**Gullah Statesman** Edward A. Miller, Jr., 2021-12-23 A political biography of the first African American hero of the Civil War A native of Beaufort South Carolina Robert Smalls was born into slavery but through acts of remarkable courage and determination became the first African American hero of the Civil War and one of the most influential African American politicians in South Carolina history In this largely political biography of Smalls s inspirational story Edward A Miller Jr traces the triumphs and setbacks of the celebrated U S congressman and advocate of compulsory desegregated public education to illustrate how the life and contributions of this singular individual were indicative of the rise and fall of political influence for all African Americans during this rough transitional period in American history

**Handbook of Classical Sociological Theory** Seth Abrutyn, Omar Lizardo, 2021-11-01 This is the first handbook focussing on classical social theory It offers extensive discussions of debates arguments and discussions in classical theory and how they have informed contemporary sociological theory The book pushes against the conventional classical theory pedagogy which often focused on single theorists and their contributions and looks at isolating themes capturing the essence of the interest of classical theorists that seem to have relevance to modern research questions and theoretical traditions This book presents new approaches to thinking about theory in relationship to sociological methods

**Discourses on Society** Peter Wagner, Björn Wittrock, Richard P. Whitley, 1990-11-30 This book which represents probably the most comprehensive discussion of the emergence of modern social science yet produced is of far more than merely historical interest The contributors set out to rewrite the history of the social sciences and to show the limitations of conventional conceptions of their development These tasks they accomplish with great success and much distinction Yet in so doing they contribute in a

direct way to our understanding of the relation between social analysis and the nature of human societies today The brilliant and distinctive perspective of the papers in this collection is to demonstrate with many specific examples that social science and modern institutions have helped shape each other in mutual interplay Modern systems are in some part constituted through the reflexive incorporation of developing social science knowledge on the other hand the social sciences organise themselves in terms of a continuing reflection upon the evolution of those systems Such a perspective as Wagner and Wittrock in particular make clear does not in any way either impugn the status of knowledge claims made within social science or destroy the independent reality of social institutions The book questions the notion that the institutionalising of the social sciences can be understood as a process of their increasing autonomy from external social connections Autonomy forms a mode of legitimisation and a basis of power rather than a distinctive phenomenon as such *Historical Outlook* ,1919

**Cultural Trauma and Collective Identity** Jeffrey C. Alexander, Ron Eyerman, Bernard Giesen, Neil J. Smelser, Piotr Sztompka, 2004-03-22 In this collaboratively authored work five distinguished sociologists develop an ambitious theoretical model of cultural trauma and on this basis build a new understanding of how social groups interact with emotion to create new and binding understandings of social responsibility Looking at the meaning making process as an open ended social dialogue in which strikingly different social narratives vie for influence they outline a strongly constructivist approach to trauma and apply this theoretical model in a series of extensive case studies including the Nazi Holocaust slavery in the United States and September 11 2001 *Focus On: 100 Most Popular United States National Film Registry Films* Wikipedia contributors, *Upbuilding Black Durham* Leslie Brown, 2009-11-17 In the 1910s both W E B Du Bois and Booker T Washington praised the black community in Durham North Carolina for its exceptional race progress Migration urbanization and industrialization had turned black Durham from a post Civil War liberation community into the capital of the black middle class African Americans owned and operated mills factories churches schools and an array of retail services shops community organizations and race institutions Using interviews narratives and family stories Leslie Brown animates the history of this remarkable city from emancipation to the civil rights era as freedpeople and their descendants struggled among themselves and with whites to give meaning to black freedom Brown paints Durham in the Jim Crow era as a place of dynamic change where despite common aspirations gender and class conflicts emerged Placing African American women at the center of the story Brown describes how black Durham s multiple constituencies experienced a range of social conditions Shifting the historical perspective away from seeing solidarity as essential to effective struggle or viewing dissent as a measure of weakness Brown demonstrates that friction among African Americans generated rather than depleted energy sparking many activist initiatives on behalf of the black community *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954* United States. **The Oxford Handbook of Restoration Literature** Matthew C. Augustine, Steven N. Zwicker, 2024-11-06 The Oxford Handbook of Restoration Literature begins by asking if there was a distinctive literature of the Restoration For a long time the answer

seemed obvious heroic drama libertine comedy scandalous lyrics and the short but brilliant career of John Wilmot earl of Rochester Could there be an age when the coincidence of literary culture and political rule were any more obvious But as this Handbook will remind us some of the most wonderful literature of this Restoration came from writers who had lived across the decades of turbulence and into an age when the Stuart kings returned when the Church and House of Lords were restored a world made safe for bishops and for the memory of divine right rule Of course these returns and restorations did not meet with uniform celebration John Milton wrote his great epic poems not in quiet submission but in a kind of resistance to the dominant culture of the 1660s and Andrew Marvell produced his most brilliant satiric verse by holding up a looking glass to court corruption and Anglican intolerance So we begin with the most obvious conclusion Restoration literature does and does not fit to the categories that so long defined the late Stuart age This book explores and contests challenges and reimagines the experience embodied by the writing of the late Stuart world and invites readers new to this world and those who have often read its literatures to the pleasures but as well to the challenges and discomforts of its texts

**Remembering and Resisting** Johann Baptist Metz, 2022-08-18 At a time when we have never known more about our globe or shared more information we live paradoxically in a driven disconnected world In science in economics our communications industry and even in the public sphere the human person tends to disappear from consideration or evaporate into an abstraction The new political theology tries to break the spell of this cultural amnesia These essays and interviews invite readers to consider the future by asking Where are we headed and what do we stand for Johann Baptist Metz's theology emerged as an attempt to understand shifting borders and threatening situations It does not prescribe a political agenda or policies but it does ask where we might stand if we are to shape a meaningful future together rather than in isolated or in ideological camps Beginning with the spirituality of his popular Poverty of Spirit Metz developed a new method of theological inquiry for our anxious times These essays represent the mature clarification of his earlier work

History Teaches Us to Hope Charles Roland, 2010-09-12 Before his death in 1870 Robert E Lee penned a letter to Col Charles Marshall in which he argued that we must cast our eyes backward in times of turmoil and change concluding that it is history that teaches us to hope Charles Pierce Roland one of the nation's most distinguished and respected historians has done exactly that devoting his career to examining the South's tumultuous path in the years preceding and following the Civil War History Teaches Us to Hope Reflections on the Civil War and Southern History is an unprecedented compilation of works by the man the volume editor John David Smith calls a dogged researcher gifted stylist and keen interpreter of historical questions Throughout his career Roland has published groundbreaking books including The Confederacy 1960 The Improbable Era The South since World War II 1976 and An American Iliad The Story of the Civil War 1991 In addition he has garnered acclaim for two biographical studies of Civil War leaders Albert Sidney Johnston 1964 a life of the top field general in the Confederate army and Reflections on Lee 1995 a revisionist assessment of a great but frequently misunderstood

general The first section of *History Teaches Us to Hope The Man The Soldier The Historian* offers personal reflections by Roland and features his famous GI Charlie speech A Citizen Soldier Recalls World War II Civil War related writings appear in the following two sections which include Roland s theories on the true causes of the war and four previously unpublished articles on Civil War leadership The final section brings together Roland s writings on the evolution of southern history and identity outlining his views on the persistence of a distinct southern culture and his belief in its durability *History Teaches Us to Hope* is essential reading for those who desire a complete understanding of the Civil War and southern history It offers a fascinating portrait of an extraordinary historian
