Good Dad Bad Dad:

Good Dad / Bad Dad David George, 2007-03-06 Fatherhood 101 without the trial and error David George's father died when he was three months old. As the youngest in his family and the only boy, he had no male role model. When he married, he had two children, both boys. David, an award-winning advertising copywriter, had to figure everything out for himself, asking, "Did I make the right decision? Was I a good or a bad dad?" The result is *Good Dad Bad Dad: A Daddy 101 Manual*, minus the trial and error. Topics range from baby proofing your house to setting up a 529 college plan and everything in between. Conversational, boisterous, and sometimes irreverent, it's like getting expert advice from a favorite buddy with humor and a whole lot of heart. *Good Dad, Bad Dad* V. Faithe Faust, 2018-07-25 In *Good Dad Bad Dad: Whos Your Daddy* V. Faithe Faust challenges the common phrase "we are all God's children" and sets out to reveal that on the contrary, we are not all God's children because some people have a daddy name Satan. It is thought-provoking and will most certainly get you thinking in a different way about the subject. The author uses a wealth of Biblical references and interesting personal ideas to drive her point home. Faust will deal with questions such as: "Is the once saved always saved mantra true? Can you still be a sinner and not know it? Can Jesus really be the only way to God? How do you know you're a true child of God? You will be sure to have something to discuss with others after reading her compelling work." ***Good Dad, Bad Dad*** V. Faithe Faust, 2018-07-25 In *Good Dad Bad Dad: Whos Your Daddy* V. Bad Dad Dave Lieber, 2011 A newspaper columnist investigates the shenanigans of a small town police department, then pays a price for it. After he orders his misbehaving 11-year-old son to walk home from a local restaurant, police arrest him for two felony counts. A true story thriller about parental responsibility, small town corruption, and the consequences of being a public figure. *Good Dad, Bad Dad* Oluremi Makinde, PH D, 2025-05-03 What makes a dad good? What drives one to become bad? *Good Dad Bad Dad: A Journey Through Parenting* follows the internal world of Alex, a father navigating two starkly different parenting paths. This thought-provoking narrative dives deep into the emotional, cultural, and psychological tug of war that fathers face in shaping their legacy. Through Alex's eyes, readers witness the subtle yet profound differences between discipline and cruelty, encouragement and pressure, love and obligation. With vulnerability and insight, the story explores how past wounds, societal expectations, and conscious decisions define the kind of father one becomes. This book is both a mirror and a guide, encouraging every father to reflect on their parenting philosophy and choose a better path. A

Teenage Pregnancy Anne L Dean, 2013-05-13 Unwed teenage pregnancy is a national problem and a puzzle for clinicians and social psychologists For how are we to understand a pattern of behavior that is strongly motivated and yet likely to end in unfortunate outcomes Moreover why does the pattern of unwed teenage pregnancy repeat in successive generations in some families despite education and previous experience whereas in other families the pattern is broken Reporting on intensive social and psychological research in a rural African American community in Louisiana Anne Dean offers a compelling view of this phenomenon that integrates historical and economic analysis with a sensitive psychological inquiry into the minds of mothers and daughters and the patterns of communication between them *Teenage*

Pregnancy The Interaction of Psyche and Culture transcends earlier investigations by going beyond conventional research strategies to test psychodynamic theories about the formation of internal worlds Drawing on the work of Erik Erikson and Hans Loewald Dean not only finds empirical justification for psychodynamic theories of psychic structure but also extends the scope and methodology of attachment research in an exciting new direction Specifically her analysis reveals how different kinds of attachment relationships between mothers and daughters manifest themselves in adolescence as internal working models that become the templates for interpreting and acting upon contradictory economic social and familial expectations In demonstrating how social factors and cultural schemas interact with psychodynamic motives and structures Teenage Pregnancy has widespread applicability to social science research in general And it offers psychodynamically oriented clinicians working with adolescents the opportunity to become better acquainted with the ways in which mother daughter relationships gain expression in the identity choices of teenage girls
