The Portrait of a Lady is the story of a spirited young American woman Isabel Archer who in affronting her destiny finds it overwhelming She inherits a large amount of money and subsequently becomes the victim of Machiavellian scheming by two American expatriates Like many of James s novels it is set in Europe mostly England and Italy Generally regarded as the masterpiece of James s early period this novel reflects James's continuing interest in the differences between the New World and the Old often to the detriment of the former It also treats in a profound way the themes of personal freedom responsibility and betrayal Excerpt from Wikipedia
