## **Loyalty And Disloyalty:**

**Loyalty and Disloyalty** Dag Heward-Mills, 2008-07-30 Dag Heward Mills uses his practical experience in the ministry and writes about the huge impact loyalty and disloyalty have in churches. He uses the Lighthouse churches which he founded as an example because many people wonder how it is possible to sustain churches that are all over the world with him being in Ghana. He says that much of the system depends on loyalty. The ministers are loyal to the Lord, to him, and to the Lighthouse vision, and that is why it works. Find everything about loyalty and disloyalty in this book and how to recognize a loyal or disloyal assistant but also about the good fruit of loyalty. Surely it is God's desire that a pastor become a leader who has a purpose and is consistent in his personal life and ministry. With this book, leaders will have the needed tools to achieve victory and confidence. This book has been praised by many pastors and church leaders, and words such as life-changing book, tremendous impact, and apostolic foundation have been used to describe *Loyalty and Disloyalty: A Leader's Manual on Loyalty and Disloyalty* Dag Heward-Mills, 2016-06. Proven principles and strategies thoroughly discussed and the underlying logic behind them made transparent. A valuable resource for any minister. An excellent reference and practical guide. An authoritative handbook to establish churches. Invaluable tips for training laity to perform priestly functions. Helpful hints on how to prevent church splits. **Loyalty and Disloyalty** D. A. G. Imagine yourself transported to live with an early human hunter-gatherer group of 100 or so individuals back about 250 000 years ago. Think of them as similar to one of the few forager societies still in existence today. As a basis for this exercise, it will do for now. Can you see any reason why human actions and emotional reactions to those around them in the group were likely to be fundamentally different then to our relationships now? No, me, neither, and so you and I should fit in there pretty well. The theme of this book is simple enough. I hope back then the group and loyalty to it was our whole world, was everything, because without it you would starve to death or be killed by predators. Loyalty to the group was everything, and disloyalty was a crime, the only crime. My proposition is that that same disloyalty projected forward into the enormous groups called countries we live in today must still be the basis of most, if not all, crimes. Therefore, loyalty and disloyalty must also lie at the core of human morality. The same feelings now as then, the same reaction in you as in me, we stretch out the same accusing finger, you and I, we point, and we say that is wrong. And despite all the arguments we humans have over right and wrong, there is a point, a split second, as it were, in those disagreements when we all point at the

same thing at the same derivative of Disloyalty I put it to you that this same thing is nothing other than the basis of human morality all of it in every society everywhere      *Loyalty and Disloyalty* D.
