Handbook Of International Security And Development Elgar Original Reference:

Handbook of International Security and Development Paul Jackson, 2015-02-27 Providing a comprehensive introduction to the literature and approaches used in the field this illustrious Handbook explores and interrogates the link between security and development at a global level whilst offering a broad survey of current thinking **Human and Environmental Security in the Era of Global Risks** Mohamed Behnassi, Himangana Gupta, Olaf Pollmann, 2018-10-24 This book discusses ways to deepen the debate on the linkages between global risks and human and environmental security The approach put forward in this book is one of questioning the ability of existing concepts regulatory frameworks technologies and decision making mechanisms to accurately deal with emerging risks to human and environmental security and to act in the direction of effectively managing their impacts and fostering the resilience of concerned systems and resources Empirical research findings from Africa Asia and the Pacific Islands are provided During the last decades the links between emerging risks and the security of humans and nature have been the object of considerable research and deliberations However it is only recently becoming an important focus of policy making and advocacy In this contributed volume it is presumed that the ability or lack thereof to make innovative conceptual frameworks institutional and policy arrangements and technological advances for managing the current emerging risks will foster or undermine the environmental security and consequently determine the future human security Moreover taking into account the links between environmental climate security human security and sustainability will help frame a new research agenda and potentially develop a broad range of responses to many delicate questions [Routledge Handbook of Peace, Security and Development](#) Fen Osler Hampson, Alpaslan Özerdem, Jonathan Kent, 2020-06-04 This Handbook offers a comprehensive examination of the peace security and development nexus from a global perspective and investigates the interfaces of these issues in a context characterised by many new challenges By bringing together more than 40 leading experts and commentators from across the world the Handbook maps the various research agendas related to these three themes taking stock of existing work and debates while outlining areas for further engagement In doing so the chapters may serve as a primer for new researchers while also informing the wider scholarly community about the latest research trends and innovations The volume is split into three thematic parts Concepts and approaches New drivers of conflict insecurity and developmental challenges Actors institutions and processes For ease of use and organisational consistency each chapter provides readers with an overview of each research area a review of the state of the literature a summary of the major debates and promising directions for future research This Handbook will be of much interest to students of peace and conflict studies development studies security studies and International Relations **The European Union as an International Actor** Maria Raquel Freire, Daniela Nascimento, This volume analyses the European Union as an international actor focusing on its role in peace and security In an international context where the challenges to peace and security are diverse including the current context of war in

Ukraine this volume theoretically contextualizes the EU in peace and security studies explores the institutional dimension of its functioning and interprets the narratives and policies this actor pursues A set of illustrative case studies seeks to reflect on the dynamics of peace and security within the framework of the EU and its actions interventions such as in the Eastern Partnership or in relations with Russia and in contexts such as growing disinformation or through its presence on a mission on the ground

Sustainable Development: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2017-10-31 To maintain a healthy ecosystem for contemporary society and for future generations policies must be implemented to protect the environment This can be achieved by consistent evaluation of new initiatives and strategies Sustainable Development Concepts Methodologies Tools and Applications is a comprehensive source of scholarly information on the latest research for sustainability concerns across a multidisciplinary perspective Highlighting a broad range of innovative topics such as renewable energy urban development and green technologies this multi volume book is ideally designed for academics researchers professionals students and practitioners interested in the preservation of the environment

Hybridity on the Ground in Peacebuilding and Development Joanne Wallis, Lia Kent, Miranda Forsyth, Sinclair Dinnen, Srinjoy Bose, 2018-03-01 Hybridity on the Ground in Peacebuilding and Development engages with the possibilities and pitfalls of the increasingly popular notion of hybridity The hybridity concept has been embraced by scholars and practitioners in response to the social and institutional complexities of peacebuilding and development practice In particular the concept appears well suited to making sense of the mutually constitutive outcomes of processes of interaction between diverse norms institutions actors and discourses in the context of contemporary peacebuilding and development engagements At the same time it has been criticised from a variety of perspectives for overlooking critical questions of history power and scale The authors in this interdisciplinary collection draw on their in depth knowledge of peacebuilding and development contexts in different parts of Asia the Pacific and Africa to examine the messy and dynamic realities of hybridity on the ground By critically exploring the power dynamics and the diverse actors ideas practices and sites that shape hybrid peacebuilding and development across time and space this book offers fresh insights to hybridity debates that will be of interest to both scholars and practitioners Hybridity has become an influential idea in peacebuilding and this volume will undoubtedly become the most influential collection on the idea Nuance and sophistication characterises this engagement with hybridity Professor John Braithwaite

The Oxford Handbook of the International Law of Global Security Robin Geiß, Nils Melzer, 2021-02-16 Understanding the global security environment and delivering the necessary governance responses is a central challenge of the 21st century On a global scale the central regulatory tool for such responses is public international law But what is the state role and relevance of public international law in today's complex and highly dynamic global security environment Which concepts of security are anchored in international law How is the global security environment shaping international law and how is international law in turn influencing other normative frameworks The

