Legendlore - Volume 1: The Realm Chronicles - Timeslip Ralph Griffith, Stuart Kerr, 2019-08-29 Four normal modern day teenagers are plunged into a world they thought only existed in novels and film They are whisked away to a magical land where dragons roam the skies orcs and hobgoblins terrorize travelers where unicorns prance through the forest and kingdoms wage war for dominance It is a world where man is just one race joining other races such as elves trolls dwarves changelings and the dreaded night creatures who steal the night Not a typical dungeons and dragons world for this story follows the adventures of these teens into the unknown as we watch the world unfold with their eyes It is a world that is foreign to them We learn as they learn And what hope do these teens have in this strange Middle Earth world How can they survive against wizards dwarves halflings dragons and trolls if they had a hard time making it in high school It is a world of fantasy Of imagination It is the Realm It is Legendlore From Caliber Comics now comes the entire Realm and Legendlore saga as a set of volumes that collects the long running critically acclaimed series In the vein of The Lord of The Rings and The Hobbit with elements of Game of Thrones and Dungeon and Dragons This book collects The Realm Volume One issues 1 5 A great adventure comic there s an audience out there just waiting for a book of this caliber and you owe it yourself to be a part of that audience Comic Shop News

Effective Fund-Raising Management Kathleen S. Kelly, 2012-12-06 In a groundbreaking departure from existing works almost all of which are how to manuals based on anecdotal evidence this is the first academic textbook on fund raising By integrating practical knowledge with social science theory and research it presents a comprehensive approach to the function from its legal and ethical principles to the managerial process by which gifts are raised Territory previously uncharted in the literature is explored such as the historical and organizational contexts of contemporary practice Explanations of programs techniques and publics introduce a new system for understanding fund raising s major concepts Unlike efforts in established fields most of the material represents original scholarship undertaken to produce a first time text The book s main purpose is to teach students about fund raising a high demand high paying occupation that will continue to expand into the 21st century as the need for trained practitioners exceeds the supply During the last decade fund raising education moved into the formal classroom and away from an apprenticeship tradition of senior practitioners mentoring newcomers Yet until now there has not been a textbook to support this evolving professionalism Faculty have been reluctant to define fund raising as an academic subject in the absence of a theory based teaching resource and courses usually have been assigned to part time instructors hired from the practice This textbook addresses the void It is designed for graduate and upper level undergraduate courses dealing with fund raising as a primary or secondary subject Among its features each chapter points out research gaps and opportunities such as problems and theories for master s theses and doctoral dissertations and ends with a list of suggested readings The text is appropriate for the diverse academic areas in which fund raising nonprofit management and philanthropy are taught including public administration management
