GOTHIC POLITICS IN THE DEEP SOUTH

A close up of George Wallace and other stylish politicians of
the Old South by the author of THE ACCIDENTAL PRESIDENT

ROBERT SHERRILL

Gothic Politics In The Deep South

James C. Clark

Gothic Politics In The Deep South:

Gothic Politics in the Deep South Robert Sherrill,1968 **Gothic Politics in the Deep South** Robert Sherrill,1968

Southern Politics and the Second Reconstruction Numan Bartley,Hugh Davis Graham,2019-12-01 Originally published in 1975 This is a history of southern political life since the New Deal and World War II encompassing a crucial epoch an attempted Second Reconstruction of the South The authors focus on the electoral response to candidates and issues The authors contend that despite the nationalizing and homogenizing forces that eroded much of the South s distinctiveness during the postwar years the region s historical legacy perpetuated its distinctive patterns of cultural and political life Further the authors contend that despite the virtual destruction of the South s four inherited institutions of political sectionalism during the years of the Second Reconstruction disenfranchisement malapportionment a one party system and de jure racial segregation the new southern politics maintained a deep racial division that has militated against class coalitions especially across racial lines and has permitted government by relatively insulated elites **The Improbable Era** Charles

P. Roland,2014-04-23 In this concise yet comprehensive thoroughly researched and crisply written study The Improbable Era places developments over the last three decades in Southern economics politics education religion the arts and racial revolution into a disciplined framework that brings a measure of order to the perplexing chaos of this era of fundamental change in Southern life **Mississippi Politics** Jere Nash,Andy Taggart,2006 *George C. Wallace and the Politics of Powerlessness* Jody Carlson,2023-04-14 This is the only complete study of the Wallace phenomenon It covers all of the

presidential campaigns and views wallace from a variety of vantage ints historical context content anal ysis of speeches and analysis of elec tion data including voting statistics and attitudinal patterns of supporters Poli tics of Powerlessness examines na tionwide support for George C Wal lace in the presidential campaigns of 1964 1968 1972 and 1976 A number of election and candidate preference surveys are used as sources of data on supporters An understanding of Wal lace s appeal is provided through an examination of themes noted through out his speeches and an analysis of his political history from biographical sources personal interviews and newspaper accounts of the time The picture of Wallace that emerges is one of a man who saw himself as a crusader for his supporters interests while de liberately heightening and intensifying their feelings of powerlessness as a means of getting votes Carlson shows that Wallace voters were not marginal They did not reflect a loss of status nor were they simply outside the mainstream of political life They were very much like major party voters with the exception of their feel ings of political powerlessness that me about by increased government rticipation in state politics This work informed not only by a careful anal ysis but by interviews with Wallace many of his followers and people active in his campaigns The work has the additional advantage of having follow up analyses and interviews as late as 1978 In this sense it represents not only a scholarly analysis of the Wallace phenomenon but the most up to date analysis as well *The*

Changing South of Gene Patterson Roy Peter Clark,Raymond Arsenault,2020-03-17 The Changing South of Gene Patterson

celebrates the work of one of America's most influential journalists who wrote in a time and place of dramatic social and political upheaval. The editor of the Atlanta Constitution from 1960 through 1968, Patterson wrote directly to his fellow white southerners every day, working to persuade them to change their ways. His words were so inspirational that he was asked by Walter Cronkite to read his most famous column about the Birmingham church bombing live on the CBS Evening News.

