Hope Against Hope Nadezhda Mandelstam, 2023-11-14 Nadezhda Mandelstam's memoir of life with her husband the poet Osip Mandelstam is a vital eyewitness account of Stalin's Soviet Union and one of the most moving testaments to the value of literature and imaginative freedom ever written. In 1933 Osip Mandelstam 1891-1938 wrote a satiric poem about Joseph Stalin and the result of his defiance was arrest, interrogation and exile followed by re-arrest and death in a transit camp of the Siberian gulag. In 1938 Osip's wife Nadezhda 1899-1980 loyally accompanied him into exile in the Urals and later worked courageously to rescue the manuscripts of his poems and to discover the truth about his death. *Hope Against Hope* is her harrowing account of their last years together and a window into Stalin's persecution of Russia's literary intelligentsia in the 1930s and beyond. But it is also a profoundly inspiring love story that relates their determination to keep both love and art alive in the most desperate circumstances. After years of circulating privately in the Soviet Union, *Hope Against Hope* was smuggled out and published in the West in 1970 and has since achieved the status of a classic not only for its essential testimony to a dramatic period of history but also for the enduring brilliance of Mandelstam's writing. Everyman's Library pursues the highest production standards, printing on acid-free paper with full cloth cases with two-color foil stamping, decorative endpapers, silk ribbon markers, European-style half-round spines, and a full-color illustrated jacket. Contemporary Classics include an introduction, a select bibliography, and a chronology of the author's life and times. *Soviet Architectural Avant-Gardes* Danilo Udovicki-Selb, 2020-05-14 Conventional readings of the history of Soviet art and architecture show modernist utopian aspirations as all but prohibited by 1932 under Stalin's totalitarianism. *Soviet Architectural Avant-Gardes* challenges that view, radically redefining the historiography of the period; it reveals how the relationship between the Party and practicing architects was much more complex and contradictory than previously believed and shows, in contrast to the conventional scholarly narrative, how the architectural avant-garde was able to persist at a time when it is widely considered to have been driven underground. In doing so, this book provides an essential perspective on how to analyse, evaluate, and re-imagine the history of modernist expression in its cultural context. It offers a new understanding of ways in which 20th-century social revolutions and their totalitarian sequels inflected the discourse of both modernity and modernism. The book relies on close analyses of archival documents and architectural works. Many of the documents have been rarely, if ever, discussed in English before, while the architectural projects include iconic works such as the Palace of Soviets and the Soviet Pavilion at the Paris 1937 World Exposition, as well as remarkable works that until now have been neglected by architectural historians inside and outside Russia. In a fascinating final chapter, it also reveals for the first time the details of Frank Lloyd Wright's triumphant welcome at the First Congress of Soviet Architects in Moscow in 1937, at the height of Stalin's Terror.

The Same Solitude Catherine Ciepiela, 2018-09-05 Still we have the same solitude the same journeys and searching and the same favorite turns in the labyrinth of literature and history Boris Pasternak to Marina Tsvetaeva One of the most compelling episodes of twentieth century Russian literature involves the epistolary romance that blossomed between the modernist poets Marina Tsvetaeva and Boris Pasternak in the 1920s Only weeks after Tsvetaeva emigrated from Russia in

1922 Pasternak discovered her poetry and sent her a letter of praise and admiration Tsvetaeva's enthusiastic response began a decade long affair conducted entirely through letters This correspondence written across the widening divide separating Soviet Russia from Russian migrants in continental Europe offers a view into the overlapping worlds of literary creativity sexual identity and political affiliation Following both sides of their conversation Catherine Ciepiela charts the poets changing relations to each other to the extraordinary political events of the period and to literature itself *The Same Solitude* presents the first full account of this affair of letters and poems from its beginning in the summer of 1922 to its denouement in the 1930s Drawing on many previously untranslated letters and poems Ciepiela describes the poets mutual influence both in the course of their lives and the development of their art Neither poet saw any separation between a poet's life and work and Ciepiela treats each poet's letters and poems as a single text She discusses the poets famous triangular correspondence with Rainer Maria Rilke in 1926 and she addresses the profound significance of Tsvetaeva for Pasternak who is often perceived mistakenly Ciepiela asserts as the more detached partner Further this book expands our understanding of poetic modernism by showing how the poets worked through ideas about gender and writing in the context of what they themselves called a literary marriage
