Horngren's Financial Managerial Accounting, 4e — *A Textbook of Accounting for Management, 4th Edition* Maheshwari S.N. & Maheshwari S.K. & Maheshwari Sharad K., The book provides a comprehensive coverage of the course content requirements of the students appearing in the paper Management Accounting at the MBA and MCom examinations of different Indian Universities and those of professional institutions. The book has been divided into five convenient sections. Each section covers a different aspect of Management Accounting with the subject divided into chapters covering different topics in a systematic and concise manner. The unique features of this book lie in its simple and systematic presentation of theory which would enable the students to solve practical problems with ease. The other main strengths of this book are plentiful illustrative examples and end of the chapter exercises with answers.

Financial Analysis for Management Decisions M. Sarngadharan, S. Rajitha Kumar, 2011-02. Intended for undergraduate and post graduate students of Commerce and Management, this presents an in-depth analysis of various tools and techniques that help interpret financial statements. The book deals with the basic concepts of all the three branches of accounting: financial accounting, cost accounting, and management accounting, and explains the meaning of various financial statements. The text also includes discussions on accounting ratios including ratios for measuring liquidity, solvency, activity, and profitability.

Financial Management for Nurse Managers and Executives Steven A. Finkler, Christine Tassone Kovner, Cheryl Bland Jones, 2007-01-01. Covering the financial topics all nurse managers need to know and use, this book explains how financial management fits into the healthcare organization. You'll study accounting principles, cost analysis, planning, and control; management of the organization's financial resources; and the use of management tools. In addition to current issues, this edition also addresses future directions in financial management. Chapter goals and an introduction begin each chapter. Each chapter ends with Implications For The Nurse Manager and Key Concepts to reinforce understanding. Key Concepts include definitions of terms discussed in each chapter. A comprehensive glossary with all key terms is available on the companion Evolve website. Two chapter-ending appendixes offer additional samples to reinforce chapter content. Four NEW chapters are included: Quality Costs and Financing, Revenue Budgeting, Variance Analysis, Examples, Extensions, and Caveats, and Benchmarking Productivity and Cost-Benefit and Cost-Effectiveness Analysis. The new Medicare prescription bill is covered with its meaning for healthcare providers, managers, and executives. Coverage now includes the transition from the role of bedside or staff nurse to nurse manager and nurse executive. Updated information includes current nursing workforce issues and recurring nursing shortages. Updates focus on health financing and the use of computers in budgeting and finance. New practice problems are
