Love And Sleep Aegypt:

Love & Sleep John Crowley, 2008-01-29 An occult historian's journey of discovery continues in the second volume of this renowned literary fantasy series by a deliciously elegant writer Kirkus In *The Solitudes* John Crowley introduced readers to Pierce Moffett a scholar whose area of expertise lies beyond the realm of our daily reality a land of the imagination known as gypt Retreating to the quiet of upstate New York Moffett discovers the works of Fellows Kraft an uncanny source of hermetic revelations Now in *Love Sleep* Moffett begins to understand the true importance and power of his studies His search for a secret history of the world has brought him to the threshold of a new era one in which magic works and angels speak to humankind John Crowley's gypt Cycle is widely regarded as a masterpiece of fantasy literature Harold Bloom included both *The Solitudes* and *Love Sleep* in his *Western Canon* *Esotericism in Western Culture* Wouter J. Hanegraaff, 2025-05-29 This accessible introduction by the world's leading expert explains why the study of esotericism is not a marginal pursuit but belongs at the center of modern research in the humanities Reflecting updates in the field since the foundational publication *Western Esotericism A Guide for the Perplexed* 2013 Wouter J Hanegraaff demonstrates that the exclusion of rejected knowledge from normative accounts of Western civilization is the reflection of a narrow Eurocentric ideology that became the template for discrediting and ultimately destroying so called primitive cultures associated with superstition and pagan idolatry during the global colonial age Rejecting this rejection of rejected knowledge means restoring the suppressed to its legitimate place in history and cultural analysis Through this approach Wouter J Hanegraaff depicts a radically inclusive vision of the Greater West and its forgotten histories from pagan antiquity through Jewish Christian and Islamic cultures up to secular modernity and beyond *In Hazard* Richard Hughes, 2012-08-29 The *Archimedes* is a modern merchant steamship in tip top condition and in the summer of 1929 it has been picking up goods along the eastern seaboard of the United States before making a run to China A little overloaded perhaps the oddly assorted cargo includes piles of old newspapers and heaps of tobacco the ship departs for the Panama Canal from Norfolk Virginia on a beautiful autumn day Before long the weather turns unexpectedly rough rougher in fact than even the most experienced members of the crew have ever encountered The *Archimedes* it turns out has been swept up in the vortex of an immense hurricane and for the next four days it will be battered and mauled by wind and waves as it is driven wildly off course Caught in an unremitting struggle for survival both the crew and the ship will be tested as never before Based on detailed research into an actual event Richard Hughes's tale of high suspense on the high seas is an extraordinary story of men under pressure and the unexpected ways they prove their mettle or crack Yet the originality art and greatness of *In Hazard* stem from something else Hughes's eerie fascination with the hurricane itself the inhuman force around which this wrenching tale of humanity at its limits revolves Hughes channels the furies of sea and sky into a piece of writing that is both apocalyptic and analytic *In Hazard* is an unforgettable defining work of modern adventure *Scores* John Clute, 2016-11-24 For more than 50 years John Clute has

been reviewing science fiction and fantasy As Scores demonstrates his devotion to the task of understanding the central literatures of our era has not slackened There are jokes in Scores and curses and tirades and apologies and riffs but every word of every review in the end is about how we understand the stories we tell about the world Following on from his two previous books of collected reviews Strokes and Look at the Evidence this book collects reviews from a wide variety of sources but mostly from Interzone the New York Review of Science Fiction and Science Fiction Weekly Where it has seemed possible to do so without distorting contemporary responses to books these reviews have been revised sometimes extensively 125 review articles over 200 books reviewed in more than 214 000 words *The Encyclopedia of Fantasy* John Clute, John Grant, 1999-03-15 Like its companion volume *The Encyclopedia of Science Fiction* this massive reference of 4 000 entries covers all aspects of fantasy from literature to art *Magill's Guide to Science Fiction and Fantasy Literature: The absolute at large* ,1996 These four volumes cover 791 books or series 238 of them published during the 1980s and 1990s the entries are 1 000 words long for single books and 1 500 for series with a one sentence summary beginning each entry followed by bibliographical information Volume 4 contains an extensive bibliography of critical works on science fiction and fantasy a list of major award winners a genre index Booklist *Magill's Guide to Science Fiction and Fantasy Literature* T.
