Holy Work with Children Tanya Marie Eustace Campen,2021-06-29 Children are theologians with the ability to recognize and respond to God s presence in their lives Listening to the stories of children helps us to understand how children make meaning out of God s presence and reveals tools that children use as they claim their faith With this knowledge adults can then better promote and encourage children s spiritual growth Offering a theology of childhood Holy Work with Children values the child s role in the Body of Christ and God s transformative work Dr Campen invites readers to consider How does

listening to children teach us about God and faith formation What wisdom and insight do children offer to all of us by how they seek understanding of God and God's presence in their lives How can we guide and support the children in our communities in this work Drawing on direct research with children as they think theologically this book extends both theological and educational research Holy Work with Children offers practical examples for how congregational leaders parents and those who journey with children can encourage and guide them as they make theological meaning and discover ways to respond to God's grace and love making a difference in their communities and the world Good Practice in Religious Education in Europe Peter Schreiner, Friedhelm Kraft, 2007 Case studies from different countries are presented in this book with examples of successful and innovative classroom practice in religious education in Primary Schools in Europe Religious education contributes to learning about religions that focuses on knowledge and understanding of religions and beliefs in the world today and learning from religions that offers students opportunities for personal reflection and spiritual developments and also to learning through religions that brings these aims together in a more integrated way different approaches to religious education in the countries The articles underline the relation between religious education the wider curriculum and whole school initiatives **Stories of God at Home** Jerome W. perspective of theology and psychology In the process the book asks how in contemporary Britain we encourage and nurture children s faith and how we might better equip today s children to understand and explore for themselves the world in which they are growing up The sacramental rites of anointing and initiation baptism confirmation and ordination provide the theological basis for the book and the main stages of childhood infancy and early childhood middle childhood and adolescence offer a framework for reflecting on these rites The authors draw from a wealth of personal and professional stories to explore the multiple tensions and opportunities of childhood today *Faithful Celebrations* Sharon Ely Pearson,2019-04-17 Add meaning to family celebrations and create new ones Multiple resources for church home and community celebrations Multi generational Holidays and family events are times for celebration learning rituals food and fun This edition of Faithful Celebrations focuses on the months of May June and July when secular holidays inspire us to gather to celebrate God s creation our freedom and our families Key ideas activities materials background information music art recipes and prayer resources are all included for small intimate or large multi generational groups as many festivities bring several generations together at church at home and in our communities Celebrate occasions like International Women s Day Cinco de Mayo Mother s Day Father s Day Memorial Day Summer Solstice and July 4th in thoughtful inclusive and innovative ways **The Grandparenting Effect** Trevecca Okholm,2020-07-21 Whatever life gives you and wherever life takes you there is always a story Life and relationships all begin and are sustained in the context of a story This is not a how to do it right book as much as it is a book of stories personal stories from the author biblical stories and stories of ordinary grandparents and grandchildren who have been willing to share their own stories with which you may be able to identify and be encouraged in your own adventures of grandparenting This is a book for everyone that either has biological grandchildren or has the potential to influence the lives of non biological youth and children in the role of grandparenting This is also a book for churches to consider while planning for ministry to bring generations together in meaningful interactions and in doing so to create space for generations to share their stories and share in God s overarching Story of reconciling the world one story at a time