Perspectives on the American South Merle Black, John Shelton Reed, 2021-11-10. First Published in 1981. In *Perspectives on the American South*, we hope to gather yearly essays that deal with the society, politics, and culture of the region. This first book in the series contains 27 articles representing the work of some 30 scholars and including the disciplines of history, sociology, anthropology, political science, and geography. The papers have been organized around four broad topics: violence in the region, southern politics, comparative studies of the region, and the South's ethnic and cultural groups. *Brown Versus Board of Education and the Civil Rights Movement* Michael J. Klarman, 2007. Publisher Description. *The Politics of Change in Georgia* Harold P. Henderson, 1991. This biography of Ellis Arnall follows the life and political career of the former governor from his rural Georgia upbringing through his service as state representative, attorney general, and governor to his subsequent political exile. Arnall assumed the governorship of Georgia in 1943, becoming the youngest person in the United States ever elected to that position. In his single term, 1943-1947, he initiated a series of remarkable reforms that elevated Georgia above its Tobacco Road image and stood it alongside North Carolina, then the South's most progressive state. Unlike most of his colleagues, Arnall refused to play it safe in the state's political arena. Though still a segregationist and a traditionalist in many ways, Arnall had no patience for provincialism and cared deeply about Georgia and how it was viewed by the rest of the nation. Boldly confronting the demagoguery of his predecessor Eugene Talmadge, Arnall, who called himself a democrat with a small d, united the state's liberal and conservative factions to deliver the promise of the New South to all of Georgia's citizens: biracial voting, government reform, economic development, and an improved standard of living. So sweeping and farsighted were Arnall's accomplishments that to a great extent the structure of Georgia's present-day government evolved under his guidance and has changed little since. In 1985, a Georgia Association of Historians survey ranked Arnall's leadership, responsiveness to issues, and national reputation the highest among governors who served from 1943-1983. Successful as it was, his career begun a decade earlier in the state house of representatives was cut short. Many Georgians felt that Arnall was too liberal, and worse, that he had catered to the national media, enhancing his own image by discussing the state's problems with outsiders. By Arnall's own estimation, his political career ended when he decided to abide by a 1945 federal court decision that invalidated Georgia's white voters-only primary elections. Arnall left politics in 1947, returning briefly in 1966 for a spirited but unsuccessful primary bid for governor. Written with Ellis Arnall's full cooperation and filled with fascinating details of the final days of Old South politics, this book recounts the political career of one of the region's most accomplished and energetic leaders. *The Politics of Change in Georgia* is based on the former governor's speeches and

public writings critical and supportive newspapers accounts and interviews both with Arnall and with other prominent Georgians such as Herman E Talmadge S Ernest Vandiver Jr Lester G Maddox Carl E Sanders Jr James H Gray Sr Howard H Callaway and Ivan Allen Jr *Sunbelt Rising* Michelle Nickerson, Darren Dochuk, 2013-09-17 Coined by Republican strategist Kevin Phillips in 1969 to describe the new alloy of conservatism that united voters across the southern rim of the country the term Sunbelt has since gained currency in the American lexicon By the early 1970s the region had come to embody economic growth and an ambitious political culture With sprawling suburban landscapes cities like Atlanta Dallas and Los Angeles seemed destined to sap influence from the Northeast Corporate entrepreneurialism and a conservative ethos helped forge the Sunbelt's industrial labor relations military spending education systems and neighborhood development Unprecedented migration to the region ensured that these developments worked in concert with sojourners personal quests for work family community and leisure In the resplendent Sunbelt the nation seemed to glimpse the American Dream remade The essays in *Sunbelt Rising* deploy new analytic tools to explain this region's dramatic rise Contributors to the volume study the Sunbelt as both a physical entity and a cultural invention They examine the raised highway the sprawling prison complex and the fast food restaurant as distinctive material contours of a region In this same vein they delineate distinctive Sunbelt models of corporate and government organization which came to shape so many aspects of the nation's political and economic future Contributors also examine literature religion and civic engagement to illustrate how a particular Sunbelt cultural sensibility arose that ordered people's lives in a period of tumultuous change By exploring the interplay between the Sunbelt as a structurally defined space and a culturally imagined place *Sunbelt Rising* addresses longstanding debates about region as a category of analysis **Communists and Perverts under the Palms** Stacy Braukman, 2012-03-01 In 1956 state Senator Charley Johns was appointed the chairman of the newly formed Florida Legislative Investigation Committee now remembered as the Johns Committee This group was charged with the task of unearthing communist tendencies homosexual persuasions and anything they saw as subversive behavior in academic institutions throughout Florida With the cooperation of law enforcement the committee interrogated and spied on countless individuals including civil rights activists college students public school teachers and university faculty and administrators Today the actions of the Johns Committee are easily dismissed as homophobic and bigoted *Communists and Perverts under the Palms* reveals how the creation of the committee was a logical and unsurprising result of historic societal anxieties about race sexuality obscenity and liberalism Stacy Braukman illustrates how the responses to those societal anxieties particularly the Johns Committee laid the foundation for the resurgence of conservatism in the 1960s Braukman is considered and nuanced in her stance refusing a blanket condemnation of the extremism of a committee whose influence even decades after its dissolution continues to be felt in the culture wars of today **Mississippi Government and Politics** Dale Krane, Stephen D. Shaffer, 1992-01-01 The authors of *Mississippi Government and Politics* go beyond the stereotyped view of the Magnolia State to consider the dramatic social

