| 1. I Do   | Teacher Modelling      | Teacher models the task by breaking it down into clear, understandable steps. Students observe, take notes and ask questions.                                                        |
| 2. We Do  | Co-Construction        | Teacher and students complete task in groups. Students are encouraged to ask questions, predict the next steps, plan ahead and debate the best ways to complete the task.            |
