Los Poemas De Alvaro Campos 2 Obras Fernando Pessoa:

Fernando Pessoa : The Bilingual Portuguese Poet Anne Terlinden, 1990 The purpose of this book is to shed light on the rather unexplored English facet of Fernando Pessoa considered one of the major Portuguese poets of the twentieth century The originality of this study also lies in its extensive use of unpublished documents Out of the bulk of Pessoa's English writings *The Mad Fiddler* has been selected it offers not only poems of better quality than most of his writings in English but it also has the advantage of being a complete and coherent suite of mystical poems A systematic comparative study of the themes in *The Mad Fiddler* and in the poems by the four Portuguese heteronyms reveals a clear continuity and shows that Pessoa's bilingual Poetry is based on his main ontological quest which he tried to solve by means of his dramatic scattering into masks After this comparative analysis the individuality of *The Mad Fiddler* is defined Following an overview of the unpublished English writings found in the Pessoaan legacy *The Mad Fiddler* is analysed by means of Pessoa's own unpublished comments An investigation of Pessoa's private French library and of his unpublished Literary Appreciations proves how fully he understood the impact of Symbolism on the evolution of Modern Art *The Mad Fiddler* could indeed be viewed as an English echo of Pessoa's interest in modern trends in Literature and as a kind of English microcosm of Pessoa's aesthetic theory

Yeats and Pessoa Patricia Silva-McNeill, 2017-07-05 W B Yeats and Fernando Pessoa 1888 1935 regarded style as a tool for metaphysical inquiry and consequently they adopted distinct poetic styles to convey different attitudes towards experience Silva McNeill's study examines how the poets stylistic diversification was a means of rehearsing different existential and aesthetic stances It identifies parallels between their styles from a comparative case studies approach Their stylistic masks allowed them to maintain the subjectivity and authenticity associated with the lyrical genre while simultaneously attaining greater objectivity and conveying multiple perspectives The poets continuously transformed the fond and form of their verse creating a protean lyrical voice that expressed their multilateral poetic temperament and reflected the depersonalisation and formal experimentalism of the modern lyric
