*Google Power Search* Stephan Spencer, 2011-07-16 Behind Google's deceptively simple interface is immense power for both market and competitive research if you know how to use it well. Sure basic searches are easy but complex searches require specialized skills. This concise book takes you through the full range of Google's powerful search refinement features so you can quickly find the specific information you need. Learn techniques ranging from simple Boolean logic to URL parameters and other advanced tools and see how they're applied to real world market research examples. Incorporate advanced search operators such as filetype, intitle, daterange and others into your queries. Use Google filtering tools including Search Within Results, Similar Pages and SafeSearch among others. Explore the breadth of Google through auxiliary search services like Google News, Google Books, Google Blog Search and Google Scholar. Acquire advanced Google skills that result in more effective search engine optimization (SEO).

**Google Power Search** Stephan Spencer, 2021-08-03 Imagine what would happen to your productivity if your most challenging Web searches never failed and your ordinary Web searches more quickly returned the most relevant results. Over the course of a year, efficient searches and relevant results could add up to days of recovered time. In this book, I'll show you how to start saving time by mastering all aspects of the Google search engine and its dozens of related services and technologies. I'll help you understand how Google processes your query as a set of keywords, phrases or natural language questions and I'll teach you how to use lesser known search tools, operators and hidden features to filter and refine broad result sets. No matter how well you know Google, I guarantee you'll learn something new in *Google Power Search* Third Edition.
