which is what we seem to currently do It requires a close examination of many institutions e g money contract law profit driven finance government fiscal operations and central banking To properly understand the moral and political nature of debt we must understand how these institutions have worked how they do work and how they might be made to work There have been many excellent anthropological and sociological studies of debt and its related institutions Philosophy can contribute to the emerging discussion and help us to keep our language precise and to identify the implicit principles contained in our intuitions **Harper's New Monthly Magazine** ,1860 **The Merry Adventures of Robin Hood** Говард Пайл,2021-03-16 **The Merry Adventures Of Robin Hood** Pyle H., Catalogue of the Printed Books in the Library of the Faculty of Advocates ...
