Dad's Guide to Becoming Rich...Without Cutting Up Your Credit Cards Robert T. Kiyosaki,Sharon L. Lechter,2000-11-01 Why
cutting up your credit cards won't make you rich A popular TV personality often says Take out your credit cards and cut them
into pieces While that is sound advice for people who are not financially responsible it is inadequate advice for anyone who
wants to become rich or financially free In other words just cutting up your credit cards will not make you rich What does
make you rich is financial education unfortunately a type of education we do not receive in school If a person has a solid
financial education they would know that there are two kinds of debt good debt and bad debt A person with a sound financial
education would know how to use good debt to make them richer faster much faster than a person who only saves money and
has no debt Rich Dad's Guide to Becoming Rich Are you in credit card debt Is job security dead Is your financial security
threatened Is a high paying job the answer Is your money working for you Do you have good debt or bad debt We all need
more financial education We need to know how to have our money work hard for us so we don't have to spend our lives
working for money That is why we need more sophisticated financial education not oversimplified and childish financial tips

such as cut up your credit cards or save more money If you are ready to increase your financial education and enjoy your credit cards then this book is for you *Book Review: Rich Dad Poor Dad by Robert Kiyosaki* 50minutes,2017-05-24 It can be hard for busy professionals to find the time to read the latest books Stay up to date in a fraction of the time with this concise guide Rich Dad Poor Dad by Robert Kiyosaki is one of the bestselling books of this generation and is now taught in business schools around the world What makes it so special The answer is undoubtedly Kiyosaki's unique writing style the book not only offers financial advice but also entertaining anecdotes about his childhood and the lessons he learnt from his real dad his poor dad and a father figure his rich dad Kiyosaki is the founder of the Rich Dad Company which provides personal finance education through books films games and workshops teaching people the importance of entrepreneurship and escaping the rat race This book review and analysis is perfect for Anyone wanting to understand more about active and passive income Anyone looking to escape the rat race Anyone who wants financial advice from a self made millionaire About 50MINUTES.COM BOOK REVIEW The Book Review series from the 50Minutes collection is aimed at anyone who is looking to learn from experts in their field without spending hours reading endless pages of information Our reviews present a concise summary of the main points of each book as well as providing context different perspectives and concrete examples to illustrate the key concepts **Summary Rich Dad Poor Dad Robert Kiyosaki** The global store,2020-11-04 Summary Rich Dad Poor Dad general information Robert Kiyosaki had two fathers a rich one and a poor one One was highly educated with a Ph D and so intelligent he completed his undergraduate degree in only two years The other father didn't even finish the eighth grade While both men worked hard were successful and earned a lot of money there was always one who struggled with money And the other dad well he became one of the richest people in Hawaii By having two dads with entirely different mindsets Kiyosaki found himself comparing the two dads a lot It was hard to figure out which dad he should listen to Neither had found success yet And both were experiencing financial struggles as they were still early in their careers Schools don't provide financial education Thus causing the poor and middle class to be in debt If millions of people need financial or medical assistance Medicare and Social Security may run out Transitioning from the mindset of I can't afford it to How can I afford it forces you to think instead of letting yourself off the book What will you gain 1 Change your way of thinking from a poor mentality to a rich mentality 2 Notice a range of opportunities in your surroundings 3 Make plans and commitments that you cannot overlook 4 Use your time more for good things 5 Gain good habits 6 Avoid bad habits 7 Achieve financial freedom and more I will not burn steps more find out for yourself **Rich Dad's Advisors: The ABC's of Property Management** Ken McElroy,2008-09-12 So you've made your real estate investment now the question is How are you going to make it successful Maximize its potential Make it grow One word management Hundreds of thousands know bestselling author Ken McElroy as a real estate investment tycoon in his new book he reveals the key to his success exceptional property management and teaches you its most important principles showing you how to fundamentally succeed
