Recommended by Choice Enterprising Youth examines the agenda behind the shaping of nineteenth century children s perceptions and world views and the transmission of civic duties and social values to children by adults The essays in this book reveal the contradictions involved in the perceptions of children as active or passive as representatives of a new order or as receptacles of the transmitted values of their parents The question then is whether the business of telling children s stories becomes an adult enterprise of conservative indoctrination or whether children are enterprising enough to read what many of the contributors to this volume see as the subversive potential of these texts This collection of literary and historical criticism of nineteenth century American children s literature draws upon recent assessments of canon formations gender studies and cultural studies to show how concepts of public private male female and domestic foreign are collapsed to reveal a picture of American childhood and life that is expansive and constrictive at the same time *Merry Christmas!* Karal Ann Marling,2001-12-20 Christmas wouldn t be the same without the things This book examines why the trees cards wrapping paper toy villages and Macy s holiday parade play such an important role in the festivities Through the medium of mass culture Christmas is here primarily defined as a secular celebration **A Treasury of Family Christmas Stories** ,2000-11