economic and political changes taking place there in recent years Yet the past is inextricably bound up with the present as Dale Krane and Stephen D Shaffer make clear in developing their central theme the ongoing clash in Mississippi between traditionalists intent on preserving the status quo and progressives who have grown up with the civil rights movement Based in part on public opinion polls measuring the attitudes of Mississippians over a decade Mississippi Government and Politics presents a vivid social history and analysis of the state s executive legislative and judicial branches Krane and Shaffer have contributed chapters on the culture of Mississippi the origins and evolution of its ruling class and efforts to modernize the economy and to bring more blacks and poor whites into the power structure Krane writes about the struggle over public policy or who gets what and the highly ambivalent attitude of Mississippians toward the federal government Shaffer addresses the shifting allegiances of political parties in the state and the role of interest groups in effecting change The contributors include leading political scientists and public administrators Tip H Allen Jr looks at the century old much amended constitution and Douglas G Feig considers the dominance of the legislature and the winds of change blowing through it Thomas H Handy describes the traditionally weak governorship Diane E Wall threads her way through the antiquated judicial system Edward J Clynch sizes up tax Policy and Gerald Gabris delves into the dynamics of local government The result is the most comprehensive and authoritative book on Mississippi political culture in many years

The Rise of Southern Republicans Earl BLACK, Merle Black, Earl Black, 2009-06-30 The transformation of Southern politics over the past fifty years has been one of the most significant developments in American political life The emergence of formidable Republican strength in the previously solid Democratic South has generated a novel and highly competitive national battle for control of Congress Tracing the slow and difficult rise of Republicans in the South over five decades Earl and Merle Black tell the remarkable story of political upheaval The Rise of Southern Republicans provides a compelling account of growing competitiveness in Southern party politics and elections Through extraordinary research and analysis the authors track Southern voters shifting economic cultural and religious loyalties black white conflicts and interests during and after federal civil rights intervention and the struggles and adaptations of congressional candidates and officials A newly competitive South the authors argue means a newly competitive and revitalized America The story of how the South became a two party region is ultimately the story of two party politics in America at the end of the twentieth century Earl and Merle Black have written a bible for anyone who wants to understand regional and national congressional politics over the past half century Because the South is now at the epicenter of Republican and Democratic strategies to control Congress The Rise of Southern Republicans is essential to understanding the dynamics of current American politics Table of Contents 1 The Southern Transformation 2 Confronting the Democratic Juggernaut 3 The Promising Peripheral South 4 The Impenetrable Deep South 5 The Democratic Smother 6 The Democratic Domination 7 Reagan s Realignment of White Southerners 8 A New Party System in the South 9 The Peripheral South Breakthrough 10 The Deep South Challenge 11 The Republican Surge 12

Competitive South Competitive America Notes Index Reviews of this book These two leading scholars of Southern politics present a rigorous investigation of how voting in the peripheral South Florida Arkansas Texas North Carolina Virginia and Tennessee and the Deep South Georgia Louisiana Mississippi Alabama and South Carolina was realigned since Ronald Reagan was first elected president in 1980 Karl Helicher Library Journal With publication of their latest book *The Rise of Southern Republicans* the Blacks both 60 have produced a trilogy that traces an almost geologic style evolution in the South's political landscape They've analyzed the whys and what fors of a region that in the past 50 years has gone from impenetrably Democratic to competitively Republican Their overarching conclusion the two party warfare that defines the South defines the nation *The Blacks* work a mix of political wonkery and historical perspective cut with the deliciously illuminating anecdote is read by academics in various disciplines and political junkies of all stripes The books are valued for their coolly dissecting insights Because their writing swells beyond the data crunching lab work of most political scientists though new readers beware The books are littered with scary looking charts and graphs it travels beyond academia Party strategists are steeped in the work *The Blacks* wrote the book on how academic political science can illuminate practical politics says Republican pollster Whit Ayers Drew Juber Atlanta Journal Constitution The South's political identity has been transformed in the last half century from a region of Democratic hegemony to a region of Republican majority Earl and Merle Black sedulously examine this remarkable change This is a work of serious scholarship that lacks any hint of a partisan purpose Committed readers will increase their understanding of both Southern and national politics *The Blacks* effort may well be the definitive statement on Southern politics over the 20th century Publishers Weekly Not since 1872 Earl Black and Merle Black point out in their third book on Southern politics had the Republicans constructed majorities from both the North and the South in both houses and it was the national character of their victory that made the 1994 election such a landmark In *The Rise of Southern Republicans* the Black brothers chronicle the party's history from the 1930s to the present election by election They illuminate the economic racial and political dynamics that gradually moved the South toward the Republican Party while also warning that the Republicans do not by any means own the region in the way the Democrats once did Kevin Sack New York Times Book Review In *The Rise of Southern Republicans* brothers Earl and Merle Black explain the partisan realignment that has brought the South into the national political mainstream *The Blacks* focus most of their attention on the congressional arena where voting patterns reflect long term partisan loyalty more closely than at the presidential level The story the authors of *The Rise of Southern Republicans* tell is a fascinating one with implications for American politics that are both profound and uncertain David Lowe Weekly Standard The rise of southern Republicans is one of the most consequential stories in modern American politics For political reporters of a certain generation the Democratic dominance of Southern congressional politics is barely understood The Black brothers make it all very clear Major Garrett Washington Monthly This superb analysis of Southern politics by Earl Black and his brother Merle Black not only tracks the

