Good Sex Illustrated Semiotexte Foreign Agents:

Good Sex Illustrated Tony Duvert, 2007-11-02 This title offers a scathing view of sex manuals for children and society's hypocrisy of over sex that argues for the rights of children to their own bodies and their own sexuality Written in the wake of May 1968 and Deleuze and Guattari's *Anti Oedipus* Tony Duvert's *Good Sex Illustrated* *Le bon sexe illustre* was part of the miraculous moment when sexuality could turn the world upside down and reveal social hypocrisy for what it was Bitterly funny and unabashedly anarchistic *Good Sex Illustrated* openly declares war on mothers family psychoanalysis morality and the entire social construct through a close reading of sex manuals for children Published in 1973 one year after Duvert won the prestigious Prix Medicis it proved that accolades had not tempered his scathing wit or his approach to such taboo topics as pedophilia This translation by award winning author Bruce Benderson will belatedly introduce English speaking audiences to the most infamous gay writer from France since Jean Genet first hit the scene in the 1940s *American Literature and Science* Robert Scholnick, 2021-10-21 Literature and science are two disciplines often thought to be unrelated if not actually antagonistic But Robert J Scholnick points out that these areas of learning up through the beginning of the nineteenth century were understood as parts of a unitary endeavor By mid century they had diverged but literature and science have continued to interact conflict and illuminate each other In this innovative work twelve leaders in this emerging interdisciplinary field explore the long engagement of American writers with science and uncover science's conflicting meanings as a central dimension of the nation's conception of itself Reaching back to the Puritan poet minister physician Edward Taylor who wrote at the beginning of the scientific revolution and forward to Thomas Pynchon novelist of the cybernetic age this collection of original essays contains essential work on major writers including Franklin Jefferson Poe Emerson Thoreau Twain Hart Crane Dos Passos and Charles Olson Through its exploration of the ways that American writers have found in science and technology a vital imaginative stimulus even while resisting their destructive applications this book points towards a reconciliation and integration within culture An innovative look at a neglected dimension of our literary tradition *American Literature and Science* stands as both a definition of the field and an invitation to others to continue and extend new modes of inquiry [Forthcoming Books](#) Rose Army, 2003 **Cassette Mythos** Robin James, 1992 Fiction Essays reports art stories comics and manifestoes from the citizens of the real music underground where the cassette tape and the home studio have provoked a mass exodus into basements bedrooms or garages around the world These networkers in conjunction with the Zine Culture and the International Postal System manically produce trade and distribute their own music in their own style and for their own purposes free from the censoring perception clogging nets of cash and commerce forging what has fondly become known as the Cassette Culture **Whitaker's Books in Print** , 1998
