*Hollywood Ending* Ken Auletta, 2022-07-12 A vivid biography of Harvey Weinstein how he rose to become a dominant figure in the film world how he used that position to feed his monstrous sexual appetites and how it all came crashing down from the author who has covered the Hollywood and media power game

for The New Yorker for three decades Twenty years ago Ken Auletta wrote an iconic New Yorker profile of the Hollywood mogul Harvey Weinstein who was then at the height of his powers The profile made waves for exposing how volatile even violent Weinstein was to his employees and collaborators But there was a much darker story that was just out of reach rumors had long swirled that Weinstein was a sexual predator Auletta confronted Weinstein who denied the claims Since no one was willing to go on the record Auletta and the magazine concluded they couldn't close the case Years later he was able to share his reporting notes and knowledge with Ronan Farrow he cheered as Farrow and Jodi Kantor and Megan Twohey finally revealed the truth Still the story continued to nag him The trail of assaults and cover ups had been exposed but the larger questions remained What was at the root of Weinstein's monstrosity How and why was it never checked Why the silence How does a man run the day to day operations of a company with hundreds of employees and revenues in the hundreds of millions of dollars and at the same time live a shadow life of sexual predation without ever being caught How much is this a story about Harvey Weinstein and how much is this a story about Hollywood and power In pursuit of the answers Auletta digs into Weinstein's life searching for the mysteries beneath a film career unparalleled for its extraordinary talent and creative success which combined with a personal brutality and viciousness to leave a trail of ruined lives in its wake Hollywood Ending is more than a prosecutor's litany it is an unflinching examination of Weinstein's life and career embedding his crimes in the context of the movie business in his failures and the successes that led to enormous power Film stars Miramax employees and board members old friends and family and even the person who knew him best Harvey's brother Bob all talked to Auletta at length Weinstein himself also responded to Auletta's questions from prison The result is not simply the portrait of a predator but of the power that allowed Weinstein to operate with such impunity for so many years the spiderweb in which his victims found themselves trapped

slightly lesser degree Chinese content in global markets All video genres are discussed here with news and current affairs programming being a special case The first part of this report is a short introduction that includes the history of political influence and a review of existing regulations After this overview the industry and major players namely CCTV Xinhua News Corp Phoenix Disney Discovery Viacom are introduced and analyzed Here the issue of cultural imperialism or Western media influence is elaborated on Then the paper discusses the opportunities for international firms in the Chinese media market and the tension between Government control and market liberalisation A compelling answer to the question of who will dominate the domestic market in ten years is developed Finally the impact of Chinese content on international markets will be assessed within the same timeframe This is particularly interesting as media is not a traditional manufacturing industry and poses different challenges i e creative skills

**Historic Newspapers in the Digital Age** Paul Gooding, 2016-12-08 In recent years cultural institutions and commercial providers have created extensive digitised newspaper collections This book asks the timely question what can the large scale digitisation of newspapers tell us about the wider cultural phenomenon of mass digitisation The unique form and materiality of newspapers and their grounding in a particular time and place provide challenges for researchers and digital resource creators alike At the same time the wider context in which digitisation of cultural heritage occurs shapes the impact of digital resources in ways which fall short of the grand ambitions of the wider theoretical discourse Drawing on case studies from leading digitised newspaper collections the book aims to provide a bridge between the theory and practice of how these digitised collections are being used Beginning with an exploration of the hyperbolic nature of technological discourses the author explores how web interfaces funding models and the realities of contemporary user behaviour contrast with the hyperbolic discourse surrounding mass digitisation This book will be of particular interest to those who want to investigate how user studies can inform our understanding of technological phenomena including digital resource creators information professionals students and researchers in universities libraries museums and archives

**The Age of Surveillance Capitalism** Shoshana Zuboff, 2019-01-15 The challenges to humanity posed by the digital future the first detailed examination of the unprecedented form of power called surveillance capitalism and the quest by powerful corporations to predict and control our behavior In this masterwork of original thinking and research Shoshana Zuboff provides startling insights into the phenomenon that she has named surveillance capitalism The stakes could not be higher a global architecture of behavior modification threatens human nature in the twenty first century just as industrial capitalism disfigured the natural world in the twentieth Zuboff vividly brings to life the consequences as surveillance capitalism advances from Silicon Valley into every economic sector Vast wealth and power are accumulated in ominous new behavioral futures markets where predictions about our behavior are bought and sold and the production of goods and services is subordinated to a new means of behavioral modification The threat has shifted from a totalitarian Big Brother state to a ubiquitous digital architecture a Big Other operating in the interests of surveillance capital Here is the

crucible of an unprecedented form of power marked by extreme concentrations of knowledge and free from democratic oversight Zuboff's comprehensive and moving analysis lays bare the threats to twenty first century society a controlled hive of total connection that seduces with promises of total certainty for maximum profit at the expense of democracy freedom and our human future With little resistance from law or society surveillance capitalism is on the verge of dominating the social order and shaping the digital future if we let it

The Fourth Revolution John Micklethwait, Adrian Wooldridge, 2014 From Washington to Detroit from Brasilia to New Delhi there is a dual crisis of political legitimacy and political effectiveness The Fourth Revolution crystallizes the scope of the crisis and points forward to our future The authors enjoy extraordinary

access to influential figures and forces the world over and the book is a global tour of the innovators in how power is to be wielded The age of big government is over the age of smart government has begun Many of the ideas the authors discuss seem outlandish now but the center of gravity is moving quickly This tour drives home a powerful argument that countries success depends overwhelmingly on their ability to reinvent the state And that much of the West and particularly the United States is failing badly in its task China is making rapid progress with government reform at the same time as America is falling badly behind