Oxford Handbook of the International Law of Global Security provides a ground breaking overview of the relationship between international law and global security It constitutes a comprehensive and systematic mapping of the various sub fields of international law dealing with global security challenges and offers authoritative guidance on key trends and debates around the relationship between public international law and global security governance This Handbook highlights the central role of public international law in an effective global security architecture and in doing so addresses some of the most pressing legal and policy challenges of our time The Handbook features original contributions by leading scholars and practitioners from a wide range of professional and disciplinary backgrounds reflecting the fluidity of the concept of global security and the diversity of scholarship in this area **Journal of Economic Literature** ,2007 **Contemporary**

European Security David J. Galbreath,Jocelyn Mawdsley,Laura Chappell,2019-03-20 Contemporary European Security explores the complex European security architecture and introduces students to the empirical theoretical and conceptual approaches to studying the subject Written by experts in each subfield it addresses key topics within the wider strategic context of international security Presenting traditional and critical debates to illuminate this ever changing field it addresses specifically European security since 2000 and the end of the Cold War The evolution of International Relations theories in understanding security in Europe The role of NATO in the post war period and its strategy impact and enlargement The institutionalisation of the CSCE and the political tensions within the OSCE The EU s Common Security and Defence Policy and recent policy initiatives in defence Feminist conceptions of European security European military innovation Security challenges in the post Soviet space and the growing instability in the Middle East and North Africa The emergence of human security Internal and societal security This essential textbook will be of key interests to students and scholars of European Security Security and Military studies Strategic Studies European Politics and International Relations *Handbook of Research on E-Planning: ICTs for Urban Development and Monitoring* Silva, Carlos Nunes,2010-05-31 This book provides relevant theoretical perspectives on the use of ICT in Urban Planning as well as an updated account of the most recent developments in the practice of e planning in different regions of the world Provided by publisher **International Intellectual Property Law and Human Security** Robin Ramcharan,2012-11-27 This book examines how intellectual property rights IPR affect the daily lives of individuals worldwide and how that may in turn impact the health and wealth of nations While the protection of the intellectual endeavours of authors and inventors is vital for a fair and just society it is important that the IPR regime remains flexible enough to encourage creativity innovation and the free flow of information and technology that are critical to the well being of billions of people especially in the developing world This work examines the implications of the IPR regime for basic human security It examines the relationship between IPR regime and fundamental human rights such as the right to education health and food and the broader right to development This book will be of interest to IP scholars international relations specialists and international security analysts in particular those

interested in non traditional security issues It may also serve as resource book for the international business community on developmental and human rights aspects of IP

Aerial Visibilities Dennis Zuev,Gary Bratchford,2025-05-02 This book brings together diverse perspectives from a range of geographic settings and feature contributions from some of the key thinkers in the field It explores various facets of the relationship between verticality and visibility offering insights that deepen the understanding of this dynamic dyad This volume brings the sky and air into the view of visual sociology and argues that there is more to the sky than phenomenological and geopolitical dimensions The chapters use the common thread of aerial visibilities to emphasise the need to rethink the aerial in terms of complex relations between humans technological artefacts and devices vertical superstructures and non human others This rethinking helps unsettle notions of aerial biopolitics The chapters in this book foreground the visual to ask to what end the image of or efforts to create images through vertical registers shapes our understanding of the vertical world the communities and users this vertical world engages or impacts upon This book will be of interest to students and researchers in the fields of visual sociology geography urban studies media studies anthropology and cultural studies as well as those exploring the intersection of technology politics and spatial theory The chapters in this book were originally published in *Visual Studies Handbook of Aging, Health and Public Policy* S. Irudaya Rajan,2025-09-30 This handbook presents the latest information on all aspects of global aging with a focus on Asia including policies age associated diseases and conditions health services long term care living arrangements income and social security preventing abuse and the impact of migration on the elderly Furthermore the book presents a synthesis of research on population aging social protection policies crimes against the elderly new analyses of trends and discussions of major social policy strategies Written by academics practitioners and policymakers in the field of gerontology the book offers an informative resource for demographers gerontologists economists anthropologists and other social scientists studying various facets of aging as well as students in the social and health sciences

The Internet, Development, Human Rights and the Law in Africa Danwood Chirwa,Caroline Ncube,2023-03-17 This book tracks and critiques the impact of the internet in Africa It explores the legal policy implications of and legal responses to the internet in matters straddling human rights development trade criminal law intellectual property and social justice from the perspective of several African countries and the region Well known and emerging African scholars consider whether access to the internet is a human right the implications on the right to privacy e commerce cybercrime the opportunities and dangers of admitting electronic evidence the balancing of freedom of expression with the protection of intellectual property and how different African legal systems address this tension This book will be an invaluable resource for a wide range of stakeholders including researchers scholars and postgraduate students policymakers and legislators lawyers and judicial officers crime fighting agencies national human rights institutions civil society organisations international and regional organisations and human rights monitoring bodies