recent rise of Republicans in the South but explains why party realignment along ideological lines was so long in coming to that region *The Rise of Southern Republicans* is already being rightly hailed as a political science classic Its strength is the thorough and systematic manner in which it examines the changing ways a wide variety of factors have affected Southern voting patterns over the past four decades The data and the rigor of the analysis are truly impressive James D Fairbanks Houston Chronicle This extraordinary book by the country's two leading scholarly experts on the politics of the American South could accurately have been titled Everything you wanted to know about Southern politics as well as everything you could ever imagine asking about it Their knowledge of the intricacies of particular congressional districts across the region is amazing and their analysis of the larger partisan trends in the region makes this the most important book on Southern politics Stephen J Farnsworth Richmond Times Dispatch The Black brothers have done it again *The Rise of Southern Republicans* is without question the most important book ever written on the role of the South in Congress and the partisan consequences for our national legislature Far and away the most comprehensive updating of the V O Key classic *Southern Politics* This is a major work by extremely talented scholars Charles S Bullock University of Georgia The dramatic rise of the Republican Party in the South is the single most important factor in the transformation of American politics since the 1960s Earl and Merle Black have described this process in a book that is witty always filled with insight and readable to the last page *The Rise of Southern Republicans* is indispensable reading for anyone interested in American politics past present or future Dan T Carter author of *The Politics of Rage* George Wallace the Origins of the New Conservatism and the Transformation of American Politics This marvelous book captures with authority and readability the big story of post New Deal party politics in the United States It is a surefire classic of political science and politics Richard F Fenno Jr author of *Congress at the Grassroots* Representational Change in the South 1970 1998 *The Politics of Rage* Dan T. Carter, 2000-02-01 Combining biography with regional and national history Dan T Carter chronicles the dramatic rise and fall of George Wallace a populist who abandoned his ideals to become a national symbol of racism and later begged for forgiveness In *The Politics of Rage* Carter argues persuasively that the four time Alabama governor and four time presidential candidate helped to establish the conservative political movement that put Ronald Reagan in the White House in 1980 and gave Newt Gingrich and the Republicans control of Congress in 1994 In this second edition Carter updates Wallace's story with a look at the politician's death and the nation's reaction to it and gives a summary of his own sense of the legacy of the most important loser in twentieth century American politics Ernest Vandiver, *Governor of Georgia* Harold Paulk Henderson, 2008-06-01 Ernest Vandiver was elected governor of the state of Georgia in 1958 on a platform of fiscal conservatism and steadfast resistance to desegregation Having vowed to defend Georgia's segregated social system at all costs Vandiver nevertheless concluded that the state could not close its schools to avoid desegregation Because of his decision to reject the path taken by George Wallace in Alabama and Orval Faubus in Arkansas and to protect public

education in the state by complying with federal court mandates Vandiver was denounced by the state's more vocal proponents of segregation Using primary sources and extensive interviews with the governor and his contemporaries Henderson tells the full story of Vandiver's life as a transitional figure in the political history of the state He portrays Vandiver as a man cast by circumstances into presiding over a crisis greater than any faced by a Georgia governor since the Civil War Henderson also notes some of Vandiver's less recognized accomplishments including the involvement of state government in furthering tourism foreign investment and industry Ernest Vandiver is here recognized for his significant achievements in guiding the state through a period of rapid transformation

Louisiana During World War II: Politics and Society, 1939-1945 Jerry Purvis Sanson, 1999

