energized intention near the mind's source of subtle energy. In this way we amplify the intention to win a lottery. Of course we could amplify any intention including those for better health or world peace. We decided on lottery prediction not because it was easy but because it was difficult and because the results are quantitative not subjective. In developing the skill of prophetic vision to win a lottery we use an energized intention activated as close to the mind's Source of subtle energy as possible. To get close to the Source we use mantras. These mantras resonate frequencies that are specific to the results we seek. In this case we use the Lakshmi Mantra used since antiquity to enhance one's abilities at games of chance. Once close to the source we activate an energized intention. The intention is energized with emotion and bright sense visualizations. We perform this meditation just before retiring enhancing our dreams allowing us to predict a winning number. In this way we use subtle energies to win the lottery. Larry Vingelman Author **The Lottery Number Dream Book** Charles White,1997-01-01
