Caudill,2006-06-30 Among the intelligence failures that came to light after the attacks of September 11 there was

one that did not result from the failures of spying decoding secret messages or interagency communication Rather it arose merely from not paying sufficient attention to circumstances that were relatively out in the open the simmering anti Western rage that had been swelling up in Saudi Arabia in the 1990s Mark Caudill was there in the ancient Hejazi port city of Jeddah at a critical time From September 1999 to July 2002 he served as an American diplomat at the U S Consulate General Engaged in cultural research he wrote dispatches to his superiors in the U S State Department about what he learned of the Saudis from participating in the most important rituals and activities of their lives His unclassified essays served as the inspiration for this enlightening book Now everyone can learn what the U S government knew about Saudi society and when they knew it After the terrorist attacks of September 11 2001 many intelligence failures have come to light The United States has become obsessed with who knew what when and with why the various warnings weren't pieced together why agencies failed to coordinate and who is to blame Asked less frequently lost in a sea of details is the question of how and why we failed to pay attention to the simmering anti Western rage that had been swelling up in Saudi Arabia in the 1990s as their economy sputtered their youth sat idle and their oil profits enriched the already wealthy and did nothing for the vast majority As the United States government and the Saudi royal family cemented their ties and became closer than ever young extremists who felt betrayed by the Saudi government concentrated their anger on the Americans partly because it was safer than criticizing their own authoritarian government Although many of the ranters engaged in anti American trash talking for sport some meant what they said and some acted with tragic consequences Mark Caudill was there in the ancient Hejazi port city of Jeddah the Kingdom's commercial capital at a critical time From September 1999 to July 2002 he served as an American diplomat at the U S Consulate General He was engaged in cultural research one might say writing dispatches to his superiors in the U S State Department about what he learned of the Saudis from participating in the most important rituals and activities of their lives A converted Muslim who could pass for Syrian due to his appearance he was often incognito attending weddings funerals and the pilgrimage to Mecca visiting markets mosques and holy cities and learning all the while about this all too little understood ally of ours His unclassified essays served as the inspiration for this enlightening book and now we can all learn what the U S government knew about Saudi society and when they knew it

Sons of Abraham Rabbi Marc Schneier, Imam Shamsi Ali, 2015-06-16 A prominent rabbi and imam each raised in orthodoxy overcome the temptations of bigotry and work to bridge the chasm between Muslims and Jews Rabbi Marc Schneier the eighteenth generation of a distinguished rabbinical dynasty grew up deeply suspicious of Muslims believing them all to be anti Semitic Imam Shamsi Ali who grew up in a small Indonesian village and studied in Pakistan and Saudi Arabia believed that all Jews wanted to destroy Muslims Coming from positions of mutual mistrust it seems unthinkable that these orthodox religious leaders would ever see eye to eye Yet in the aftermath of 9 11 amid increasing acrimony between Jews and Muslims the two men overcame their prejudices and bonded over a shared belief in the importance of opening up a dialogue and finding mutual respect In doing so they became not only friends but also defenders of each other's religion denouncing the twin threats of anti-Semitism and Islamophobia and promoting interfaith cooperation In Sons of Abraham Rabbi Schneier and Imam Ali tell the story of how they became friends and offer a candid look at the contentious theological and political issues that frequently divide Jews and Muslims clarifying erroneous ideas that extremists in each religion use to justify harmful behavior Rabbi Schneier dispels misconceptions about chosenness in Judaism while Imam Ali explains the truth behind concepts like jihad and Shari'a And on the Israeli Palestinian conflict the two speak forthrightly on the importance of having a civil discussion and the urgency of reaching a peaceful solution As Rabbi Schneier and Imam Ali show by reaching a fuller understanding of one another's faith traditions Jews and Muslims can realize that they are actually more united than divided in their core beliefs Both traditions promote kindness service and responsibility for the less fortunate and both religions call on their members to extend compassion to those outside the faith In this sorely needed book Rabbi Schneier and Imam Ali challenge Jews and Muslims to step out of their comfort zones find common ground in their shared Abrahamic traditions and stand together and fight for a better world for all

Pavitra Ved aur Islam Dharm , Indonesians and Their Arab

World Mirjam Lücking, 2021-01-15 *Indonesians and Their Arab World* explores the ways contemporary Indonesians understand their relationship to the Arab world. Despite being home to the largest Muslim population in the world, Indonesia exists on the periphery of an Islamic world centered around the Arabian Peninsula. Mirjam Lücking approaches the problem of interpreting the current conservative turn in Indonesian Islam by considering the ways personal relationships, public discourse, and matters of religious self-understanding guide two groups of Indonesians who actually travel to the Arabian Peninsula: labor migrants and Mecca pilgrims. In becoming physically mobile and making their mobility meaningful, this concept which Lücking calls guided mobility reveals that changes in Indonesian Islamic traditions are grounded in domestic social constellations and calls claims of outward Arab influence in Indonesia into question. With three levels of comparison: urban and rural areas, Madura and Central Java, and migrants and pilgrims, this ethnographic case study foregrounds how different regional and socioeconomic contexts determine Indonesians' various engagements with the Arab world. *The Paradoxical Kingdom* Daryl Champion, 2003 A specialist in Saudi Arabian affairs shows how religion, tradition, society, economics, politics, and the state interact with each other as the nation lurches into the 21st century. **A Shi'ite**

Pilgrimage to Mecca, 1885-1886 Mirzâ Mohammed Hosayn Farâhâni, 2015-01-28 Western accounts of the Hajj, the ritual Muslim pilgrimage to Mecca, are rare since access to Mecca is forbidden to non-Muslims. In the Muslim world, however, pilgrimage literature is a well-established genre dating back to the earliest centuries of the Islamic era. *A Shi'ite Pilgrimage to Mecca* is taken from the original nineteenth-century Persian manuscript of the *Safarnameh* of Mirzâ Mo'ammad Hosayn Farâhâni, a well-educated, keenly observant Iranian Shi'ite gentleman. This memoir holds a wealth of social and economic information about Czarist Russia, the Ottoman Empire, Egypt, Northern Iran, and Arabia. The author is a meticulous observer recording details of distances, currencies, accommodations, modes of travel, and so on. He records the experiences encountered by pilgrims of his day: physical hardships, disease, generosity and compassion, banditry, hospitality, comradeship, and exaltation. And without prejudice, he discusses the tensions between the Shi'ites and the Sunnites in the holy places, tensions that still exist and have erupted in bloody clashes during recent pilgrimages. *A Shi'ite Pilgrimage to Mecca* will appeal to a wide audience of general readers, Middle Eastern scholars, anthropologists, and historians.