From Slavery to Segregation Keith M. Finley, 2024-10-03 Keith M. Finley's *From Slavery to Segregation* explores the key features shaping southern politics during the nineteenth and twentieth centuries as explained in the South's defense of its racial systems It treats slavery and segregation as part of the same whole rather than as discrete institutions rooted in different periods In the process the book uncovers the deep historical origins of the region's states rights philosophy and the unfortunate persistence of a culture dominated by calls for white supremacy While highlighting the broad overview of southern racial and political thought Finley underscores the larger American struggle with racial injustice which although most pronounced in the South afflicted the entire nation The South's defense of chattel slavery became a natural model for the region's defense of segregation during the Jim Crow era Through a comparative analysis of the rhetoric employed in the justification of both racial institutions Finley reveals elements of continuity and change in the region's identity Ultimately he shows how the history of the twentieth century South is irreparably linked to the century before it For instance one cannot understand the ferocity of resistance to the Supreme Court's 1954 *Brown v Board* decision without being aware of how and why the South emerged as it did after the Civil War The Old South and the New South shared a similar constellation of ideas that informed arguments advancing their respective race based social orders which took the form of a commonality of perception regarding race a sense of being assailed by outsiders and a series of appeals to the highest secular authority in the pantheon of regional and American beliefs the Constitution Discontinuity however marked the long term strategies of both the prewar and postwar South Although segregationists sought to preserve the racial status quo as did their forebears they ultimately relented when confronted with federal power and grudgingly shifted toward a narrative that less often foregrounded race when championing states rights

The New South, 1945-1980 Numan V. Bartley, 1995 First published in 1955 to wide acclaim T. Harry Williams P. G. T. Beauregard is universally regarded as the first authoritative portrait of the Confederacy's always dramatic often perplexing general Chicago Tribune Chivalric arrogant and of exotic Creole Louisiana origin Beauregard participated in every phase of the Civil War from its beginning to its end He rigidly adhered to principles of war derived from his studies of Jomini and Napoleon and yet many of his battle plans were rejected by his superiors who regarded him as excitable unreliable and

contentious After the war Beauregard was almost the only prominent Confederate general who adapted successfully to the New South running railroads and later supervising the notorious Louisiana Lottery This paradox of a man who fought gallantly to defend the Old South and then helped industrialize it is the fascinating subject of Williams superb biography

Red Pepper and Gorgeous George James C. Clark, 2011-10-09 For nearly a century in Florida and throughout the South election to the United States Senate virtually guaranteed a lifetime position especially if you were a Democrat Certainly no Republican candidate stood a chance in the general election and it was nearly unthinkable to imagine a serious challenger emerging in the primary Claude Red Pepper first ran for the U S Senate in 1934 Though unsuccessful despite allegations of voter fraud he won a special election two years later after both senators from Florida died in office Reelected to full terms in 1938 and 1944 as a vigorous supporter of the New Deal he had every reason to suspect the seat was his indefinitely or at least until he decided it was time to seek higher office Pepper saw himself as the national heir to Roosevelt s foreign policy he encouraged cooperation with the Soviet Union our World War II ally and actively worked to defeat Truman s presidential nomination in 1948 After nearly fourteen years in office Pepper had earned the enmity of the president alienated most of his colleagues in the senate and aligned himself with the ultra left wing politics of Henry Wallace Still in the entire history of the state no sitting Florida Senator had ever been voted out of office However the political world was changing and it was the right leaning Gorgeous George Smathers not Pepper who recognized and took advantage of this fact Smathers fought a vicious bare knuckled campaign employing ferocious and divisive attacks against Pepper He helped make liberal anathema to aspiring southern politics and was the first of a new breed of conservative politicians though not yet Republican to rise to power Eventually the era would be named for a junior senator from Wisconsin but it was Smathers who first successfully employed the strategies of McCarthyism to unseat an incumbent He was so successful in fact that before the general election Smathers had to reassure President Truman and other potential supporters that his loyalties did in fact lie with the Democratic Party His resounding victory inspired others including Richard Nixon and Barry Goldwater to adopt similar tactics in their senatorial campaigns It also helped set the stage for the complete reversal of the political power structure that had ruled the South since the end of Reconstruction Red Pepper and Gorgeous George is a fascinating look at the campaign that changed everything in Florida and the South It is also a shocking sobering reminder that despite introducing the phrase hanging chad to the national lexicon the 2000 presidential election was merely the second most important national election to take place in the state

When people should go to the ebook stores, search inauguration by shop, shelf by shelf, it is essentially problematic. This is why we present the ebook compilations in this website. It will certainly ease you to look guide **Gothic Politics In The Deep South** as you such as.
