Tennent, 2009-05-26 Thinking more globally about the formation of theology enriches our understanding of what it means to be a Christian It's no secret that the center of Christianity has shifted from the West to the global South and East While the truths of the Christian faith are universal different contexts and cultures illuminate new questions understandings and expressions What does this mean for theology as Western theologians understand it Timothy Tennent argues that the Christian faith is culturally and theologically translatable Theology in the Context of World Christianity is written to expand our ecclesiastical cartography by highlighting within each of the major themes of systematic theology studies that are engaging the global church such as Anthropology with studies drawn from the different views of human identity between Eastern and Western cultures Christology with a focus on the emphases that African Christians place on the characteristics of Christ Pneumatology by looking at the role of the Holy Spirit in Latin American Pentecostalism Eschatology by focusing on how this branch of theology shapes world missions and evangelism Each of the ten chapters examines traditional theological categories in conversation with theologians from across the globe making this volume valuable for students pastors missionaries and theologians alike Theological reflection is active and exciting in the majority world church and Tennent invites you to your own reflection and celebration of Christ's global church These are perspectives that should be heard considered and brought into conversation with Western theologians Global theology can make us aware of our own blind spots and biases and has much to offer toward the revitalization of Western Christianity

Pilch, Bruce Malina, 2016-11-04 Values are culturally specific This handbook explains select biblical social values in their Mediterranean cultural contexts Some examples of values are altruism freedom family centeredness obedience parenting and power Though the English words for the values described here would be familiar to readers e.g. altruism the meanings of such words differ between cultures In the Mediterranean world for instance altruism is a duty incumbent upon anyone who has surplus It is interpersonal and group specific In the West especially in the United States altruism is impersonal and universally oriented generosity that operates in a highly organized context This handbook not only presents the Mediterranean meanings of these value words but also contrasts those meanings with Western ones      Jewish-Christian Dialogues on Scripture in Late

*Peace Not War: Traditions of Restorative Justice in Imperial Ethiopia, 1769 - 1960* Charles Schaefer, 2025-05-27 Examines one of the few documented early examples of restorative justice from Africa or Latin America With a writing system Ethiopian emperors as well as pretenders to the throne chronicled their exploits including peace building feats and this book showcases and analyses historically verified instances from as early as 1769 where restorative justice modalities were used to resolve conflict and bring peace to the country Peace not War traces Ethiopia's evolving understanding of restorative justice from the

forgive and forget approach which characterized the Zemene Mesafint Era of the Princes where perpetrators were exonerated allowing them to recoup and build their armies to fight another day to conditional forgiveness recorded by the imperial court and dependent on atonement Ethiopia's long history of experimentation with different forms of restorative justice demonstrates ingenuity flexibility and adaptability but as the twentieth century progressed workable indigenous forms of restorative justice were sidelined by Western codified law that emphasized retribution *The New Cambridge*

**What Did Jesus Do?** F. Scott Spencer, 2003-08-01 What Would Jesus Do is a popular phrase in Christian circles but answers to that question might be more on target if we spent more time exploring as Scott Spencer has What Did Jesus Do Spencer examines both the Synoptics and the Gospel of John as he tries to catch a wide angled vision of Jesus behavior in the gospels Rather than focus on sayings or pronouncements as an authoritative code of conduct he studies Jesus deeds or actions as keys to his identity and vocation While not ignoring Jesus teaching this study is more interested in discovering how Jesus personally lived up to his own moral instruction his personal conduct Chapters are devoted to Jesus actions with respect to his family his friends his body his possessions his work his reputation and the environment Spencer suggests paths and pitfalls for relating Jesus personal conduct to individual behavior how we might move from what Jesus did in the New Testament to what we should do today F Scott Spencer is Professor of New Testament at Baptist Theological Seminary at Richmond Virginia and is the author of The Portrait of Philip in Acts A Study of Roles and Relations and Acts He is the Chair of the New Testament section for the Southeastern Commission for the Study of Religion