Eurasian Economic Perspectives Mehmet Huseyin Bilgin,Hakan Danis,Ender Demir,Ugur

Can,2019-04-03 This volume of Eurasian Studies in Business and Economics includes selected papers from the 22nd Eurasia Business and Economics Society EBES Conference in Rome It gathers scholarly contributions on the latest applied economics research from developing countries such as Croatia Poland the Baltic and ASEAN countries which tend to be underrepresented in the current literature Both the theoretical and empirical papers in this volume cover diverse areas of economic research from various regions The main focus is on sharing the latest findings on empirical industrial organization in particular the economics of innovation regional economic development dynamics and banking sector reforms in developing countries

Internal Displacement and the Law Walter Kälin,2023-06-26 The world faces more than 60 million people displaced by armed conflict and disasters as of 2022 Climate change is set to trigger large scale displacement in the future Internal Displacement and the Law discusses to what extent the present law can contribute to preventing responding to and resolving internal displacement and protecting the rights of these internally displaced persons IDPs It also identifies its weaknesses and examines ways to improve action The book s analysis reflects the realities of internal displacement and the challenges faced by displaced individuals and communities their hosts governments and international actors Assessing the UN Guiding Principles on Internal Displacement and the Kampala Convention on the Protection and Assistance of Internally Displaced Persons in Africa this enlightening volume investigates the relevance of international human rights and humanitarian law to the problem of displacement with an eye toward durable solutions In line with its human rights approach this work promotes a narrative that based on the concept of sovereignty as responsibility emphasizes the primary responsibility of states to address the needs of IDPs and views them as citizens with rights and agency rather than as vulnerable beneficiaries of humanitarian action The author concludes that the body of relevant law amounts to an emerging legal regime on internal displacement whose substantive norms are largely adequate but which faces specific institutional challenges at domestic and international levels that weaken efforts to address the plight of IDPs

World Agricultural Resources and Food Security Andrew Schmitz,P. Lynn Kennedy,Troy G. Schmitz,2017-07-26 This volume analyzes food security issues such as agricultural policy global agricultural trade international agricultural research and development biotechnology climate change food waste and nutrition guidelines

Sustainable Development and Human Security in Africa Louis A. Picard,Terry F. Buss,Taylor B. Seybolt,Macrina C. Lelei,2015-04-22 Many new development initiatives have been introduced in Africa over the past few decades Each of these has been heralded as marking a new era in the continent s development However many of these initiatives have failed to produce sustained results due to numerous challenges including most importantly the lack of good governance The Africa P

At Risk of Deprivation Jonas Bergmann,2023-10-19 This open access book examines how and why various forms of climate im mobilities can impact people s objective and subjective well being Worsening climate impacts are forcing subsistence farmers worldwide to decide between staying or leaving their homes This mixed methods study analyzes cases of climate related migration displacement relocation and

immobility in Peru's coastal highland and rainforest regions. The results reveal that numerous farmers experienced profound and often negative well-being impacts regardless of whether they stayed or migrated. The higher the structural constraints such as weak governance and the more damaging the climate impacts were, the higher the risk of well-being declines. Additionally, the affected individuals often had limited agency and ability to mitigate losses. These findings challenge the notion of migration as adaptation and emphasize the importance of safeguarding the human rights and security of those affected while addressing loss and damage. Without significant investments in such efforts, climate impacts could sharply diminish the well-being of numerous subsistence farmers worldwide, irrespective of whether they stay or migrate.

Routledge Handbook of Diaspora Studies Robin Cohen, Carolin Fischer, 2018-09-03. The word diaspora has leapt from its previously confined use, mainly concerned with the dispersion of Jews, Greeks, Armenians, and Africans away from their natal homelands, to cover the cases of many other ethnic groups, nationalities, and religions. But this horizontal scattering of the word to cover the mobility of many groups to many destinations has been paralleled also by vertical leaps, with the word diaspora being deployed to cover more and more phenomena and serve more and more objectives of different actors. With sections on debating the concept, complexity, home and home-making, connections, and critiques, the Routledge Handbook of Diaspora Studies is likely to remain an authoritative reference for some time. Each contribution includes a targeted list of references for further reading. The editors have carefully blended established scholars of diaspora with younger scholars looking at how diasporas are constructed from below. The adoption of a variety of conceptual perspectives allows for generalization, contrasts, and comparisons between cases. In this exciting and authoritative collection, over 40 scholars from many countries have explored the evolving use of the concept of diaspora, its possibilities, as well as its limitations. This Handbook will be indispensable for students undertaking essays, debates, and dissertations in the field.

Fuel your quest for knowledge with is thought-provoking masterpiece, Dive into the World of **Handbook Of International Security And Development Elgar Original Reference** .
